ENDNOTES FOR LWO SUBCONTRACTOR INFORMATION FORM

- ¹ Non-Profit 501(c)(3) Organizations: A corporation claiming exemption under Section 10.37.1(g) of the LWO as a corporation organized under Section 501 (c)(3) of the United States Internal Revenue Code must provide the following additional documents in support of the application for exemption:
- (A) A copy of the most recent IRS letter indicating that the contractor has been recognized as a non-profit corporation organized under section 501 (c)(3) of the United States Internal Revenue Code.
- (B) An application for non-coverage or exemption, including the non-profit salary certification on the form referred to in Appendix A. The salary certification must list the salary of the corporation's chief executive officer (CEO), computed on an hourly basis, and the hourly wage rate of the lowest paid worker in the corporation. The salary of the CEO, when computed on an hourly basis, must be less than 8 times what the lowest paid worker is paid on an hourly basis. For purposes of this exemption, the "chief executive officer (CEO)" means the CEO of the 501(c)(3) corporation that entered into the agreement
- ² One-Person Contractor: A contractor may apply for exemption under Section 10.37.1(f) of the LWO if that contractor has no employees. The one-person contractor shall submit an application for non-coverage or exemption to the awarding authority on the form referred to in Appendix A with the appropriate one-person contractor certification. If, subsequent to the approval of the exemption application, the contractor hires any employees, the exemption is no longer valid. Any employee the contractor hires becomes covered by the LWO to the extent that the employee performs work on the City agreement. In such cases, the contractor shall notify the awarding authority of the change in circumstances and submit to the awarding authority all the necessary forms to comply with the LWO reporting requirements, including the employee and subcontractor information forms.
- ³ Exemption by Collective Bargaining Agreement LAAC 10.37.12: An employer subject to provisions of the LWO may, by collective bargaining agreement (CBA), provide that the CBA, during its term, shall supersede the requirements of the LWO for those employees covered by the CBA. The provisions of the LWO should not be interpreted to require an employer to reduce the wages and benefits required by a collective bargaining agreement. All parties to the CBA must specifically waive in full or in part the benefits required by the LWO. An employer applying for this exemption shall submit a copy of the CBA. If the CBA does not specifically indicate that the LWO has been superseded, the employer shall submit written confirmation from the union representing the employees working on the agreement that the union and the employer have agreed to let the CBA supersede the LWO.
- (A) Provisional Exemption from LWO during negotiation of CBA: An employer subject to the LWO may apply for Provisional Exemption from the LWO if the employer can document that: (1) the union and the employer are currently engaged in negotiations regarding the terms of the CBA; and (2) the issue of allowing the CBA to supersede the LWO has been proposed as an issue to be addressed during the negotiations. If granted, Provisional Exemption status is valid until the end of the negotiation process, including, if applicable, impasse resolution proceedings. During the negotiation process, the employer shall provide, upon request from the OCC, status reports on the progress of negotiations. At the end of the negotiation process, the employer shall provide the OCC with a copy of the final CBA to verify whether the LWO has been superseded, and the effective dates of the CBA.
- (i) If the final CBA signed by the employer and the union supersedes the LWO, the employer shall be considered to be exempt from the LWO's wage and benefits provisions for the time period covered by the effective dates of the superseding CBA. The employer remains subject to all applicable provisions of the LWO for the time period not covered by the superseding CBA. If the employer has not complied with the LWO requirements during the time period not covered by the superseding CBA, the employer shall be required to make retroactive corrections for any period of non-compliance, which may include making retroactive payments to affected employees for the relevant periods of non compliance.
- (ii) If the final CBA signed by the employer and the union does not supersede the LWO, the employer shall be required to comply with all applicable LWO requirements, including the wage and benefits provisions. Compliance shall also be required retroactively to the date that the employer first became subject to the LWO. If necessary, the employer shall provide retroactive payments to affected employees for any time period during which the employer did not comply with the LWO.
- ⁴ Occupational license LAAC 10.37.1(f): Exemptions for Employees Requiring Occupational Licenses: If an employer claims that the LWO does not apply to an employee pursuant to section 10.37.1(f) because an occupational license is required of the employee to perform the work, the employer shall submit to the awarding authority, along with the application for non-coverage or exemption, a list of the employees required to possess an occupational license, the type of occupational license required, and a copy of the occupational license itself. An exemption granted under this provision exempts only the employee who must possess an occupational license to perform work on the City agreement. If an occupational license is not required of an employee to perform the work, the employee remains covered by the LWO.
- ⁵ Small Business Exemptions for Public Lessees and Licensees LAAC 10.37.1(i): A public lessee or licensee claiming exemption from the LWO under section 10.37.1(i) shall submit the small business application for exemption form referred to in Appendix A along with supporting documentation to verify that it meets both of the following requirements:

(A) The lessee's or licensee's gross revenues from all business(es) conducted on the City premises for the calendar year prior to the date of the application for exemption do not exceed the gross annual revenue amount set by the LWO in Section 10.37.1(i). That gross revenue amount shall be adjusted annually according to the requirements of the LWO. The gross revenue amount used in evaluating whether the lessee or licensee qualifies for this exemption shall be the gross revenue amount in effect at the time the OCC receives the application for exemption.

A public lessee or licensee beginning its first year of operation on a specific City property will have no records of gross annual revenue on the City property. Under such circumstances, the lessee or licensee may qualify for a small business exemption by submitting proof of its annual gross revenues for the last tax year prior to application no matter where the business was located, and by satisfying all other requirements pursuant to these regulations and the LWO.

A lessee or licensee beginning its first year of operation as a business will have no records of gross annual revenue. Under such circumstances, the lessee or licensee may qualify for a small business exemption by satisfying all other requirements pursuant to these regulations and the LWO.

- (B) The lessee or licensee employs no more than seven (7) employees.
- (i) For purposes of this exemption, a lessee or licensee shall be deemed to employ a worker if the worker is an employee of a company or entity that is owned or controlled by the lessee or licensee, regardless of where the company or entity is located; or if the worker is an employee of a company or entity that owns or controls the lessee or licensee, regardless of where the company or entity is located.

Whether the lessee or licensee meets the seven (7) employee limit provided for in Section 10.37.1(i) of the LWO shall be determined using the total number of workers employed by all companies or businesses which the lessee or licensee owns or controls, or which own or control the lessee or licensee. Control means that one company owns a controlling interest in another company.

- (ii) If a business operated by the lessee or licensee is part of a chain of businesses, the total number of employees shall include all workers employed by the entire chain of businesses unless the business operated by the lessee or licensee is an independently owned and operated franchise.
- (iii) A public lessee or licensee shall be deemed to employ no more than seven (7) employees if its entire workforce (inclusive of those employees falling within the guidelines stated in subsections (i) and (ii) immediately above) worked an average of no more than 1,214 hours per month for at least three-fourths of the time period that the revenue limitation provided for in section 10.37.1(i) is measured.

Until the OCC approves the application for exemption, the lessee or licensee shall be subject to the LWO and shall comply with its requirements. If the OCC approves the application, the lessee or licensee shall be exempt from the requirements of the LWO for a period of two years from the date of the approval. The exemption will expire two years from the date of approval, but may be renewable in two-year increments upon meeting the requirements.

Governmental Entities – LAAC 10.37.1(g): Agreements with governmental entities are exempt from the requirements of the LWO. If an agreement is exempt from the LWO because the contractor is a governmental entity, subcontractors performing work for the governmental entity on the agreement are also exempt.
