It is my understanding
~~that~~ that Dr. Fred Pickel is
up for RE appointment of
of the department - I
would like encourage the
committee to MOST POSITIVELY
REAPPOINT him. As a
consumer who has had
deals with the department
agency I have nothing
but *PRAISE.

as a poor citizen on a fixed
budget + having health
issues; I could not have
dealt with them without
help from you. In addition your
aid Camden Collins to help
me "navigate" your head's
on approach has been a
BLESSING!!

advocating for people
like me is such a

II

necessity! I am sure
I am not the only one
you & your department
has had a positive impact.

Hoping you have many
years ahead with
guiding the department as
you have - I thank you!
Sincerely, John Sumner
