Dear Susie:

Please accept and share with the members of the Los Angeles City Health Commission my deep thanks and praise for the tremendous work you have, as reflected in the 2015-2016 Final Report.

I just finished reading the report, and I was impressed at the scope of the work, the thoughtfulness of the recommendations, and the comprehensive approach to improving the health of the people and the neighborhoods of Los Angeles. I was particularly grateful for the commission's recommendations on homelessness, and the commission's support for Vision Zero.

The work you and your colleagues have done would have made Bill Rosendahl proud, and I am deeply appreciative that you dedicated the report to his memory.

I am hopeful that the City Council and the Mayor give due consideration to the report and its recommendations, and I am happy to use my perch on the council to advance the agenda for a healthy Los Angeles.

Warm Regards,

MIKE BONIN
