Post Pandemic Challenges

Challenges Continue for our Communities:

- **Economic Recovery and Inequality**
- **Healthcare Access and Strain**
- **Workforce Adaptation**

Healthcare Workforce and Access to Care

- **Latinos represent 8% and Latinas only 2% of physicians and 12% of registered nurses, while making up nearly 19% of the U.S. population.**
- **AltaMed leads in these efforts through the multiple pathway programs that include:**
 - **AltaMed School of Nursing Collaborative**
 - **Clinical Training Programs**
 - **And several Undergrad, Graduate, and Continuing Medical Education**

Senior Services and Value Based Care

- By 2030 all baby boomers will be age 65 or older.
- In Los Angeles, it is expected to increase significantly.
 - Los Angeles County's 2 million residents aged 60+ are expected to near 2.5 million (26% of the County's population) by 2030 and is expected to continue to increase to near 3 million by 2060 (35% of the County's population).

Healthcare Funding and Sustainability

- **Proposition 1:** \$6.4 billion investment in behavioral health, boosting mental health and substance use treatment in LA.
- **Housing Support:** Prop 1 funds housing for those with mental health needs, easing pressure on LA's emergency services.
- **Proposition 35:** Provides stable, predictable funding for community health centers, ensuring consistent care in LA.
- **Improved Access:** Prop 35 enhances reimbursement rates, expanding primary and specialty care for underserved groups in LA.

A photograph of three people in a professional setting. A woman in a teal long-sleeved shirt is leaning over a desk, pointing at a laptop screen. A man in a blue short-sleeved shirt is sitting at the desk, looking at the screen. Another man in a light blue short-sleeved shirt is sitting to the right, looking towards the laptop. The background is a blurred office or meeting room. The image has a green-to-purple gradient overlay.
