CITY CLERK FOR PLACEMENT ON NEXT
REGULAR COUNCIL AGENDA TO BE POSTED

#52

The Reimagine Ventura Boulevard Streetscape Project is a community-driven initiative to change a three-block segment between Royer Avenue and Sale Avenue in Woodland Hills into a neighborhood-scaled Main Street that supports local businesses. Changes include additional parking, enhanced landscaping, and other improvements.

Phase I of the project involved the installation of curb ramps, a new traffic signal, street resurfacing, new traffic/pedestrian signals, and a reconfiguration of the street to reduce speeding and to add parking. This phase has been completed, and was implemented by the Department of Transportation (LADOT).

Phase II is in the pre-design phase and will involve the installation of street trees, street furniture, upgraded sidewalks, medians, and upgraded curb ramps. Funding in the amount of \$400,000 was provided in the Fiscal Year 2023-24 Capital and Technology Improvement Expenditure Program for Phase II of the project.

On March 1, 2024, the Council adopted recommendations to transfer these funds to the Bureau of Street Services (StreetsLA) for the implementation of Phase II (C.F. 16-0149-S3). However, this funding was inadvertently swept at the end of Fiscal Year 2023-24. Action is required to reappropriate the funds to StreetsLA to perform the design activities during the current Fiscal Year.

I THEREFORE MOVE that the City Council, subject to the approval of the Mayor, AUTHORIZE the City Controller to reappropriate \$400,000 from Measure M Local Return Fund No. 59C-94, Account No. 94Y186 (Bureau of Street Services), to the following accounts within the Bureau of Street Services/StreetsLA Fund No. 100-86 for Phase 2 of the Re-imagine Ventura Streetscape Project in Woodland Hills:

- Appropriation Account No. 001010 (Salaries General) - \$350,000
- Appropriation Account No. 001090 (Overtime) - \$50,000

I FURTHER MOVE that StreetsLA be authorized to make any technical corrections or clarifications to the above funding instructions to effectuate the intent of this Motion.

The City's Crisis and Incident Response through Community-led Engagement (CIRCLE) program, is a twenty-four hour a day, seven days a week unarmed response program that deploys trained teams to address non-urgent calls for service related to unhoused individuals. The program began as a pilot in January 2022 in Hollywood and Venice and has since expanded to additional communities throughout the City.

The current provider, Urban Alchemy, holds a no-cost lease for a City-owned property at 6262 Van Nuys Blvd, Suite E that will expire when their contract ends on March 31. Once this contract ends CIRCLE will have a new provider, Sycamores. In order for CIRCLE to continue to provide their services a new lease agreement for this facility is needed with Sycamores.

I THEREFORE MOVE that the City Council direct the Department of General Services, with the assistance of the City Attorney and City Administrative Officer, to negotiate a new non-profit lease with Sycamores for the use of the City-owned space located at 6262 Van Nuys Blvd, Suite E, as part of the Crisis and Incident Response through Community-led Engagement (CIRCLE) Program.

Water seepage issues have been a long-standing issue along a segment of Temescal Canyon Road in Pacific Palisades. The City addressed roadway damage in 2023 after heavy rains through the construction of a system to divert water into a nearby storm drain (C.F. 23-0839). Unfortunately, water seepage issues were again occurring in mid-2024 and a new, critical situation occurred after the rains on January 25, 2025, approximately 100 feet south of the 2023 location.

The Bureau of Engineering must perform a hydrogeologic study to determine the quantity and movement of the groundwater that is causing the issue and prepare the necessary plans for a repair. Approval by the City Council and Mayor is required to appropriate the necessary funds for the study.

I THEREFORE MOVE that the Council, subject to approval of the Mayor, transfer \$100,000 within Capital Technology and Improvement Expenditure Program Fund No. 100/54 from Account No. 00V234 (Contingency for Construction) to Account No. 00A880 (Erosion Control for Hillside Damage) to perform a hydrogeologic study to address water seepage on a segment of Temescal Canyon Road.

I FURTHER MOVE that the City Administrative Officer be authorized to make any technical corrections or clarifications to the above fund transfer instructions in order to effectuate the intent of this Motion, including any corrections and changes to fund or account numbers.

MOTION ECONOMIC DEVELOPMENT & JOBS

The devastating windstorms and wildfires that raged through our communities starting January 7th, 2025, are projected to result in economic losses exceeding \$250 billion, becoming one of the costliest natural disasters in recent history. Beyond the overwhelming destruction of homes, this unprecedented local disaster shuttered small businesses, displaced workers, and disrupted the livelihood of many LA residents. The Federal Emergency Management Agency (FEMA) offers assistance to those with needs stemming from the fires, including funds to pay for emergency food and water, and help displaced residents pay for housing. However, FEMA is not offering relief to impacted businesses and workers.

The City and the County of Los Angeles are seeking to jointly launch two relief funds to offer critical assistance as a result of the windstorms and wildfires using a regional approach:

- **LA Region Small Business Relief Fund** to provide grants of up to \$25,000 to eligible small businesses and nonprofits to help cover immediate needs such as employee payroll, the purchase of equipment and inventory lost due to the disaster, and working capital to continue operations, among other eligible uses
- **LA Region Worker Relief Fund** to provide \$2,000 in emergency cash assistance to eligible displaced workers who have lost income due to business closures and evacuation orders as a result of the wildfires.

Funding is expected to derive from private philanthropic giving, and will be managed by Southern California Grantmakers, who was jointly selected by the City and County as fiscal administrator based on their experience and capacity to immediately carry out these types of activities. Oversight of the program will be led by the City's Economic and Workforce Development Department (EWDD) and the County's Department of Economic Opportunity (DEO). The City's BusinessSource and WorkSource Centers will be leveraged to conduct outreach and facilitate technical assistance. Further program details are available in the attached document.

Action is needed to provide immediate economic relief to support businesses and workers that were most impacted by the windstorms and wildfires.

I THEREFORE MOVE that the City Council:

1. AUTHORIZE the General Manager of the Economic and Workforce Development Department, or designee, to negotiate and execute a Memorandum of Understanding (MOU) with the County of Los Angeles Department of Economic Opportunity for the implementation of the LA Region Small Business Relief Fund and the Worker Relief Fund, defining the roles and responsibilities of each agency;
2. AUTHORIZE the General Manager of the Economic and Workforce Development Department, or designee, to negotiate and execute a contract with Southern California Grantmakers for the implementation of the LA Region Small Business Relief Fund and the Worker Relief Fund;
3. AUTHORIZE Southern California Grantmakers to accept philanthropic donations related to the windstorms and wildfires that started January 7th, 2025 for the benefit of the City and utilize the funds for the implementation of the LA Region Small Business Relief Fund and the Worker Relief Fund; and
4. AUTHORIZE the General Manager of the Economic and Workforce Development Department, or designee, to make amendments to the LA Region Small Business Relief Fund and the Worker Relief Fund, as needed based on incident impact data, for more effective implementation of the program.
