Recommendation for Council action, pursuant to Motion (Harris-Dawson, et al. – Price, et al.):

ADOPT, pursuant to Council Rule No. 77, the following changes to the Rules of the Los Angeles City Council:

- a. Add the following to the end of Council Rule No. 7:

Prohibition on Use of N-word and C-word Epithets

A public speaker may not use the N-word or C-word, or any variation of either of these words, in a Council or Committee meeting. To avoid ambiguity, the N-word is spelled "n" followed by "i" followed by "g" followed by "g" followed by "e" followed by "r." The C-word is spelled "c" followed by "u" followed by "n" followed by "t." Examples of variations of these epithets include, but are not limited to, the words' plural forms and words created by adding "-ish," "-y," "-ly" or "-ing" to create related adjectives, adverbs, verbs, or gerundives. Public speakers are prohibited from using the N-word and C-word and their variations even though the speakers would use the words to express a non-offensive, non-vulgar viewpoint. The first time a public speaker in a Council or Committee meeting uses the N-word or C-word, or its variation, the staffing City Attorney or presiding officer shall issue a warning to the public speaker that the word and its variations are proscribed and may not be used again in any Council or Committee meeting. If the speaker who received the warning uses the word or its variation again in that or any future Council or Committee meeting, the presiding officer shall re-issue the order, note that the officer's need to stop the meeting to re-issue the order has actually disrupted the meeting, and cut off the speaker's time to speak for the remainder of that meeting. The disruptive speaker is additionally subject to possible removal and exclusion as other provided in this Rule.

- b. Add the following to the end of Council Rule No. 63:

Prohibition on Use of N-word and C-word Epithets

Public speakers in Committee are subject to the same rules regarding the N-word and C-word as provided in Council Rule No. 7.

**[The Council may recess to Closed Session to confer with its legal counsel relative to the above matter based on a significant exposure to litigation, pursuant to Government Code Section 54956.9(d)(2) and (e)(3). (One potential case.)]**

**(Pursuant to Council Rule 77, an affirmative vote of two-thirds of all members of the Council shall be necessary to amend these Rules. Each proposed amendment shall be presented to the Council and then laid over one week before it can be adopted.)**

TRANSPORTATION COMMITTEE REPORT relative to modifying traffic signal timing citywide to operate with dwell recall, Transit Signal Priority, or preemption along at-grade rail lines, Bus Rapid Transit lines, and full-time and part-time transit lanes, and related matters.

Recommendation for Council action, pursuant to Motion (Raman, et al. – Harris-Dawson):

INSTRUCT the Los Angeles Department of Transportation (LADOT) to:

- a. Report to Council, in collaboration with the Los Angeles County Metropolitan Transportation Authority (Metro), within 60 days, with guidelines establishing dwell recall for signals along at-grade rail lines and Bus Rapid Transit lines.
- b. Report to Council, within 120 days, with a draft policy and implementation plan and timeline to modify signal timing citywide to operate traffic signals with dwell recall, Transit Signal Priority, or preemption along at-grade rail lines, Bus Rapid Transit lines, full-time transit lanes, and part-time transit lanes,

with the goal of reducing signal delay to transit vehicles and reducing transit end-to-end travel times to the greatest extent possible. The timeline should identify changes that can be made without new equipment (such as implementing dwell recall) to be implemented as soon as possible, followed by changes requiring equipment and larger capital costs, such as improvements to Transit Signal Priority and preemption. The report should also include a draft policy and implementation plan to provide automatic pedestrian and cyclist phasing for adjacent crosswalks, bike lanes, and bike paths that run parallel to the direction of trains or buses in a separate lane or guideway.

- c. Report to Council, within 180 days, with a “Transit First Policy” that incorporates the above guidelines and policies and guides all future design or modification of traffic signals citywide, with the adopted goal of reducing signal delay to transit vehicles and reducing transit end-to-end travel times as much as possible above all other considerations, excepting safety. The Transit First Policy would also guide the LADOT to work with Metro to upgrade to the type of signal prioritization or preemption that best meets the travel time goals of the policy. The policy should include a provision that deviations from these goals must be justified based on specific findings, on a case-by-case basis.
- d. Study how the impacts of the above policies proposed in this Motion (Raman, et al. – Harris-Dawson) affect speeds and timetables for transit services, and report this information to Council within one year of adoption of the policies proposed in said Motion, attached to the Council file.

GOVERNMENT OPERATIONS COMMITTEE REPORT relative to a proposed non-profit license agreement with Hathaway-Sycamores Child and Family Services, doing business as Sycamores (Sycamores), for the use of the City-owned space located at 6262 Van Nuys Boulevard, Suite E, to provide homelessness related services for the Mayor's Crisis and Incident Response through the Community-Led Engagement (CIRCLE) Program.

Recommendations for Council action:

1. FIND, pursuant to Los Angeles City Charter Section 371(e)(10) and Los Angeles Administrative Code Section 10.15(a)(10), that the use of competitive bidding would be undesirable and impractical for this contract:
  - a. Sycamores has been awarded the CIRCLE Program service contract through the Mayor's Office and is uniquely positioned to implement and manage program operations at the City-owned facility at 6262 Van Nuys Boulevard, with said location to serve as the primary dispatch center for outreach coordination and service delivery to individuals experiencing homelessness, ensuring an efficient and immediate response to community needs.
  - b. Given Sycamores' expertise in behavioral health services, crisis intervention, and street-based outreach, as well as its alignment with the Mayor's initiative, it is the most qualified and capable entity to operate from this facility, maximizing program effectiveness and community impact.
2. AUTHORIZE the Department of General Services to negotiate and execute a license agreement with Sycamores for the retail space located at 6262 Van Nuys Boulevard, Suite E, Van Nuys,

GOVERNMENT OPERATIONS COMMITTEE REPORT relative to a proposed lease agreement with the Los Angeles Police Federal Credit Union (LAPFCU) to provide banking services at the Los Angeles Police Department (LAPD) Ahmanson Recruit Training Center located at 5651 West Manchester Avenue.

Recommendations for Council action:

1. FIND, pursuant to Los Angeles City Charter Section 371(e)(10) and Los Angeles Administrative Code Section 10.15(a)(10), that the use of competitive bidding would be undesirable and impractical for this contract:
  - a. The LAPFCU has a long-standing history of providing comprehensive financial banking services exclusively for LAPD employees, ensuring secure, accessible, and specialized financial support tailored to their unique needs.
  - b. Given its strategic location within the LAPD Ahmanson Recruit Training Center, LAPFCU offers unparalleled convenience, familiarity, and trust, making it the most suitable provider for these essential services without

## MOTION

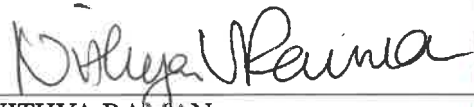

Elysian Housing, LLC (Borrower), on behalf of 5435 Balboa, LP, a California limited partnership or other ownership entity to be created by an affiliate of Elysian Housing, LLC for the purpose of owning the project described herein, has requested that the California Municipal Finance Authority (CMFA) issue one or more series of revenue bonds or notes in a principal amount not to exceed \$65,000,000 for the acquisition, development, construction, and equipping of a 116-unit multifamily housing project known as Oaks on Balboa (Project) located at 5435-5445 Balboa Boulevard in Council District 4.

As a condition to the City's approval of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) Resolution for the Project, the Owner of the property shall enter into a regulatory agreement (ADA Regulatory Agreement) with the City, which ADA Regulatory Agreement shall be recorded, to affirm that (a) the Project will comply with the Americans with Disabilities Act, 42 U.S.C. Section 12101 et seq. and the 2010 ADA Standards, Chapter 11A of Title 24 of the California Code of Regulations, Section 504 of the Rehabilitation Act of 1973, the Fair Housing Act of 1968 and the California Building Codes, (b) the Owner will not discriminate in its programs, services or activities on the basis of disability or on the basis of a person's relationship to, or association with, a person who has a disability, and (c) the Owner will provide reasonable accommodation upon request to ensure equal access and effective communication to its programs, services, and activities.

As provided in the Outside Issuer Guidelines of the Los Angeles Housing Department's (LAHD's) Affordable Housing Bond Policies & Procedures (Bond Policies), the City generally requires that all Qualified Residential Rental Projects in the City issue bonds through LAHD. The Bond Policies allow outside issuers to issue tax-exempt multifamily bonds for projects located in the City subject to conditions including execution of a Regulatory Agreement. The outside issuer and Borrower must agree to comply with all requirements of the City's Bond Policies.

**I THEREFORE MOVE** that the Council hold a Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) Hearing at the City Council Meeting to be held on Friday, May 9, 2025 and adopt the attached TEFRA Resolution to allow the California Municipal Finance Authority to issue bonds in an amount not to exceed \$65,000,000 to provide financing for the acquisition, development, construction, and equipping of a 116-unit multifamily housing project located at 5435-5445 Balboa Boulevard in Council District 4.

## RESOLUTION

B8

**WHEREAS**, any official position of the City of Los Angeles with respect to legislation, rules, regulations, or policies proposed to or pending before a local, state, or federal government body or agency must have first been adopted in the form of a Resolution by the City Council; and

**WHEREAS**, on January 7, 2025, a wildfire and windstorm event unprecedented in scope wreaked destruction across Los Angeles, with the Pacific Palisades, Eaton Canyon, Hurst, and the Hughes Fires burning over 50,000 acres combined throughout the County of Los Angeles and causing loss of life, displaced families and businesses, and tens of billions of dollars in damages; and

**WHEREAS**, under the Governor's Executive Order N-4-25, state environmental and coastal permitting requirements have been simplified for buildings that are up to 110 percent of the footprint and height of what was destroyed by the fires; and

**WHEREAS**, City permitting requirements are streamlined to projects that are no more than 110% of the size of the buildings that were damaged or destroyed; and

**WHEREAS**, the existing state provisions relative to property tax assessment do not tie back to the 110% size standard, but instead provide that: 1) property reconstructed after damage will be considered "new construction" and subject to re-assessment if it is not "substantially equivalent to the damaged or destroyed property," (Section 70(c)); and, 2) the assessed property value can be transferred to a newly purchased or newly constructed property valued at up to 120% of the value of the destroyed property; and

**WHEREAS**, these three separate standards (the 110% of property size standard, the "substantially equivalent" standard, and the 120% of property value standard) are likely to result in confusion among taxpayers trying to rebuild their destroyed properties; and

**WHEREAS**, to address this issue, AB 1253 (Schultz) would align the 110% expedited rebuild process with the "New Construction" assessment standards, and would apply to properties damaged by the January 2025 wildfires in Los Angeles and Ventura Counties; and

**WHEREAS**, the proposed legislative solution would provide that if the reconstructed property mirrors the size limits set by local permitting regulations and does not exceed 110% of the original size, the adjusted base year value of the damaged property would apply to the rebuild structure, preventing an unintended property tax increase; and

**WHEREAS**, this solution would provide clarity and consistency for property owners, allowing them to rebuild their homes without the fear of facing an unforeseen property tax increase;

**NOW, THEREFORE, BE IT RESOLVED**, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-2026 State Legislative Program SUPPORT for AB 1253 (Schultz), which would ensure that for qualifying reconstructed properties that meet the 110% size standard, the adjusted base year tax assessment value of the property would apply to the rebuilt property.

PUBLIC SAFETY

TRANSPORTATION

## MOTION

The City is actively addressing the high number of inoperable vehicles in the public right-of-way, which pose health and safety risks to surrounding communities. A key part of this effort involves recycling impounded vehicles once they become eligible for disposal.

When a recreational vehicle (RV) is impounded, it is taken to an Official Police Garage (OPG) yard. While at the lot, the vehicle must undergo a value assessment by officers within the Commission Investigation Division (CID). If CID determines the RV is worth more than \$500, it must remain in the storage yard for a specific holding period before it can be auctioned. If it is valued under \$500, the RV is ordered for dismantling and transported to SA Recycling.

CID officers have specialized training that authorizes them to make these assessments, but only a small number of officers are qualified to perform this task. With RVs being towed to multiple OPG yards across the City, many end up sitting in storage for extended periods, waiting for a trained CID officer to complete the valuation. As a result, the yards are reaching capacity, and scheduled RV operations are sometimes canceled due to lack of available storage.

To alleviate this bottleneck, the City should explore options to train additional personnel, such as personnel that are already involved in the RV removal and disposal process, to assist in the valuation process.

I THEREFORE MOVE that the Chief Legislative Analyst, with the assistance of the City Administrative Officer and the Commission Investigation Division of the Los Angeles Police Department, be INSTRUCTED to report back with recommendations on how City personnel, such as Senior Lead Officers or LADOT Officers, can be authorized and trained to assess the value of vehicles and approve the disposal of RVs, in order to help alleviate storage yard capacity issues.

I FURTHER MOVE that the Los Angeles Police Department's Commission Investigation Division be INSTRUCTED to report back with a comprehensive overview of the process used to assess the value of RVs, as well as a summary of the training requirements for personnel to be authorized to perform these assessments.
