Recommendation for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

AUTHORIZE by Resolution Authority the following positions to be employed in the Department of City Planning to support the Van Nuys Regional Airport Specific Plan, for the period April 1, 2025 through June 30, 2025, subject to allocation by the Board of Civil Service Commissioners:

- a. One City Planner (Class Code 7944)
- b. Two City Planning Associates (Class Code 7941)

Fiscal Impact Statement:

The City Administrative Officer (CAO) reports that the direct and indirect salary costs of one City Planner and two City Planning Associates will be fully reimbursed by the Department of Airports. General Fund salary savings in the Department of City Planning 2024-25 Adopted Budget in the amount of \$83,936 will be used to front-fund the direct salary costs for the remainder of the current fiscal year. COMMUNICATION FROM THE CITY ADMINISTRATIVE OFFICER (CAO) relative to a Personal Services Contract with Legacy By-Products, LLC, for recovery and processing services of dead animals.

Recommendation for Council action:

AUTHORIZE the Board of Public Works (BPW), or two members, on behalf of the Bureau of Sanitation, to execute the proposed Personal Services Contract with Legacy By-Products, L.L.C., which has been previously approved by the BPW, for the recovery, disposal, and/or processing services of dead animals for an initial three-year term, with one two-year renewal option, for a total potential term of five years retroactive from October 1, 2024 through September 30, 2029. The maximum contract amount is \$472,500 for the services over the potential five-year term and authority to execute is subject to the City Attorney approval as to form.

Fiscal Impact Statement: The CAO reports that there is no additional impact to the General Fund. Funding is provided by the Solid Waste Resources Revenue Fund (SWRRF), which is not a full cost recovery fund. First year funding totaling \$120,000 is budgeted in SWRRF Fund 508/50/50AX82 and should be sufficient to offset the estimated first year contract costs of approximately \$95,000. Future funding is contingent upon Council and Mayor approval of funding for the contract as part of the annual budget process. The Contract includes Standard Provisions which contain a City obligation limitation clause which limits the City's obligation to make payments to funds which have been appropriated for this purpose.

Financial Policies Statement: The CAO reports that the above recommendation complies with the City's financial policies in that the City's financial obligation is limited to funds budgeted for this purpose

and future expenditures are limited to appropriation of funds in the budget.

PERSONNEL AND HIRING COMMITTEE REPORT relative to the establishment of a standardized process for employee transfers and swaps to funded positions across City Departments.

Recommendations for Council action, as initiated by Motion (McOsker – Yaroslavsky):

1. INSTRUCT the City Administrative Officer (CAO), the General Manager, Personnel Department, and any other relevant Department to:
  - a. Report weekly on the establishment of a standardized process for employee transfers and swaps to funded positions across City departments, including identification of civil service classifications eligible for such exchanges, legal or contractual considerations, and potential benefits for recruitment, retention, and workforce development.
  - b. Report back next week with a written outline of the layoff avoidance plan (according to City Council's adopted Fiscal Year (FY) 2025-26 Budget Instruction 38a and 38b in Attachment F) that details the role of the Personnel Department and the CAO with said report to include a specific list of positions for layoff avoidance under the City Council's adopted FY 2025-26 Budget Instruction 38a and 38b in Attachment F (Layoff Avoidance via Direct Transfer and Utilization of Vacant Position to Authorize a Sub-Authority).
2. INSTRUCT the Department of Finance, Personnel Department, and any other relevant Department to report with any necessary actions required to expeditiously hire for revenue enhancing programs.

Fiscal Impact Statement: Neither the CAO nor the Chief Legislative Analyst have completed a financial analysis of this report.

Community Impact Statement: None submitted.

Summary:

On May 23, 2025, your Committee considered a Motion (McOsker – Yaroslavsky) relative to the establishment of a standardized process for employee transfers and swaps to funded positions across City Departments. According to the Motion, as the City faces significant fiscal constraints and considers workforce reductions, it is critical to identify every opportunity to retain skilled employees, avoid layoffs, and preserve service delivery. To prevent the loss of experienced City workers and minimize service disruption as much as possible, the City should examine whether employees at risk of layoff can be transferred, reassigned, or swapped into vacant, funded positions within other City departments-particularly where civil service classifications and qualifications align. After consideration and having provided an opportunity for public comment, the Committee

moved to recommend approval of the Motion, as amended. This matter is now submitted to Council for its consideration.

The Project is located at 4601 and 4606 West Washington Boulevard in Council District 10 and will provide 55 units of affordable housing and one manager unit.

In accordance with the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) and as part of the bond issuance process, LAHD conducted the required public hearing on April 17, 2025. Notice of the public hearing was published on April 9, 2025. LAHD is required to provide proof to the California Debt Limit Allocation Committee (CDLAC) that a TEFRA hearing has been conducted as part of the application process. The Sponsor has pledged to comply with all City and LAHD bond policies related to the work described in this Motion, including but not limited to payment of prevailing wages for labor and project monitoring with LAHD.

The City is a conduit issuer and is required by federal law to review and approve all projects within its jurisdiction and conduct a public hearing. The bond debt is payable solely from revenues or other funds provided by the Sponsor. The City does not incur liability for repayment of the bonds. To allow the bonds to be issued in accordance with CDLAC requirements, the Council should approve the minutes of the hearing and adopt the required Resolution (attached).

## MOTION

The 1870s saw the first immigration of Japanese people to Los Angeles and by the late 1920s the Japanese and Japanese-American population of Los Angeles had grown to 30,000, with a majority living in and around the area known today as Little Tokyo.

In 1924, Yasuasaburo Fujimoto and Katsugoro Kawase, working with local shop owners, secured enough funding to open a new movie theater to screen silent films: the Fuji-kan Theater. The theater held its grand opening on October 20, 1924 and was quoted in a Japanese-language newspaper at the time as being the "one and only entertainment venue" in Little Tokyo. The Fuji-kan Theater screened Japanese silent films and continued showing Japanese films through the 1920s and 1930s.

The forced removal and internment of the west coast Japanese and Japanese-American population into concentration camps began in 1942 following the signing of Executive Order 9066. Little Tokyo was emptied out as residents and business owners were forcibly relocated and the Fuji-kan Theater was closed.

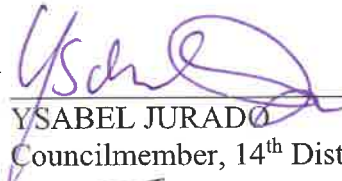

During this period of World War II, many African-Americans began moving into the neighborhood, which became known as "Bronzeville." The Fuji-kan was reopened as the Linda Lea Theater in 1945 and screened films and hosted live shows that were catered to the predominantly African-American audience that now lived in the neighborhood.

Following the end of World War II, the displaced Japanese-American population began returning to the area and in 1955 the Fuji-kan was re-acquired by the Nichibei Kinema Company. The theater was reopened as The Kinema and operated until 1963 when it was acquired by the City for redevelopment and demolished the following year.

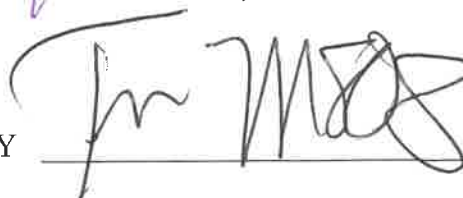

In recognition of this site's historical significance as a Japanese-owned and -operated movie theater in Little Tokyo, it is appropriate that the City erect permanent signage recognizing this important location in the City of Los Angeles.

I THEREFORE MOVE that that Department of Transportation be instructed to erect permanent ceremonial sign(s) at 324 E. 1<sup>st</sup> Street in recognition of the historical location of the Fuji-Kan Theater.

COMMUNITY ENRICHMENT

## MOTION

Adopted in 1962, the City's Cultural Heritage Ordinance was one of the first landmark preservation laws adopted by a major American city. The Ordinance created the Cultural Heritage Commission (then "Board"), and the process for the designation of new Historic-Cultural Monuments (HCM). Since that time, over 1,300 Historic-Cultural Monuments have been designated that preserve and recognize the City's cultural and architectural heritage.

Over the past ten years, the Department of City Planning's Office of Historic Resources has developed a citywide historic context statement which serves as the blueprint for identifying and analyzing under which theme a property may be significant. In addition to themes such as Architecture and Engineering, Commercial Development, and Cultural Landscapes, Ethnic-Cultural Context Statements were developed on matters covering, but not limited to, Women's Rights in Los Angeles; Lesbian, Gay, Bisexual, and Transgender history in Los Angeles; Asian Americans in Los Angeles; and African American History of Los Angeles. These context statements brought to light that properties in Los Angeles may have multiple layers of history. Historic-Cultural Monument nominations submitted prior to the development of these context statements could not take advantage of this additional research, and therefore, may not always tell the full story of why an HCM may be significant.

In 2023, the National Park Service created a process to amend properties listed in the National Register of Historic Places to more accurately present a property's historic significance. While there is an established process to make alterations to designated Historic-Cultural Monuments, the City's Cultural Heritage Ordinance currently does not include a comparable process for amending existing designations to add new historic contextual information, periods of significance, or improve more minimal property descriptions.

An update to the Cultural Heritage Ordinance is necessary to allow for amendments to existing Historic-Cultural Monument designations that may include substantive amendments that add a criterion or expand a statement of significance. In some instances, there may also be the need for a geographical boundary change, or technical amendment to correct administrative errors, or a revised property description.

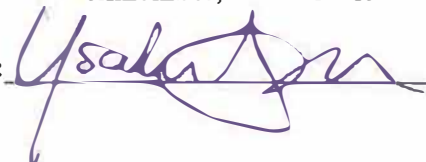

**I THEREFORE MOVE** that the Council instruct the Planning Department, in consultation with the City Attorney, to prepare and present a proposed ordinance to amend the Cultural Heritage Ordinance (Administrative Code Section 22.171 of Article 1, Chapter 9, Division 22) to create an amendment process for existing Historic-Cultural Monuments that will allow for: 1) revisions that add to or enhance the statement of significance, period of significance, and designation criteria; 2) technical corrections; and 3) geographical boundary changes.

WHEREAS, on May 2, 2025, the President sent his Fiscal Year 2026-27 discretionary budget request to Congress, which proposes to reduce the Housing and Urban Development Department (HUD) funding by \$33 billion, which is close to half of the HUD budget;

WHEREAS, the President's budget proposes to eliminate HUD grants, such as the Community Development Block Grant (CDBG), citing poor targeting of CDBG funds, wasteful projects, and use on programs better funded and administered at the State and local levels;

WHEREAS, the former President declared a major disaster for the State of California on January 8, 2025, due to wildfires and straight-line winds, which the Federal Emergency Management Agency (FEMA) subsequently coded as "DR-4856-CA";

WHEREAS, the wildfires and straightline winds devastated significant parts of the City, and short-term FEMA aid, including debris removal, emergency response, and permanent work was insufficient to promote a full recovery in the City;

WHEREAS, Congress may appropriate Community Development Block Grant Disaster Recovery (CDBG-DR) funds after the President declares a major disaster, in which HUD is directed to assist with long-term recovery needs, such as restoration of infrastructure and housing, economic revitalization, and other mitigation in the most impacted and distressed (MID) areas of the City;

WHEREAS, California law has long required operators of motor vehicles to display license plates to provide a quick and efficient method of identifying motor vehicles and their registrant; and imposed penalties on motorists who alter or obscure their license plates; and

WHEREAS, the proper display of license plates is important to traffic safety and general public safety; and

WHEREAS, in recent years, there has been increasing use of automated license plate readers to enforce traffic laws, including payment of tolls on toll roads and bridges, enforcement of high-occupancy vehicle (HOV) lanes, speed limits, red lights; prohibitions on street takeovers and street racing; as well as to identify stolen vehicles and vehicles connected with other crimes; and

WHEREAS, in recent years, there has also been an increase in the sale and installation of illegal license plate covers designed to purposefully obscure plates, making it easier for drivers to commit traffic and other offenses; and

WHEREAS, these license plate readers serve no lawful purpose; and

PLANNING & LAND USE MANAGEMENT

## MOTION

ECONOMIC DEVELOPMENT & JOBS

The growth of the app-based gig economy has created new and undefined land uses in the zoning code. 'Ghost Kitchens,' first flagged in a Motion (Koretz-Harris Dawson) adopted by the Council on September 15, 2021 (Council File No. 21-0665), and which remains undefined in the Zoning Code, has resulted in impacts to nearby residents, businesses, and pedestrians as a result of the car-centered nature of these operations.

The lack of a defined 'Ghost Kitchen' use and appropriate conditions of approval has left many locations without adequate regulations to effectively manage the impacts that they generate. Without a definition, 'Ghost Kitchens' typically follow requirements for catering land uses, which have very different operational demands. Catering land uses prepare food in large batches for a few scheduled deliveries. 'Ghost Kitchens' prepare individual take-out orders on demand, with high volume orders, causing higher impacts on local streets.

In Council District 13, there are at least two kitchens currently disrupting the areas around them and creating an uptick of unsafe driving behaviors including: double parking, red-curb violations, parking at bus stops, parking in intersections, and parking in center turn lanes. While the City no longer mandates onsite parking minimums for projects in transit-rich areas, it must still ensure that any businesses entirely based on car-centric delivery methods using third party worker systems are not free to offload the impacts by taking advantage of our shared City spaces and streets.

These businesses which are causing these issues must be adequately defined to support businesses while mitigating the impacts to neighbors. Additionally, imposition of conditions of approval, and enforcement should also be considered as tools to mitigate the negative externalities associated with 'Ghost Kitchens.'

**I THEREFORE MOVE** that the Council instruct the Planning Department, in consultation with the Department of Building and Safety, and the City Attorney, report on a draft definition of 'Ghost kitchens' and criteria to assess the impacts of 'Ghost Kitchens' and inform potential land use controls that can mitigate nuisances on neighboring land uses.

WHEREAS, the City has historically supported the restaurant and food services industries through financial incentives and business support programs, including during the COVID-19 pandemic when the City relaxed outdoor dining restrictions to keep restaurants open; and

WHEREAS, since the onset of the COVID-19 pandemic in early 2020, over 90,000 restaurants have closed down around the country, in part due to economic hardship; and

WHEREAS, the promotion of outdoor dining and related measures supports restaurants by providing flexibility to adapt to changing circumstances and customer desires, ensuring restaurants remain competitive and profitable; and

WHEREAS, Assembly Bill (AB) 592 (Gabriel), introduced on February 12, 2025, and currently before the California State Assembly Standing Committee on Health, seeks to enact legislation to allow for permanent outdoor, patio, and al fresco dining at restaurants, among other changes; and

WHEREAS, enacting AB 592 would allow restaurants to serve customers in open-air environments without the fear of sudden regulatory change, and enable restaurants to fully operate their businesses with open sections to take advantage of the City's famous climate, providing options for restaurants to attract potential customers; and

WHEREAS, support for AB 592 would be consistent with the City's historical encouragement and support of the restaurant industry in Los Angeles.

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-2026 State Legislative Program SUPPORT for AB 592 (Gabriel), which would allow for permanent outdoor, patio, and al fresco dining at restaurants, among other changes.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, California has the largest immigrant population in the United States and 1.5 million immigrants live in the City of Los Angeles; and

WHEREAS, given the City's significant and essential immigrant population and its status as a Sanctuary City, Los Angeles has broadened protections for and supported its immigrant constituents through intentional legislative and budgetary actions; and

WHEREAS, the Trump administration continues to target the immigrant community through mass I.C.E. raids, detentions, family separations, and deportations while terminating vital programs that offer immigrants legal services; and

WHEREAS, California Governor Gavin Newsom has presented the May Revision, an annual update to the Governor's proposed budget with new information and proposals; and

WHEREAS, the Governor's May Revision proposes a *maintained* \$75 million allocation to state legal services programs through the California Department of Social Services for immigration supports; and

WHEREAS, while the state's maintenance of this annual allocation is a crucial action in support of immigrants - maintenance alone is insufficient in light of the unprecedented and vigorous nature of the federal attacks to the immigrant community that has swelled demand for immigration legal services; and

WHEREAS, multiple members of the state legislature and non-profit legal service providers propose that an additional \$60 million be allocated to the Fiscal Year 2025-26 state budget to more appropriately meet the increased volume of need; and

WHEREAS, this additional allocation would enable legal service providers to expand supports to unaccompanied undocumented minors, youth, adults, and families facing deportation, counteract the federal termination of immigration-related free legal programs, invest in assistance with naturalization applications, and expand legal representation for students and faculty at CSU campuses and community colleges; and

WHEREAS, this budgetary expansion at the state level would not only aid the City's undocumented and immigrant community through broadened legal support and representation, but would also tangibly improve the quality of life by ameliorating fears of deportation, family separation, trauma, and economic destabilization that disproportionately impacts some of the City's most vulnerable constituents; and

**NOW, THEREFORE, BE IT RESOLVED**, that by adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-26 State Legislative Program, support for a \$60 million increase in state funding for immigration legal services.
