CIVIL RIGHTS, EQUITY, IMMIGRATION AGING AND DISABILITY COMMITTEE REPORT relative to the Guaranteed Income Program for survivors of intimate partner violence and transitional-aged youth.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. NOTE and FILE the Community Investment for Families Department (CIFD) report dated May 9, 2025, attached to the Council file.
2. AUTHORIZE the General Manager, CIFD, or designee, to implement the new guaranteed income program for survivors of intimate partner violence and transitional-aged youth.
3. REQUEST the Controller to transfer \$2 million to the Public Assistance Benefit Program Fund – Guaranteed Basic Income Fund No. 10E/21, new account name and number, from the accounts as detailed in the City Administrative Officer (CAO) report dated June 4, 2025, attached to the Council file.

4. AUTHORIZE the General Manager, CIFD, or designee, to prepare Controller instructions and/or make technical adjustments as necessary to implement the actions approved by the Mayor and Council, subject to the approval of the CAO, and request the Controller to implement the instructions.

Fiscal Impact Statement: The CAO reports that the recommendations in the report will have no additional impact to the General Fund. A total of \$2 million in Council discretionary funds has been identified from Council Districts 9 and 13. The \$250,000 allocation in the Mayor's Fund will be used to support a contract with Forward for an online portal.

Financial Policies Statement: The CAO reports that the recommendations in the report comply with the City's Financial Policies in that one-time revenues will be used for one-time expenditures.

Ben Caldwell is an esteemed filmmaker, multimedia artist, and revered community elder whose profound impact on the Leimert Park community and the City of Los Angeles is immeasurable. His journey into the world of visual arts began at an early age, helping his grandfather project movies in a small New Mexico theater, an experience that ignited a lifelong affinity for filmmaking. This passion was further solidified during his service in Vietnam, where he documented the lives of his fellow soldiers, an act that not only familiarized him with the medium but also laid the groundwork for his future work focusing on social issues.

After his service, Caldwell pursued his education at UCLA, where he received his M.F.A. in film in 1976. It was here that he became a founding member of the "L.A. Rebellion," a groundbreaking movement of African American filmmakers who sought to "emancipate the image" of Black people from the stereotypes prevalent in the film industry. Alongside other visionaries like Charles Burnett and Julie Dash, he created culturally-focused and experimental films such as "Madea," "I & I: An African Allegory," and "Water Ritual #1," which explored the depth of Black culture in Los Angeles. Caldwell's artistic philosophy, which he describes as creating "cultural" rather than "political" films, is rooted in the belief that his art should bring people closer together and capture the natural flavor of Black music and the unique culture of the African Diaspora.

Beyond his filmmaking, Caldwell's most enduring legacy is the KAOS Network, a community arts center he founded in 1984 in the heart of Leimert Park. Through KAOS Network, Ben has spent decades mentoring generations of Black artists, creatives, and technologists—uplifting cultural narratives and building vital creative infrastructure in South Central Los Angeles. His influence spans film, technology, public art, and youth education, leaving an indelible mark on the cultural landscape of Leimert Park and beyond.

Through his tireless advocacy and his leadership in community initiatives like the Festival of Masks and the Sankofa Walk, Ben Caldwell has solidified his role not only as a wise elder but also as a culture maker, community voice, and torchbearer for generations to come. His artistic and philanthropic contributions continue to serve the people of Leimert Park, Los Angeles and the World.

I THEREFORE MOVE that the intersection at Leimert Boulevard and 43rd Place be named as "**Ben Caldwell Square**" and that the Department of Transportation be directed to erect permanent ceremonial sign(s) to this effect at this location.

The City Council added the "Disruptions" section to Rule 7 of the Rules of the Los Angeles City Council in October 2018 (C.F. 16-1104-S2). Motion (Wesson, et al. – Buscaino, et al.) included findings for Rule 7 indicating that:

"The number of disruptions at Council and Committee meetings has recently increased. Despite enforcement of the Council's current rules, some members of the public repeatedly disrupt multiple meetings on the same day and often multiple days each week. People who repeatedly disrupt the orderly conduct of public meetings deter other members of the public from attending public meetings and taking the opportunity provided under the Brown Act to provide comment to their elected representatives.

In order to prevent repeated and frequent disruptions of public meetings and increase public comment overall, the Council should amend the Council and Committee rules in the most narrowly tailored manner that will curb the actions of people who chronically disrupt Council and committee meetings...."

The Disruption section has proven a partial success. Members of the public who frequently disrupt Council and Committee meetings have become more careful not to disrupt meetings within three business days of their being removed from prior meetings. This is because, per the Disruption provisions, these serial disrupters will then be excluded from Council and Committee meetings through the next business day.

The Disruption section unfortunately has not succeeded in deterring serial disrupters from causing "initial" disruptions that do not subject them to exclusion on the next business day. Rule 7 currently provides that, for initial disruptions, the disrupters are removed only from the remainder of the meetings they disrupt. Serial disrupters clearly experience the consequences for initial disruptions as slight.

To prevent continuing disruptions to Council and Committee meetings and increase public comment overall, and based on its years of experience since the introduction of the Disruption section, the Council should narrowly amend Rule 7 to increase the consequences of an initial disruption.

I THEREFORE MOVE, in light of the above findings, and pursuant to Rule 77, that the Council amend the first paragraph of Rule 7 of the Rules of the Los Angeles City Council, with the remainder of Rule 7 to remain unchanged, as indicated below:

Disruptions

A member of the public who disrupts and is ordered removed from a Council meeting or a Committee meeting shall be excluded from the remainder of that meeting **and excluded from attending all Council and Committee meetings for the remainder of that day and for the following business day.**

MOTION ECONOMIC DEVELOPMENT & JOBS

On August 1st, the Ninth Circuit Court of Appeals upheld a decision to enact a Temporary Restraining Order (TRO) against the “roving patrols” Immigration and Customs Enforcement (ICE) and other federal agencies have been carrying out. The decision noted that ICE operations have relied essentially on racial profiling, irrespective of “reasonable suspicion” and based on factors such as speaking accented English or happening to be in a location ICE deems likely for the gathering of undocumented immigrants.

As was made clear in the decision, this unconstitutional activity has created a palpable, reasonable fear among large swaths of City residents. Beyond undocumented immigrants, those with documentation and even U.S. citizens have retreated from public spaces, stopped going to work, and halted interaction with government agencies for fear of being profiled and ripped away from their lives and families.

In order to meet the moment and the needs of Angelenos, the City must understand the scope of the impact and assess whether there are new, creative ways for us to reach these vulnerable populations in a way that does not create fear, trauma, or harm. Residents are missing medical appointments, missing out on recreational programming, and facing challenges in meeting other everyday needs, and the City should now consider ways to pivot to ensuring needs to do not go unmet in the face of terror inflicted by the federal government. Additionally, making these types of changes can help ensure that existing budget and contracts are not going underutilized in a changing landscape.

I THEREFORE MOVE that the Department of Recreation and Parks (RAP), the Department of Cultural Affairs (DCA), and the Los Angeles Public Library Department (LAPL) report within 15 days on the impact of federal immigration enforcement on participation in summer programming. The report should include:

- List of all public summer programs offered by the Department;
- Historical participation numbers per program, dating back to at least summer 2023;
- Current year participation numbers per program;
- Any data, anecdotal or otherwise, on reasons for non-participation this summer;
- Recommendations for increasing participation in Department programming moving forward, including but not limited to utilizing secure City space not typically available to the public and distributing activity kits for home use.

I FURTHER MOVE that the Community Investment for Families Department (CIFD) and the Economic and Workforce Development Department (EWDD) report within 15 days on the impact of federal immigration enforcement on the amount of individuals processed and services provided via the FamilySource Centers, BusinessSource Centers, WorkSource Centers, and YouthSource Centers. The report should include:

- List of all populations served and services offered by the Source Centers;
- Historical numbers per Source Center type, dating back to at least summer 2023;
- Current year numbers per Source Center type;

AUG 06 2025

- Any data, anecdotal or otherwise, on reasons for any downturn in individuals processed and services provided this summer;
- Recommendations for increasing accessibility of Source Center programming to populations impacted by federal immigration enforcement moving forward, including expanding online or in-home services.

I FURTHER MOVE that the City Administrative Officer (CAO), with the assistance of the CIFD, EWDD, RAP, DCA, Department of Aging (DOA), the Civil and Human Rights and Equity Department (CHRED), the Department on Disability (DOD), the General Services Department (GSD), and any other relevant departments, report back within 15 days with a list of existing City contracts that could be utilized for the list of needs below. The report should indicate what contracts could take this work on as written, which would need an expanded scope, and whether additional funding would be necessary to meet any identified needs, including but not limited to:

- Low cost and/or in-home provision of medical services to persons with changes in health insurance status and/or unable to leave the house for medical appointment;
- Low cost and/or in-home provision of veterinary services for pets of persons unable to leave the house for veterinary appointments;
- Escorts for community members to and from appointments and errands;
- Delivery of groceries, prescriptions, and other necessary items;

The settings in which federal immigration officers have been kidnapping Angelenos have seemingly no boundaries. People are being detained in their homes, at their places of work, at hospitals, at courthouses. Without warning, individuals are being plucked out of their lives, causing chaos for their families and loved ones, and often leaving behind property that will still need to be managed. From street vending carts in parks to cars on City streets to bicycles abandoned on the sidewalk, the vestiges of people's daily lives remain in the wake of a traumatic detention. This sudden and unexpected disruption is not something that can be planned for in advance, something the City should be cognizant of and try to accommodate.

I THEREFORE MOVE that the Los Angeles Police Department (LAPD) and the Department of Transportation (DOT) report within 15 days on the feasibility of waiving vehicle towing and impound storage fees incurred by individuals who, at the time of the tow and/or storage, were detained by Federal immigration enforcement agencies.

I FURTHER MOVE that LAPD and DOT report within 15 days on the feasibility of allowing third parties, such as family, friends, or neighbors, to reclaim impounded vehicles at no cost on behalf of an individual who is in custody of Federal immigration enforcement agencies.

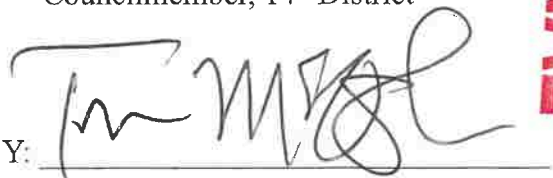

I FURTHER MOVE that the Bureau of Street Services (BSS), the Department of Recreation and Parks (RAP), the El Pueblo de Los Angeles Historical Monument Authority (El Pueblo), the Housing Authority of the City of Los Angeles (HACLA), the Los Angeles Public Library (LAPL), and DOT report within 15 days with:

- An accounting of any instances of private property being abandoned in either the public right-of-way or on City property as relates to the Department's jurisdiction, as a result of Federal immigration enforcement;
- Department protocol for collection, storage, disposal, and release of private property that has been abandoned as a result of Federal immigration enforcement;
- Recommendations to ensure private property is safely, accurately, and expeditiously returned to an individual once released from Federal custody or to third parties such as family, friends, or neighbors either during or after a detention.

PUBLIC WORKS

MOTION

ENERGY & ENVIRONMENT

Currently, the City requires residents with City-issued waste bins to remove bins from the curb by 8:00 pm on the same day of collection. In some instances, bins are left on the curb well past this limit, taking up parking space, or are simply moved onto the adjacent sidewalk, limiting pedestrian access.

Under the City's Municipal Code, the Board of Public Works is tasked with setting the rules and regulations for solid waste services provided in the City. However, enforcement responsibilities of the rules and regulations and violations of City code where bins are left in the road or on the sidewalk, is ambiguous and the Bureau of Sanitation and Bureau of Street Services have varying authorities to enforce under the current Code. The City should update its rules and regulations, clarify code sections regarding violations, and designate and codify which bureau will have primary enforcement responsibilities in order to determine resource needs.

Additionally, the City should clarify its enforcement process and penalties, including the possibility of including fines for violations on residents' utility bills or other options beyond the City's Administrative Citation Enforcement Program. A clear and easily understood enforcement process will help prevent violations and ensure that bins that are left blocking the road or sidewalk are promptly removed.

I THEREFORE MOVE that the City Attorney, with the assistance of the Bureau of Sanitation and the Bureau of Street Services, be requested to report with recommended changes to the City code to clarify City agency responsibilities of enforcement of trash bins left within the public right-of-way outside of allowable hours and options for enhanced enforcement to ensure that sidewalks and streets remain accessible to all residents.

MOTION

With the proliferation of smartphones, grocery stores in the City have begun to offer digital-only discounts, access to which requires a customer to connect to a store-specific phone application. The use of these apps necessitates a modern, and often expensive, smartphone; a phone plan with a roaming Internet connection; an app log-in; and other requirements that can be barriers to access.

The Pew Research Center reports that one in four older adults lack Internet connectivity and that 39 percent do not own a mobile phone. In addition, many immigrant households lack consistent access to smartphones, may face language barriers, and often have data privacy concerns, especially in light of the federal government's recent actions relative to immigrant populations. By insisting that customers access these discounts through smartphones, grocery stores are effectively excluding a large number of City residents who lack the means to connect to this digital infrastructure.

These digital-only coupons come at a time when inflation and food costs are at a record high. In 2024, the Consumer Price Index for Food rose by nearly five percent. Additionally, since the beginning of the COVID pandemic, the overall Consumer Price Index has risen by 24 percent. These cost-of-living increases are now being exacerbated with the introduction of the federal government's 2025 tariff policies, the full costs of which have yet to be understood.

Jurisdictions such as San Diego, New Jersey, Illinois, and Washington State have already either proposed or passed measures that require equal access to equivalent digital and physical coupons. The City of Los Angeles must remain vigilant in ensuring that our economy is inclusionary and accessible to everyone. In order to ensure that all City residents, including those who lack access to smartphones and Internet connection, are able to access affordable groceries, the City should adopt an ordinance that allows them to benefit from the same discounts as digital coupon holders.

I THEREFORE MOVE that the City Council direct the Chief Legislative Analyst to prepare a report summarizing grocery transparency laws in other jurisdictions, best practices, and identifying policy recommendations for the implementation of a similar policy in Los Angeles; and

I FURTHER MOVE that the City Council request the City Attorney, with the assistance of the relevant City departments, to prepare and present an ordinance that would require grocery stores that offer digital-only discounts to make readily-available physical coupons with identical pricing available to consumers.

RESOLUTION

RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations, or policies proposed to, or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, on May 23, 2025, the Los Angeles City Council adopted the Rules, Elections and Intergovernmental Relations Committee report and resolution in support for Senate Bill (SB) 71 (Wiener), which proposes to make permanent statutory California Environmental Quality Act (CEQA) exemptions for transit and active transportation projects that advance the State's climate, safety, and public health goals, while improving access and mobility options; and

WHEREAS, since Council's adopted its Resolution in support of SB 71, the bill has undergone several amendments in the State Senate and Assembly, introducing significant changes that were not part of the bill's original language; and

WHEREAS, on May 29, 2025, the State Senate amended SB 71 to add *Sec.3*, to change the rules for the first seven Environmental Leadership Transit Projects (ELTP) located wholly within the County of LA or connect to any existing transit project wholly located in the County of Los Angeles in Public Resources Code (PRC) Section 21168.6.9, which among other things, imposes strict timelines requiring that CEQA challenges, including appeals, against ELTP Projects be resolved within 365 days of filing the certified record of proceedings, with an emphasis of streamlining the CEQA process for projects approved in 2025; and

WHEREAS, *Sec.3* amends subdivision (d) of Section 21168.6.9 to expand the judicial streamlining for ELTP Projects and require any legal challenge under *any* law, not just CEQA, to be resolved within 365 days, including appeals; and

WHEREAS, the expansion of legal challenges that are subject to ELTP judicial streamlining beyond CEQA are not reflected in the types of matters subject to the project applicant's payment of court costs, which are still limited to CEQA challenges in Paragraph (3), Subdivision (b) of Section 21168.6.9; and

WHEREAS, the *Sec.3* also amends subdivision (g) of Section 21168.6.9, which limits the streamlining process to Environmental Leadership Transit Projects that either receive initial approval from the lead agency by January 1, 2027, or have a draft environmental impact report circulated before January 1, 2025; however, these provisions do not apply to legal challenges filed after the project's initial approval; and

WHEREAS, On July 11, 2025, the State Assembly Natural Resources published an analysis of the bill, noting that one project stands to benefit from the amendments in *Sec.3*, the Dodger Stadium Gondola project, which has faced delays due to local opposition and litigation; and

WHEREAS, these provisions pose serious concerns for residents and local governments by creating financial and procedural barriers to challenging potentially harmful projects. They could deter valid legal action, limit the City's authority over land use decisions, and impose unrealistic legal deadlines that undermine due process and local accountability; and

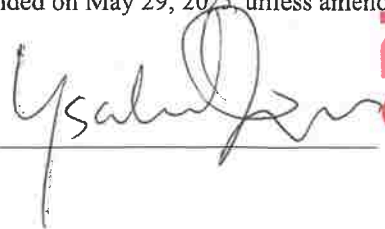

WHEREAS, state law should take a comprehensive approach to addressing the challenges associated with CEQA for transit and active transportation projects, rather than tailoring amendments to select projects at the expense of stakeholder input and local government authority to address legitimate concerns through legal and regulatory channels; and

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025-2026 State Legislative Program in **OPPOSITION** to SB 71 (Wiener), as amended on May 29, 2025, unless amended to remove *Sec.3*.

RESOLUTION

WHEREAS, California Vehicle Code Section 22507 authorizes cities to restrict the parking of vehicles, including but not limited to, vehicles that are six feet or more in height, on identified City streets during certain hours; and

WHEREAS, several street segments in San Pedro are experiencing an increased problem with vehicles parking during all hours of the night, blocking visibility, constricting travel lanes, thereby creating a dangerous situation; and

WHEREAS, California Vehicle Code Section 22507 requires that with the exception of parking restrictions in alleys, a resolution that restricts the parking of vehicles, including but not limited to six feet or more in height, during all or certain hours of the day, will only apply in areas in which signs are posted giving notice of restrictions;

NOW, THEREFORE BE IT RESOLVED, that the City Council, pursuant to the California Vehicle Code Section 22507, hereby prohibits the parking of vehicles, during the hours of 10:00 p.m. and 6:00 a.m. along the following street segments:

- Both sides of West Basin Street between Paraiso Street and North Gaffey Street.
- Both sides of West Battery Street between Paraiso Street and North Gaffey Street.
- East side of Paraiso Street between West Channel Street and West Battery Street.
- Both sides of Paraiso Street between West Battery Street and West Basin Street.

BE IT FURTHER RESOLVED that upon the adoption of this Resolution, the Department of Transportation be directed to post signs giving notice of a "no parking (all vehicles), 10pm-6am" restriction, with the specific hours detailed, at the above locations; and

BE IT FURTHER RESOLVED that the Department of Transportation be authorized to make technical corrections or clarifications to the above instructions in order to effectuate the intent of this Resolution.

The Major Transit and Transportation Construction Traffic Management Committee (TCTMC) works to minimize the loss of traffic capacity within various Major Transit and Transportation Construction Impact Areas resulting from construction activity, including Metro Rail, Light Rail, busway, utility, private development, street improvement, street maintenance, and major public works project in accordance with the City of Los Angeles Municipal Code SEC. 62.250. While the TCTMC's objectives are well-intended, in practice it has unduly increased the time required for projects to obtain plan approvals due to numerous inefficiencies.

Given the history of the TCTMC, the City should dissolve the committee and have City staff come back with a new process that provides the efficiency and timeliness these projects require and deserve.

I THEREFORE MOVE that the City Council REQUEST the City Attorney to draft an ordinance repealing the TCTMC.

I FURTHER MOVE that the City Council INSTRUCT the Bureau of Engineering to report back with recommendations to implement a new process to take the place of the TCTMC that creates a timely, internal process that moves projects to approval in a quick and efficient manner.
