Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. APPROVE the submission by the Department of Recreation and Parks (RAP) of an application for the 2021-2022 NRPA/Disney Youth Sports and Play grant (Grant).
2. AUTHORIZE the General Manager, RAP, or designee, to receive the awarded Grant, execute a grant agreement in the form substantially as attached to the November 4, 2021 Board of Recreation and Park Commissioners (Board) report, attached to the Council file as Attachment 1, and accept funds from NRPA in the amount of \$40,000 in support of RAP's Mobile Recreation Program, subject to Mayor and City Council approval.
3. DIRECT RAP staff to transmit a copy of the Grant agreement to the Mayor, City Administrative Officer, Chief Legislative Analyst, and City Clerk for Committee and City Council approval before accepting and receiving the grant award, pursuant to Los Angeles Administrative Code Section 14.6 et seq. as may be amended.
4. DESIGNATE the General Manager, RAP, or designee, as the agent to conduct all negotiations, execute and submit all grant documents, including, but not limited to applications, agreements, amendments, and payment requests, which may be necessary for the acceptance and use of Grant funds.
5. AUTHORIZE one RAP staff involved with the grant and the Mobile Recreation Program to attend a mandatory in-person NRPA training at their headquarters in Ashburn, VA, date to be determined, utilizing Grant funds.
6. AUTHORIZE the Chief Accounting Employee, RAP, or designee to establish the necessary accounts and/or to appropriate funding received within "Recreation and Parks Grant" Fund No. 205 to accept the Grant funds, in the amount of \$40,000 for RAP's Mobile Recreation Program.
7. AUTHORIZE the Chief Accounting Employee, RAP, or designee to make any technical changes, as may be necessary to effectuate the intent of this Report.

Fiscal Impact Statement:

The Board of Recreation and Parks reports that the Acceptance of this Grant will have no impact on RAP's General Fund and will instead provide essential funding to further the Mobile Recreation Program.

PUBLIC WORKS COMMITTEE REPORT relative to the Innovation and Performance Commission's (IPC) Innovation Fund (IF) funding for the Resilient Solar Powered Street Lights Project from the Bureau of Street Lighting (BSL).

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. ESTABLISH and APPROPRIATE a new appropriation account entitled BSL – Resilient Solar Powered Street Lights in the amount of \$200,000 within the IF Fund No. 105/10 from the available cash balance of the IF.

2. TRANSFER \$200,000 from the IF Fund No. 105/10, Account to be Established, BSL – Resilient Solar Powered Street Lights Fund No. 100/84 as follows:

<u>Fund</u>	<u>Account</u>	<u>Title</u>	<u>Amount</u>
		Street Lighting	
100/84	008780	Improvements and Supplies	\$188,600
100/84	001010	Salaries, General	<u>11,400</u>
		Total:	\$200,000

3. INSTRUCT the BSL to:

a. Separately track all encumbrances and expenditures of IF monies so that unspent funds can be returned to the IF at the end of the fiscal year.

- b. Report to the IPC with an accounting of the funds, the lessons learned, and any obstacles faced.
 - c. Report to the IPC if, after the receipt of funds, the scope of the funded item differs from the scope approved for funding by the Mayor and the Council.
 - d. As appropriate, include acknowledgment of the IPC on public materials, such as press releases or websites, that reference the Resilient, Solar Powered Street Lights project.
4. AUTHORIZE the City Administrative Officer (CAO) to make technical corrections as necessary to implement Mayor and Council intentions.

Fiscal Impact Statement: The CAO reports that approval of these recommendations will allocate \$200,000 of the remaining \$1,076,112 IF 2021-22 available balance. The \$200,000 will be transferred to the BSL to begin implementation of the pilot project that has been approved by the IPC. In some cases, departments will incur ongoing costs

Financial Policies Statement: The CAO reports that the above recommendations are in compliance with the City's Financial Policies as IF monies are being utilized for an eligible project which will improve the quality, efficiency and effectiveness of City service through innovation, productivity, and performance measurement.

GENERAL EXEMPTION, PUBLIC WORKS COMMITTEE REPORT and ORDINANCES FIRST CONSIDERATION relative to amending the Los Angeles Municipal Code (LAMC) to change the Street Damage Restoration Fee (SDRF) methodology for small excavations and sewer lateral repair excavations.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. DETERMINE that this matter is not a California Environmental Quality Act (CEQA) project under State CEQA Guidelines Section 15378(b) (4) as it is the creation of a government funding mechanism which

does not involve any commitment to any specific project that may result in a potentially significant physical impact on the environment; and CEQA Guidelines Section 15061(b)(3) and City CEQA Guidelines Article II, Section 1 (General Exemption) because it will not result in a direct or reasonably foreseeable indirect physical change in the environment, and it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

2. PRESENT and ADOPT the accompanying ORDINANCE, dated January 13, 2021, relative to amending Section 62.06(A)(1) of the LAMC to change the SDRF methodology for small excavations and sewer lateral repair excavations.
3. NOT PRESENT and ORDER FILED the Ordinance dated September 17, 2021.

MOTION

CASA of Los Angeles, a non-profit organization, is sponsoring the "Glamour Gowns 2022" event at the Los Angeles Convention Center on March 4-6, 2022.

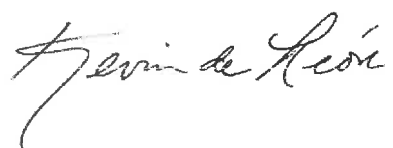

Council District 9 has received a request to waive room rental costs associated with the use of the Los Angeles Convention Center for the above event. Approval of this request will mean that an estimated \$5,000 in room rental rates will be waived in accordance with the Convention Center Fee Subsidy Policy.

I THEREFORE MOVE that the City Council, subject to the approval of the Mayor:

1. Find that the "Glamour Gowns 2022" event, sponsored by CASA of Los Angeles, serves a public purpose in that it provides high-school aged girls in foster care with dresses and accessories for a special event while instilling self-esteem, self-confidence and a feeling of self-worth; and
2. Approve a fee waiver for the "Glamour Gowns 2022" event, in the amount of \$5,000 for Convention Center room rental fees, in accordance with the Convention Center Fee Subsidy Policy approved by the City Council (CF 08-0589); and
3. Allocate \$5,000 from the General City Purposes Fund No. 100-56, Account No. 0709 (CD-9 Community Services) to reimburse the Convention Center for this purpose; instruct/authorize the City Clerk to prepare and process and execute the necessary document(s) or agreement(s) with, or payment to, ASM Global or any other agency or organization, as appropriate, in the above amount, for the above purpose, subject to the approval of the City Attorney as to form, if needed; and authorize the City Clerk to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion.

MOTION

The 94th Annual Academy Awards, one of the most prominent award ceremonies in the world, will be held on March 27, 2022 at the Dolby Theatre in Hollywood. The Oscar, bestowed by the Academy of Motion Picture Arts and Sciences (AMPAS), is the most prestigious award associated with the motion picture industry. The award recognizes and honors excellence and distinctive achievements among film making professionals including directors, actors, and writers. The Academy Awards is the oldest award ceremony in the media, and remains one of the biggest viewership events in television, with a vast worldwide audience of more than 225 countries.

As a special event, the Academy Awards is subject to the Special Events Ordinance which requires the recovery of costs for City services from the event sponsor. The Ordinance also provides for the negotiations with major sports or entertainment venues in determining a payment for City resources. Such negotiations take into consideration the economic benefit generated by the event.

The City's cultural identity is strongly tied to motion pictures given that major film making began in Los Angeles. With its rich history, the film industry has been an extremely important component of the local economy. The televised Academy Awards showcases Los Angeles as the entertainment capital of the world, and as such, is a special event that the City must continue to strongly support. Negotiating with AMPAS for event services and costs, including a multi-year special event contract, should be pursued. AMPAS will pay a flat fee of \$350,000 for City services that maybe required for the 94th Annual Academy Awards ceremony, considering the economic benefit from this event.

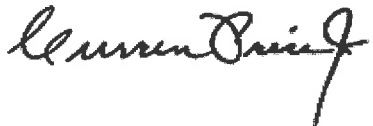

I THEREFORE MOVE that Council authorize the payment acceptance of \$350,000 for the provision of City services that maybe required for the Academy of Motion Picture Arts and Sciences (AMPAS) 94th Annual Academy Awards at the Dolby Theatre on March 27, 2022.

I FURTHER MOVE that the Council instruct the City Administrative Officer (CAO) and Chief Legislative Analyst (CLA), with the assistance of the City Attorney, to negotiate a contract between the City and AMPAS for City resources to hold future Academy Award ceremonies in the City of Los Angeles.

I FURTHER MOVE that Council authorize the CAO to execute and administer the contract between the City and AMPAS, subject to the approval of the City Attorney as to form and legality.

MOTION

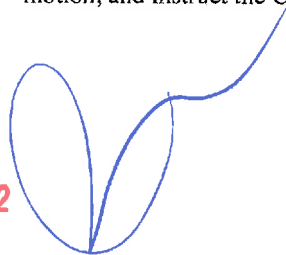

The Hollywood Walk of Fame has endured significant deterioration over the years. The Hollywood Walk of Fame Public Improvements Project (Project) has been established to conduct a needs assessment of the area, develop a renovation design, and implement improvements to restore this City landmark. On December 12, 2018, Council took various actions related to the Project located along Hollywood Boulevard in Hollywood (C.F. 14-1174-S40). Among those actions, Council authorized the Department of Public Works, Bureau of Engineering (BOE) to serve as the lead City department responsible for the planning, design, and contract development of the Project and authorized the use of \$4,082,572 in CRA/LA Excess Non-Housing Bond Proceeds (EBP) available to CD13 from the Hollywood Redevelopment Project Area.

As development of the Project has advanced and further thought has been given to the needs of the area, the future vision of the Hollywood Walk of Fame has broadened from basic repairs to also include transformational improvements that aim to revitalize the aesthetics and attraction of the area for businesses, residents, and tourists alike. As a result, the cost of design and environmental review has significantly increased from what was originally anticipated. Additional funding is needed to cover the cost of developing a strategic Master Plan and Schematic Design documents for the entire Walk of Fame, and to conduct the initial environmental reviews and documentation necessary for a planned "Pilot" Project.

Approximately \$6.8 million is available to Council District 13 from the Hollywood Redevelopment Project Area Special Fund (Special Fund) (Ordinance No. 184131). The Special Fund is comprised of money received from Community Improvement Fees/Urban Development Action Grant Loan repayments from the Hollywood and Highland project for use on eligible projects throughout the Hollywood Redevelopment Project Area. The Project is within the boundaries of the Hollywood Redevelopment Project Area and is an eligible project for the use of these funds. Council action is needed to allocate all funding currently available and new funding available in FY 2021-2022 to Council District 13 from the Special Fund. A final deposit into the Special Fund in the amount of \$1 million is anticipated in December 2021.

I THEREFORE MOVE that the City Council, subject to the approval of the Mayor:

- 1) AUTHORIZE the Bureau of Engineering use of \$6,811,879.58, including any earned interest and future funding available to Council District 13 from the Hollywood Redevelopment Project Area Special Fund No. 58G (Ordinance No. 184131), to be used in conjunction with approximately \$4 million in CRA/LA Excess Non-Housing Bond Proceeds approved under previous Council Action (C.F. 14-1174-S40) for the purpose of developing a strategic Master Plan and Schematic Design documents for the Hollywood Walk of Fame, and to conduct the initial environmental reviews and any other relevant documentation necessary for the Project;
- 2) AUTHORIZE the Controller to:
 - a. Establish a new account titled "Hollywood Blvd Walk of Fame Renovation Project" (Account No. TBD) within the Hollywood Redevelopment Project Area Special Fund No. 58G, and appropriate therefrom \$6,811,879.58 and any earned interest available to Council District 13;
 - b. Transfer \$6,811,879.58 and any earned interest available to Council District 13 from the Hollywood Redevelopment Project Area Special Fund No. 58G to the Bureau of Engineering, Fund TBD, Department TBD, New Account titled "Hollywood Walk of Fame Renovation Project";
 - c. Establish a new account, if necessary, within the Bureau of Engineering, Fund TBD, Department TBD, Account titled "Hollywood Walk of Fame Renovation Project" and appropriate therefrom \$6,811,879.58 and any earned interest available to Council District 13 from the Hollywood Redevelopment Project Area Special Fund No. 58G for the performance of services set forth above; and
- 3) AUTHORIZE the Bureau of Engineering to prepare the necessary Controller instructions and make any technical corrections, with the concurrence of the City Administrative Officer, to meet the intention of this motion, and instruct the Controller to implement these instructions.

The Sunshine Canyon Community Amenities Trust Fund provides funds for financing community amenities within the City of Los Angeles, within five miles of the Sunshine Canyon landfill.

The Granada Hills Little League provides our youth with long life lessons, memories, and friendships. The organization is seeking to improve its programs and in need of funding.

Sufficient funds are available in the Sunshine Canyon Community Amenities Trust Fund which could be used for this purpose.

I THEREFORE MOVE that the Council RESOLVE that \$300,000 in the Sunshine Canyon Community Amenities Trust Fund No, 699-14 be allocated / appropriated for any aspect of the efforts / operations of the Granada Hills Little League.

I FURTHER MOVE that the City Clerk be directed to prepare and process the necessary document(s) with, and/or payment(s) to Granada Hills Little League, or any other agency or organization, as appropriate, in the above amount, from the above source, and for the above purposes, subject to the approval of the City Attorney as to form, if needed; and that, if needed, the Council member of the Twelfth District be authorized to execute any such documents on behalf of the City,

I FURTHER MOVE that the City Clerk be authorized to make any technical corrections or clarifications to the above fund transfer instructions in order to effectuate the intent of this motion.

The 10th Council District has identified the intersection of Redondo Blvd and Venice Blvd, as well as the intersection of Jefferson Blvd and Obama Blvd as locations where the absence of a left turn lane has created significant public safety and traffic concerns. Both locations have been reviewed by the Los Angeles Department of Transportation and the Department concurs that it is appropriate to install left-turn signals to improve traffic safety and mobility in the respective areas.

I THEREFORE MOVE that \$225,000 be transferred/appropriated from the Council District 10 portion of the "Neighborhood Service Enhancements" line item in the General City Purposed Fund No. 100-56 to a new account in the Transportation Trust Fund No. 840-94, entitled "CD 10 Left Turn Signal Work at Redondo/Venice and Jefferson Blvd/Obama Blvd," for the installation of left turn signals, as detailed in the text of this motion.

Health experts continue to learn more about the omicron variant of COVID-19 since it was first detected in South Africa in late November of 2021. The omicron variant spread quickly once the first case was detected in California a month later. The variant became the dominant strain in the United States overtaking the highly contagious delta variant by December 20, 2021.

According to the Centers for Disease Control and Prevention, omicron infection generally causes less severe disease than infection with prior COVID-19 variants. The presence and severity of symptoms can be affected by COVID-19 vaccination status, the presence of other health conditions, age, and history of prior infection. Data suggests that current vaccines are excellent protection against severe illness, hospitalizations, and deaths due to infection with the omicron variant.

As individuals infected with omicron began to rise, the Los Angeles County Department of Public Health progressively required stricter COVID-19 controls, such as wearing higher quality face masks, limiting public gatherings, offering ample testing, and increasing the availability of vaccinations, all of which assisted in flattening the rate of infection. Omicron cases has been falling dramatically over the last month, with 4,360 cases reported on February 7, 2022

The Los Angeles County Department of Public Health indicates that indoor mask requirements may ease once hospitalizations drop below 2,500 for seven straight days. State officials have also announced that it will likely lift its universal mask mandate, which will apply to counties without local mask orders of their own, such as San Diego, Riverside, and San Bernardino counties. It is critical that visitors and residents of California can navigate consistent health department rules and regulations. As COVID-19 cases recede, public health departments should continue to focus its efforts on COVID-19 education and administering vaccinations.

I THEREFORE MOVE that the Council request that the Los Angeles County Board of Supervisors and the LAUSD Board of Education reevaluate the indoor mask mandate in light of the State's latest announcement; and, inasmuch as COVID-19 infections and hospitalizations have significantly decreased among residents of Los Angeles County.

The annual retail sale of Christmas trees is currently permitted in lots with an aggregate area up to 600 square feet in all non-residential zones citywide between December 1 through December 25. The Los Angeles Municipal Code (LAMC) provides that the lot must be cleaned and restored to its original condition by January 8.

LAMC is silent, however, as to the sale of Christmas trees in the Two-Family Dwelling and Multiple Dwelling residential zones. Thus, further clarification is needed from the Department of City Planning as to why these higher density residential areas are not included in the list of residential zones where Christmas tree sales are disallowed.

The operation of Christmas tree lots in these zones can adversely impact the quality of life in residential neighborhoods, including excessive noise, traffic congestion and parking limitations.

I THEREFORE MOVE that the City Council instruct the Department of City Planning and the Department of Building and Safety, in consultation with the City Attorney, to report back within 60 days with recommendations for amending the Los Angeles Municipal Code to disallow the sale of Christmas trees in Two-Family Dwelling and Multiple Dwelling residential zones.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council with the concurrence of the Mayor; and

WHEREAS, in July 2020, the California State Auditor (CSA) released the "*Lanterman-Petris-Short (LPS) Act: California Has Not Ensured That Individuals with Serious Mental Illnesses Receive Adequate Ongoing Care,*" audit report; and

WHEREAS, the CSA's report recommended that the Legislature amend State law to ensure that counties are able to access important data about individuals who have been placed on involuntary holds under the LPS Act; and

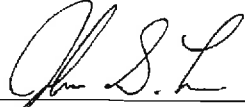

WHEREAS, under the LPS Act, the facility to which an individual is admitted under a 72-hour hold or subsequent hold is required to submit a report to the Department of Justice (DOJ) who is charged with determining the eligibility of an individual to purchase or possess firearms; and

WHEREAS, AB 681 (Ramos) would require the DOJ to electronically submit to the Department of Health Care Services a copy of the report it receives from LPS Act designated facilities regarding individuals who are detained on a 72-hour involuntary hold and thus subject to review of eligibility for owning, possessing, controlling, receiving, or purchasing any firearm; and

WHEREAS, the bill seeks to improve statewide data collection and reporting as it pertains to the LPS Act in order to more effectively meet its objective and ensure the public's wellbeing;

NOW, THEREFORE, BE IT RESOLVED, with the concurrence of the Mayor, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2021-2022 State Legislative Program SUPPORT for AB 681 (Ramos), which would require the Department of Justice (DOJ) to electronically submit to the Department of Health Care Services a copy of the report it receives from Lanterman-Petris-Short (LPS) Act designated facilities regarding individuals who are detained on a 72-hour involuntary hold and thus subject to review of eligibility for owning, possessing, controlling, receiving, or purchasing any firearm.

MOTION

In order to tackle the most pressing issue of our time — Climate Change — we must do more to meet the ambitious goals of 2030 emissions reduction targets that align with reaching net zero by the middle of the century. In late 2021, the UN Climate Change Conference in Glasgow (COP26) asked leaders across the globe to accelerate action to tackle the climate crisis through collaboration between governments, businesses, and civil society.

The transportation sector generates the largest share of greenhouse gas emissions, which necessitates an urgent need to encourage innovative solutions in transportation systems to significantly reduce emissions. As the host city for the 2028 Summer Olympics, Los Angeles can leverage the games to demonstrate its continued commitment to transforming our transportation infrastructure to reduce carbon emissions.

There are numerous efforts underway as the City prepares for the 2028 games, including the Los Angeles Cleantech Incubator's 2028 Zero Emissions Roadmap, the Los Angeles County Metropolitan Transportation Authority's TwentyEight by '28 effort to complete 28 transportation infrastructure projects before the state of the 2028 Summer Olympics, the State's efforts to eliminate the sale of gasoline-powered single occupant vehicles, and LA's Green New Deal, which sets an ambitious target date of 2050 to achieve a zero-carbon electrical grid, transportation system, and buildings, as well as zero waste and zero wastewater. President Biden's infrastructure bill will also invest billions of dollars for the clean energy economy to address climate change.

Numerous City agencies are involved in the planning, development, and construction of transportation infrastructure. It is critical that all local, state, and federal climate change efforts within the city are seamlessly integrated and coordinated.

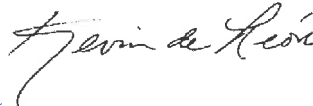

I THEREFORE MOVE the City Council to instruct the Department of Transportation, working with the Department of Public Works and any other relevant department, to report in 45 days with recommendations how to advance the City's efforts to address Climate Change, specifically related to transportation infrastructure improvements planned for the 2028 Summer Olympics, including:

- Ways to reduce the carbon footprint of public transportation and achieve the City's 2030 emission reductions targets while maximizing cost savings and optimizing the potential for additional investment in all zero-emission transportation options.
- The identification of zero emission transportation projects for the 2028 Summer Olympics.
- How to maximize and coordinate funding and grant applications for zero emissions transportation plans, programs, and projects: and
- The examination of potential City partnerships with outside public and private entities to encourage investment in zero emission transportation, including last mile connections.

I FURTHER MOVE the City Council to instruct the Department of Transportation to report back in 45 days on expanding its DTLA Mobility Investment Plan beyond downtown to meet the goals outlined in this motion.

MOTION

Los Angeles World Airports (LAWA) is in the midst of a multi-billion dollar modernization program at LAX that is designed to provide improved, state-of-the-art facilities and experience for travelers. The West Gates at Tom Bradley International Terminal (West Gates) are one aspect of those improvements.

Several of the airlines that are gated at the West Gates are airlines that primarily serve families and elderly passengers traveling internationally to home countries. Some of these airlines include Voltaris, Viva Aerobus, Philippine Airlines and El Al. Other airlines operating out of the West Gates include Air France / KLM, Hawaiian Airlines, Sun Country, Allegiant Air, Fiji Airlines and Air Tahiti Nui.

Concerns have been raised by some passengers of the airlines operating at the West Gates that the experience has declined as a result of the new concourse. Issues that have been raised include longer walks through the airport, leading to increased overall travel times, especially for elderly passengers. Lack of available concessions is also a concern for many passengers who are flying out of the West Gates.

Mitigation efforts implemented by LAWA include providing free courtesy shuttles, coupon vouchers for concessions, and efforts to open more food and shopping concessions. It is important that LAWA continues their efforts to improve the passenger experience at the West Gates and report to the City Council on those efforts.

I THEREFORE MOVE that Los Angeles World Airports authority be REQUESTED to report to the Trade, Travel and Tourism Committee on their efforts to improve the experience for passengers using the West Gates at Tom Bradley International Terminal including but not limited to:

- Dedicated security or customs lines for passengers as well as airline personnel.
- Additional courtesy carts/shuttles for passengers who need special accommodations.
- Improved signage.
- Improved concession options or easier access to other options.
