MOTION

On December 15, 2021 at approximately 11:02 p.m., 21-year-old Sabino Reyna was shot multiple times by an unknown person who fled in an unknown direction. The Los Angeles Fire Department responded to the scene and rendered medical treatment, but the victim failed to respond to the treatment and was pronounced deceased.

The person or persons responsible for this crime represent an ongoing threat to the safety of the people of Los Angeles; therefore, it is appropriate for the City of Los Angeles to offer a reward for information leading to the identification, apprehension and conviction of the person or persons responsible for the death of Sabino Reyna.

I THEREFORE MOVE that by adoption of this Motion, the City Council provide an offer of reward for information leading to the identification, apprehension, and conviction of the person or persons responsible for the death of Sabino Reyna on December 15, 2021, and in support thereof, make the following findings pursuant to Division 19, Chapter 12, Article 1 of the Los Angeles Administrative Code:

1. That the death of Mr. Reyna was caused by the willful misconduct of one or more persons.
2. That this offer of reward is consistent with and taken for the immediate protection of the public peace, health and safety of local residents, as well as visitors to the City, and is consistent with the need to arrest and convict the person who, because of not being apprehended, could by their actions further terrorize and present a continuing and immediate menace to the rights of persons in the City.
3. That what happened to the victim is an especially disturbing crime and therefore, as a matter of public policy, the City hereby offers a reward as an added inducement for persons to come forward with information leading to the identification, apprehension and conviction of the person or persons responsible for the death of Sabino Reyna.
4. That the sum of \$50,000 shall be the aggregate maximum sum of any payment or payments of a City reward in this instance.
5. That the offer of reward shall be in effect for six months from the date of the advertisement of the reward by the City Clerk.

I FURTHER MOVE that the City Clerk be directed to cause notices and/or advertisements to be duly published according to the requirements of Division 19, Chapter 12, Article 1 of the Los Angeles Administrative Code, and to thereby cause the offer of reward to become effective.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations, or policies proposed to or pending before a local, state, or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council with the concurrence of the Mayor; and

WHEREAS, the Commission on Peace Officer Standards and Training (POST) establishes minimum standards for the training, and physical, mental, and moral fitness of California peace officers; and

WHEREAS, existing POST standards mandate that basic training for law enforcement officers include procedures for interaction with persons with development disabilities or mental illness, and that trainings must be reviewed and updated regularly; and

WHEREAS, these basic training requirements reflect the reality that law enforcement officers have been required to meet an increasingly complex gamut of service needs; and

WHEREAS, according to the California Department of Public Health (DPH) an estimated 690,000 Californians currently suffer from Alzheimer’s disease, a number that is expected to double by 2040; and

WHEREAS, this drastic increase underlines the need for law enforcement and first responders to be able to identify, respond, and provide aid to individuals suffering from Alzheimer’s disease and dementia; and

WHEREAS, currently pending before the California State Legislature is AB 2583 (Mullin) which would require POST to revise their standards to include training on interaction with persons with Alzheimer’s disease and dementia; and

WHEREAS, the bill would direct POST, in collaboration with the State Aging Department, to develop and distribute a mandatory training course for peace officers on recognizing and interacting with persons with Alzheimer’s disease and dementia; and

WHEREAS, an estimated 60 percent of persons with Alzheimer’s disease will wander with law enforcement often playing a critical role in helping return those individuals who go missing; and

WHEREAS, officers need the tools to be able to serve this vulnerable population in a deliberate and effective manner, and to prevent any miscommunication that may result in the escalation;

NOW, THEREFORE, BE IT RESOLVED, with the concurrence of the Mayor, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2021-2022 State Legislative Program SUPPORT for AB 2583 (Mullin) which would require POST to revise their standards to include training on interaction with persons with Alzheimer’s disease and dementia.

WHEREAS, small businesses in the City of Los Angeles provide critical goods and services, are part of their neighborhood's identity, and generate tax revenue to fund City services; and

WHEREAS, small businesses generate thousands of jobs and are key to the City's continued recovery from the COVID-19 pandemic; and

WHEREAS, the City supports small businesses through such programs as the BusinessSource Center Program, the Local Business Preference Program, and the Council District 13 Small Business Grant Program that provided financial relief for small businesses during the pandemic (C.F. 20-0582); and

WHEREAS, the City should further assist small businesses by making it easier to hire local workers; and

WHEREAS, pending before the Legislature is AB 1864 (Gipson) which would provide tax credits to small businesses that hire workers who live near the employee's primary worksite; and
