Residents along Western Avenue and Santa Monica Boulevard have reported a significant uptick in human trafficking and prostitution along schools and daycares and directly in front of residential properties along these two corridors in East Hollywood and Greater Wilshire.

To combat some of the residential quality of life issues brought about by these activities, Council District 13 seeks to couple a services-led approach for the women being trafficked along these corridors while targeting the 'johns' who solicit their services for enforcement.

I THEREFORE MOVE that \$100,800 be transferred/appropriated from the Council District 13 portion of the "Neighborhood Service Enhancements" line item in the General City Purposes Fund No. 100-56 to the Police Fund No. 100-70, Account No. 1092 (Overtime - Police Officers) for use by the Police Department Hollywood Division to address a significant uptick in human trafficking and prostitution along schools and daycares and directly in front of residential properties along Western Avenue and Santa Monica Boulevard in East Hollywood and Greater Wilshire.

I FURTHER MOVE that the Police Department be authorized to make any technical corrections or clarifications as necessary to the above fund transfer instructions in order to effectuate the intent of this Motion.

In March 2021, a pilot program funded by Council District 5 and managed by the Bureau of Street Services was completed utilizing the proprietary and patented concrete cutting technology by Safe Sidewalks Incorporated DBA Precision Concrete Cutting (Precision Concrete Cutting). The pilot program repaired 254 sidewalk locations within Council District 5.

The Westside Neighborhood Council in Council District 5 learned of the concrete cutting pilot program performed by Precision Concrete Cutting and desires to implement the same type of sidewalk repairs along Pico Boulevard between Patricia Avenue and the 405 Freeway, Westwood Boulevard between Pico Boulevard and Santa Monica Boulevard, and along routes to Westwood Charter Elementary School and Overland Elementary School.

The Council District 5 Avenue of the Stars Community Amenities Trust Fund No. 56C was established in 2014 for improvements, pilot programs, or studies to address neighborhood concerns in the area of Council District 5 that is bounded by Century Park West and extended by an imaginary line from the southern-most end of the Century Park West at Olympic Boulevard to Pico Boulevard, Overland Avenue, the 10 Freeway, Sepulveda Boulevard, and Santa Monica Boulevard. Funds are available to perform 239 repairs in the areas referenced above.

I THEREFORE MOVE that \$60,000 in the Council District 5 Avenue of the Stars Community Amenities Trust Fund No. 56C be transferred / appropriated to the Street Services, Fund No. 100-86, Account No. 003040 (Contractual Services) for sidewalk repair work at various locations identified in the text of this Motion.

I FURTHER MOVE that the Bureau of Street Services be authorized to make any technical corrections or clarifications to the above fund transfer instructions in order to effectuate the intent of this motion.

LA Sanitation and Environment (LASAN) provides services to ensure the health and safety of our residents, communities, and the environment. Critical services include collection and recycling of solid resources materials for residential customers and City departments and collection, treatment and recycling of wastewater to produce recycled water.

Based on analysis of current payroll records LASAN has determined that the Overtime General Account does not contain an adequate balance to meet payroll for FY 2022-23. While a transfer of funds to meet this need is anticipated in the CAO’s 2022-23 First Year Financial Status Report, the timing of that report will not meet LASAN’s immediate payroll needs. Staff shortage and additional workload have necessitated the use of overtime. The projected savings within LASAN’s Fund 100 and Fund 508 are sufficient to fully cover this transfer.

I THEREFORE MOVE that the City Council, subject to the approval of the Mayor, authorize the Controller to transfer funds within Fund 100/82 and Fund 508/50 Bureau of Sanitation as follows:

	<u>Fund/Dept/Account No.</u>	<u>Account Name</u>	<u>Amount</u>
From:	100/82/001010 (SCMO)	Salaries General	\$4,000,000
To:	100/82/001090 (SCMO)	Overtime General	\$4,000,000
From:	100/82/001010 (SWRRF)	Salaries General	\$4,130,780

The City of Los Angeles is home to the largest concentration of Salvadorans outside the Republic of El Salvador, with an estimate of one million nationals who are inextricably linked to their homeland.

The civil wars of Central America created the mass migration of mostly Salvadorans to the United States. Since the 1980s, a large concentration of Salvadorans seeking refuge from these conflicts have resettled in the City. The Salvadoran diaspora living in the City has become the second largest Latino community in California, consolidating a great cultural and social influence.

Salvadorans have established themselves here by raising families, starting businesses, and celebrating their culture in the Westlake, MacArthur Park, and Pico-Union neighborhoods of Los Angeles and the area around Monseñor Romero Square, located at W. Pico Boulevard and Vermont Avenue, is officially known as the historic core for Salvadorans in Los Angeles.

This area has become a popular site for sidewalk vendors and their patrons, forming an informal Mercado Salvadoreño. Recognizing the vibrant contribution of Salvadoran immigrants to the City enhances the visibility and representation of the Salvadoran community and lays a clear framework to support cultural tourism, economic development, and public engagement in the community. In order to support the local Salvadoran vendors, it is necessary for the City to develop tools clearly outlining the City's vending policies and where vending is and is not allowed, specifically within the El Salvador Corridor.

I THEREFORE MOVE that the Bureau of Street Services and the Bureau of Engineering be instructed to develop interactive and publicly available maps that clearly show where vending is and is not allowed within the City in order to support vendors within the El Salvador Corridor in Council District 1 and vendors Citywide.
