**TIME LIMIT FILE – JUNE 19, 2023**

**(LAST DAY FOR COUNCIL ACTION – JUNE 16, 2023)**

### SUMMARY

At its regular meeting held on June 13, 2023, your Government Operations Committee considered an MFC report, dated April 19, 2023, relative to a non-profit lease agreement with the CCA for the City-owned property located at 2418–2422 Manitou Avenue in Council District 1, for the continued operation of a childcare center for low-income residents.

On February 8, 2022, the Council adopted a Motion directing GSD to negotiate and execute a new lease replacing the current lease that is in holdover status (Contract C-82110). This lease started April 1, 1990, and expired on December 31, 1994. This new term allows the City to review the community benefits and provide a new lease agreement so CCA may receive grant funding to repair the playground area and upgrade the playground equipment. Grant funding has been awarded contingent upon CCA supplying the Department of Social Services' Child Care Division a fully executed lease agreement with the City. Further, GSD's Real Estate Services Division met with Council District 1 to review the lease terms and obtained Councilmember Hernandez' support for this proposed lease.

After an opportunity for public comment was held, the Committee moved to approve the recommendation in the MFC report, as detailed above. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,

Motion

On June 13, 2023, the office of the Los Angeles District Attorney filed a criminal complaint against Councilmember Curren Price on ten felony counts of embezzlement, perjury, and conflict of interest. Charter Section 211, Suspension Pending Trial, provides that, pending trial, the Council may suspend any elected officer against whom felony criminal proceedings have been initiated.

The trial on the charges has yet to take place and a person is presumed innocent until proven guilty. The Council must respect that presumption. Pursuant to the Charter, the Council has no authority to remove an elected official from office based on charges alone, but can do so only when and if the official is convicted. However, to preserve the public trust, a Councilmember who has been charged with public corruption should not continue to exercise the powers of City office while such charges are pending.

I THEREFORE MOVE that, pursuant to Charter Section 211, the Council suspend Councilmember Price from the office of Councilmember of the 9th District of the Los Angeles City Council.

MOTION

The City of Los Angeles has six animal shelters citywide. While each shelter has its own unique functional challenges due to the physical facility layout, previous motions have attempted to address a myriad of issues facing the department such as hemorrhaging staffing levels, a decrease in kennel space and capacity, and a difficulty maintaining clean kennels.

The Harbor Animal Care Center is located in San Pedro and is the one city-run shelter that services constituents in the South Bay region. The facility recently has undergone improvements onsite, including landscaping and changes to the parking area. Currently, an aviary, or bird sanctuary, onsite exists as a designated area for birds residing in the shelter. The sanctuary generally remains largely underutilized.

**I THEREFORE MOVE** that the City Council request the Department of Animal Services in consultation with the General Services Department and the City Administrative Officer to report back in 90 days with an estimate on the cost of repurposing the aviary sanctuary and any additional modifications to expand capacity to serve the facility's functional needs.

RESOLUTION RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

WHEREAS, electronic waste (e-waste) is one of the fastest growing waste streams on the planet, and it is estimated that Californians throw away 46,900 cell phones every day and discard 772,000 tons of e-waste each year; and

WHEREAS, many discarded devices could be used again, but simple repairs are impossible without the proper tools and information; and

WHEREAS, the Federal Trade Commission (FTC) released a report, *Nixing the Fix: An FTC Report to Congress on Repair Restrictions*, which found that “[m]any consumer products have become harder to fix and maintain” because repairs tend to require “specialized tools, difficult-to-obtain parts, and access to proprietary diagnostic software;” and

WHEREAS, many consumer device and appliance manufacturers restrict consumer and independent repair shops’ access to such repair materials, instead providing them only to ‘authorized’ repair networks, reducing competition and consumer choice and resulting in higher repair prices and more devices being scrapped instead of repaired; and

WHEREAS, according to a recent report by the U.S. PIRG Education Fund, *Repair Saves Families Big: Americans Are Churning Through Electronics, and It’s Not Cheap*, repairing instead of replacing electronic products could save American households approximately \$382 each year, adding up to over \$5 billion in savings for Californians; and

WHEREAS, Senate Bill 244 (Eggman) would require the manufacturers of electronics or appliance products to make available to product owners and service and repair facilities the parts, tools, and service materials needed to diagnose, maintain, and repair their products; and

WHEREAS, providing independent repair shops and product owners with the correct information and parts to make repairs efficiently will stimulate jobs within the communities where repairs are needed, reduce unnecessary e-waste from products with simple fixes, and make it easier and cheaper to get consumer electronics and appliances fixed;

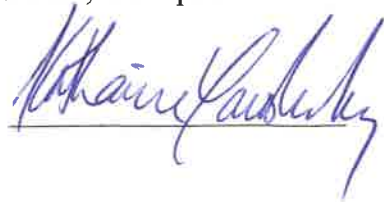

**NOW, THEREFORE, BE IT RESOLVED**, with the concurrence of the Mayor, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2023-2024 State Legislative Program SUPPORT for SB 244 (Eggman), which would require the manufacturers of electronics or appliance products to make available to product owners and service and repair facilities the parts, tools, and service materials needed to diagnose, maintain, and repair their products.

**M O T I O N**

In the event that a special election is not a legal option for a Council District seat that has a caretaker without voting authority, the City Council should thoroughly, transparently and expeditiously explore all options to ensure they have representation. Before considering or voting on any potential appointments to fill the seat, the City Council needs a detailed, public discussion of the full range of available scenarios.

I THEREFORE MOVE that Council instruct City Attorney to make a public report to the entire City Council on eligibility requirements, as outlined by the Los Angeles City Charter, for potential appointments by the City Council to fill the temporary vacancy in said Council District in 5 days.

I FURTHER MOVE that the Council instruct the Chief Legislative Analyst to report on options entailing a process for selecting a voting representative for the Council District that includes public input from constituents and civic institutions of the District.
