TRANSPORTATION COMMITTEE REPORT relative to an overview of the traffic safety improvements recently installed on Anaheim Street between Figueroa Street and Henry Ford Avenue, and related matters.

Recommendation for Council action:

NOTE and FILE the June 7, 2023 Los Angeles Department of Transportation (LADOT) report, inasmuch as this report is for information only and no Council action is required.

Fiscal Impact Statement: Not applicable.

Community Impact Statement: None submitted.

Adopted Item as Amended by Motion (McOsker – Blumenfield) - SEE ATTACHED
Ayes: Blumenfield, de León, Harris-Dawson, Hernandez, Krekorian, Lee, McOsker, Park, Raman, Soto-Martínez, Yaroslavsky (11); Nays: (0); Absent: Hutt, Price Jr., Rodriguez (3)

(49) **23-0608**

TRANSPORTATION COMMITTEE REPORT relative to issuing an Request for Qualifications (RFQ) seeking contractors to provide On-Call Professional Consultant Services.

Recommendation for Council action:

AUTHORIZE the General Manager, Los Angeles Department of Transportation (LADOT), or designee, to issue an RFQ seeking contractors to provide On-Call Professional Consultant Services.

Fiscal Impact Statement: The LADOT reports that there is no impact to the General Fund. Once the On-Call Professional Consultant Services list is established, the LADOT's use of the list is dependent on securing funds through the LADOT's budget, project budget, or other budget actions for the requested consultant services.

Community Impact Statement: None submitted.

(50) **14-0348-S1**

TRANSPORTATION COMMITTEE REPORT and RESOLUTION relative to authority to implement 15 mile per hour speed limits in School Zones on 98 street segments adjacent to 45 schools in the City of Los Angeles.

Recommendations for Council action:

1. ADOPT the accompanying RESOLUTION, attached to the May 16, 2023 Los Angeles Department of Transportation (LADOT) report, attached to the Council File, establishing School Safety Zone speed limits of "15 Miles Per Hour When Children Are Present" at 98 street segments adjacent to 44 schools within Los Angeles Unified School District boundaries and one private school in accordance with California Vehicle Code, Section 22358.4.
2. DIRECT the LADOT to implement the School Zone speed limit signs and other signs and markings necessary to provide drivers with notice of the "15 Miles Per Hour When Children Are Present" regulation that allows enforcement of this speed limit by the Los Angeles Police Department for the 98 street segments identified on Exhibit 1 of the May 16, 2023 LADOT report, attached to the Council File.

Fiscal Impact Statement: The LADOT reports that the initial estimate to authorize, purchase, and install the signs and posts at 45 schools on

overtime is \$153,750. The funds are available within the LADOT's Fiscal Year 2022-23 and 2023-24 budgets to absorb this cost.

Community Impact Statement: None submitted.

Items for which Public Hearings Have Not Been Held - (10 Votes Required for Consideration)

(52) **23-0638**

COMMUNICATION FROM THE CITY ADMINISTRATIVE OFFICER (CAO) relative to authorizing the Bureau of Engineering to execute the Participant Agreement with the County of Los Angeles for the Los Angeles Region Imagery Acquisition Consortium (LARIAC7) Data Refresh Project.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE the City Engineer, or designee, to execute the Participant Agreement with the County of Los Angeles on behalf of the City of Los Angeles and pay to the County of Los Angeles \$769,535 for the acquisition of imagery and associated products from the County-wide LARIAC7 Project.
2. REQUEST the Controller to transfer from the City departments and bureaus identified in the table attached to the City Administrative Officer (CAO) report dated May 18, 2023, attached to the Council file, totaling \$769,535 from various departmental appropriation units to a new account entitled "LARIAC7 Project" in the Engineering Special Services Fund No. 682/50 in order for the Bureau of Engineering to provide one centralized payment to the County of Los Angeles for the LARIAC7 Project.
3. DIRECT all the General Managers, or their designees, of the various City departments and Department of Public Works bureaus identified in the above recommendations to complete the transfer of funds in coordination with the Controller's Office.
4. AUTHORIZE the Bureau of Engineering, subject to the approval of the CAO, to make technical corrections as necessary to the transactions included in this report in order to implement Mayor and Council intentions.

Fiscal Impact Statement: The CAO reports that there is no additional General Fund impact. Approval of the recommendations in the CAO report will allow the Bureau of Engineering to pay \$769,535 to the County for the acquisition of imagery data from the LARIAC 7. Sufficient funding is available within the various department's budget to fund their share of cost.

Financial Policies Statement: The CAO reports that the recommendations in the report complies with the City's Financial Policies in that sufficient budgeted funding is available to support proposed expenditures.

Community Impact Statement: None submitted

MOTION

I MOVE that the matter of the Transportation Committee Report, relative to traffic calming measures and safety improvements to Anaheim Street between Figueroa Street and Henry Ford Avenue, Item 48 on today's Council Agenda (CF 22-1568), BE AMENDED to:

INSTRUCT the Department of Transportation to report with an assessment of the nearby impacts of ongoing and future projects' construction activity and road closures on the effectiveness of the traffic calming measures and safety improvements on Anaheim Street between Figueroa Street and Henry Ford Avenue. This assessment should include the projects listed below:

- Vincent Thomas Bridge Deck Replacement Project;
- Alameda Street widening from Anaheim Street to Pacific Coast Highway;
- Alameda Street widening from Harry Bridges to Anaheim Street and
- Anaheim Street widening from Farragut Avenue to the Dominguez Channel

NEIGHBORHOODS AND COMMUNITY ENRICHMENT COMMITTEE REPORT relative to the appointment of Staycee Dains as the Permanent General Manager, Department of Animal Services.

Recommendation for Council action:

RESOLVE that the Mayor’s appointment of Staycee Dains as the Permanent General Manager, Department of Animal Services, is APPROVED and CONFIRMED.

Financial Disclosure Statement: Pending.

Background Check: Pending.

Community Impact Statement: None submitted.

Summary:

On June 21, 2023, the Neighborhoods and Community Enrichment Committee considered the June 1, 2023 Mayor’s report relative to the appointment of Staycee Dains as the Permanent General Manager, Department of Animal Services. The report attached to the Council file includes some background on the matter.

After providing an opportunity for public comment, the committee moved to approve the recommendation reflected above. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,

NEIGHBORHOODS AND COMMUNITY ENRICHMENT COMMITTEE

| <u>MEMBER</u> | <u>VOTE</u> |

ITEM NO. 59

6/23/23 Council – Regular Meeting Agenda
Closed Session

MOTION

I HEREBY MOVE that the Council ADOPT the following recommendation in order to effect settlement in the refund claim case by Ticketmaster LLC. (This matter arises from a business tax payment.), **SUBJECT TO THE APPROVAL OF THE MAYOR:**

REFUND the overpayment of \$880,865.43 plus interest to Ticketmaster LLC, from Fund No. 100/62, Revenue Source 3081 (Business Tax).

This matter was recommended for approval by the Budget, Finance and Innovation Committee (Blumenfield – Price – Yaroslavsky – McOsker: “Yes”; Rodriguez: “No”) at its meeting held on June 12, 2023, in Closed Session as permitted by Government Code Section 54956.9(d)(1).

MOTION

Many households across the Country including in Los Angeles continue to face food insecurity. Households daily are facing the continued inflation cost on food to provide basic meals to children and seniors. Available data provides valuable insights into the alarming extent of food insecurity in Los Angeles. According to a recent survey conducted by the USC Dornsife Center for Economic and Social Research, a distressing 37% of low-income residents in Los Angeles faced food insecurity in 2022. These findings not only give rise to considerable concerns but also highlight the worsening crisis of food insecurity in Los Angeles, especially among low-income communities.

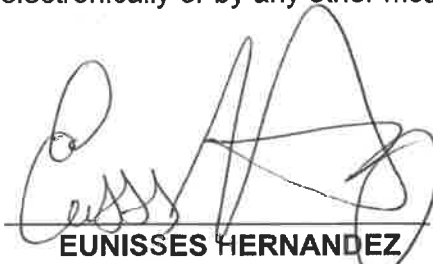

Council District 1 has the ability to respond to this crisis to provide some food resources through a unique partnership.

I THEREFORE MOVE that \$200,000 in the Council District 1 portion of the Neighborhood Service Enhancements line item in the General City Purposes Fund No. 100-56 be transferred to a new Account (21W242-CD1) in the Community Investment for Families Fund No. 100-65 entitled Central City Neighborhood Partners Mobile Food Distribution Program

I FURTHER MOVE that the Community Investment for Families Department (CIFD) be authorized to prepare, process, and execute the necessary documents with Central City Neighborhood Partners in the above amount to operate a mobile emergency food program for the term of July 1, 2023 to June 30, 2024.

I FURTHER MOVE that CIFD be authorized to make any corrections, clarifications, or revisions to the above instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections/clarifications/changes may be made orally, electronically or by any other means.

I MOVE that the Council Action of March 11, 2022 relative to a transfer of Council District 14 Neighborhood Service Enhancements funds to the Housing Authority of the City of Los Angeles (HACLA) for the HACLA/PATH 710 homeless assistance program (C.F. 20-1552), BE AMENDED to:

A. ADOPT the following revised recommendation in lieu of Recommendation No. 2 of the HOMELESSNESS AND POVERTY COMMITTEE REPORT dated March 10, 2022:

AUTHORIZE the Controller to transfer \$360,000 from the General City Purposes Fund No. 100/56, Account No. 000987 to the Los Angeles Housing Department Affordable Housing Trust Fund No. 43/44G; Appropriation No. 43VB87 - 710 Surplus Properties.

B. ADD A NEW RECOMMENDATION as follows:

AUTHORIZE the General Manager of the Los Angeles Housing Department, or designee, to enter into a Memorandum of Understanding with the Housing Authority of the City of Los Angeles to provide individual case management and housing navigation services to the 17 families residing in the 710 Caltrans properties from August 2020 to July 2023.

MOTION

There is a need for additional funding to support local neighborhood programs services and needs in Council District 1. This effort is of special benefit for the residents of the City and the 1st Council District and deserves financial assistance from the City. Sufficient funds are available in the General City Purposes portion of the 2022-2023 budget for this purpose.

I THEREFORE MOVE that the uncommitted balances of \$500,000 in the General City Purposes Fund No. 100-56, Account No. 000422 (Coalition for Responsible Community Development – CD1) and \$500,000 in the General City Purposes Fund No. 100-56, Account No. 000424 (Korean Youth Community Center, Inc. – CD1) for a total of \$1,000,000 be transferred / appropriated / allocated as follows:

1. **TRANSFER \$250,000** to General City Purposes Fund No. 100-56, Account No. 000701 (Community Services) and allocate therefrom to Pico Union Housing Corporation to support the agency's general operating expenses and that the City Clerk be directed to prepare the necessary document(s) and/or agreement(s), including any contract amendments, with Pico Union Housing Corporation, or any other agency or organization, as appropriate, in the above amount, for the above purpose, subject to the approval of the City Attorney as to form, if needed, and that the Councilmember of the 1st District be authorized to execute such agreement or other document(s) on behalf of the City.
2. **TRANSFER \$425,000** to General City Purposes Fund No. 100-56, Account No. 000701 (Community Services) and allocate therefrom to the Los Angeles County Metropolitan Transportation Authority (LA Metro) to pay for security associated with the vending pilot program at the MacArthur Park metro station and that the City Clerk be directed to prepare the necessary document(s) and/or agreement(s), including any contract amendments, with LA Metro, or any other agency or organization, as appropriate, in the above amount, for the above purpose, subject to the approval of the City Attorney as to form, if needed, and that the Councilmember of the 1st District be authorized to execute such agreement or other document(s) on behalf of the City.

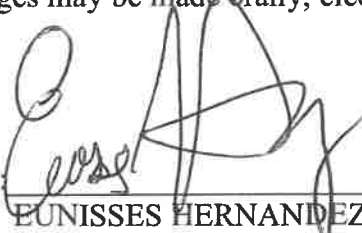

MHD

JUN 23 2023

3. **TRANSFER \$325,000** to the Department on Disability Fund No. 100-65, Account No. 003040 (Contractual Services) and allocate therefrom to Homeless Health Care Los Angeles to support the agency's homeless services programming and that Disability be directed to prepare the necessary document(s) and/or agreement(s), including any contract amendments, with Homeless Health Care Los Angeles, or any other agency or organization, as appropriate, in the above amount, for the above purpose, subject to the approval of the City Attorney as to form, if needed, and that Disability be authorized to execute such agreement or other document(s) on behalf of the City.

I FURTHER MOVE that the City Clerk be instructed and authorized to make any corrections, clarifications, or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections / clarifications / changes may be made orally, electronically or by any other means.

MOTION

PLANNING & LAND USE MANAGEMENT

Angelenos need their built environment to adapt to increasingly severe weather extremes caused by global climate change. To comfortably and safely enjoy outdoor recreation, our parks need significantly more shade in a very short period of time. While tree planting is an essential long-term strategy for increasing shade, improving air quality, preventing erosion, providing habitat for local fauna, and increasing local carbon storage, trees do not work in every location and take many years to reach their full height.

It is well established that outdoor recreation is critical for mental and physical well-being. Angelenos deserve to have shady spots to enjoy a picnic lunch or watch their children play. Our children deserve shaded play areas to protect them from sun damage and allow them to use playgrounds year round without discomfort caused by equipment that is hot to the touch. To make ample shade in our parks a reality, the city must expedite the installation of shade structures so that Angelenos can have access to high- quality shade as soon as possible.

While most structures on properties are required to go through the Department of Building & Safety (LADBS), Los Angeles Municipal Code (LAMC) 91.105.1 exempts "one-story detached accessory structures used as tool and storage sheds, playhouses and similar uses, provided the floor area is not greater than 120 square feet". The size of shade structures used by the Department of Recreation and Parks means that, per LAMC 91.105.1, shade structures for our parks must go through time-consuming LADBS review. This renders the installation of shade structures nearly infeasible in the locations where they can arguably provide the broadest benefits. We must carve out an exemption to LADBS permitting for shade structures installed at the direction of the Department of Recreation and Parks so our parks can safely be enjoyed year-round in our increasingly warming world.

I THEREFORE MOVE that the City Attorney, with the assistance of the Department of Building and Safety, be requested to draft an ordinance amending Section 91.105 of the Los Angeles Municipal Code to add an exemption for shade structures installed at Department of Recreation and Parks facilities with an area up to 1,300 square feet provided that a structural engineer has determined that the structure meets all applicable safety standards.

MOTION

The Therapeutic Van Pilot Program (Program) partnership between the Los Angeles County Department of Mental Health (DMH) and the Los Angeles Fire Department (LAFD) utilizes the DMH therapeutic transport response in conjunction with LAFD’s Tiered Dispatch System for calls involving patients with mental health crises. The Program provides mental health patients with immediate therapeutic support from DMH staff and is part of a panacea of the City’s evolving unarmed model of response for those experiencing mental health crises.

As a pilot, the Program launched in January 2021 and was designed to be launched for one year with a focus on sustaining and expanding the study areas throughout the City. The Therapeutic Vans are owned by the County of Los Angeles and staffed by a DMH Psychiatric Mobile Response Team. The teams are meant to be available 24 hours a day and are deployed from LAFD stations. Pursuant to these recent annual budgetary cycles, the Program expanded to service five geographies: Downtown, South Los Angeles, West Los Angeles, Southwest Los Angeles and the San Fernando Valley. The Program will be implemented for a second year as the City Council recently amended the Memorandum of Agreement to extend it for an additional year, ending service on June 30, 2024.

Through the Program, Fire Station 40, located on Terminal Island in Council District 15, services the Harbor and Southwest region. The location of Fire Station 40 is not easily accessible and will become increasingly difficult for ingress and egress with the future Vincent Thomas Bridge Deck Replacement Project.

I THEREFORE MOVE that the City Council direct the Los Angeles Fire Department, with assistance from the General Services Department, and in coordination with the Los Angeles County Department of Mental Health, to report within 45 days on the feasibility of moving the Therapeutic Van Pilot Program from Fire Station 40 to another dispatch center in the Harbor Area. This report should provide a list of potential LAFD stations, both active and inactive, within Council District 15 that could serve as dispatch centers for the Therapeutic Vans and should consider the location near arterials or freeways that allows for service and dispatches to be as efficient as possible.

RESOLUTION

RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies, proposed to or pending before a local, state or federal governmental body or agency, must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, California, along with other Western states, experienced severe drought conditions from 2021 until this winter. Drought, even extreme drought, is not unusual for this region, but the fact that California experienced such severe dry conditions only a few years after its worst drought on record from 2012 to 2016 has raised alarm bells across the state and the West; and

WHEREAS, the State of California has had policy in place since 1990 to reduce water use for landscape irrigation in nonfunctional turf settings, but that, nonetheless a legacy of irrigated decorative grass remains; and

WHEREAS, a large portion of treated drinking water is used to irrigate nonfunctional turf landscapes both locally and across California; and

WHEREAS, the Los Angeles Department of Water & Power is actively administering a turf replacement program, their most popular water conservation program. It offers customers rebates of five dollars per square foot for replacing both residential and commercial turf with sustainable landscaping as an effective method to reduce reliance on drinking water for landscapes; and

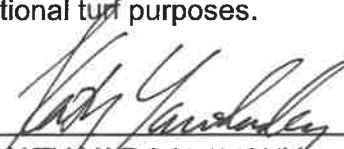

WHEREAS, currently pending in the California Legislature is Assembly Bill (AB) 1572 (Friedman) co-sponsored by Heal the Bay and the Natural Resource Defense Council to prohibit the use of drinking water for the irrigation of nonfunctional turf located on commercial, industrial, and institutional properties other than a cemetery, and require the State Water Resources Control Board to establish compliance and certification requirements no later than July 1, 2026; and

WHEREAS, AB 1572 declares the use of potable water to irrigate nonfunctional turf is wasteful and incompatible with State climate change policy, and it supports communities in saving both water and money and speed the transition to sustainable alternatives that can keep landscapes beautiful; and

WHEREAS, the City should support this bill because AB 1572 continues to advance the City of Los Angeles towards sustainability by drastically reducing unnecessary water use, and diverting that water to more vital needs.

NOW, THEREFORE, BE IT RESOLVED, that by adoption of this Resolution, the City of Los Angeles hereby includes in its 2023-24 State Legislative Program SUPPORT for Assembly Bill 1572 (Friedman) to prohibit the use of potable water for irrigation of nonfunctional turf purposes.

TRANSPORTATION

MOTION

The Port of Los Angeles endeavors to maintain an efficient, sustainable supply chain, adopting new technologies to improve the reliability, predictability and efficiency of the flow of cargo across global seaborne trade. Part of that system, the historic Vincent Thomas Bridge, which serves as a main gateway in and out of the Port of Los Angeles, was built in 1963 and spans more than 6,000 feet. Carrying an average of 44,500 vehicles a day, with 11% of those being heavy trucks, the constant heavy load has worn down the bridge's deck. The California Department of Transportation (Caltrans) will be leading work on the repairs to preserve the bridge's structural integrity as well as enhance overall safety.

The bridge's construction is anticipated to impact travel along State Route 47 (SR-47) and on nearby local and state roadways. Three construction staging alternatives are currently being presented to the community for environmental input. Caltrans recently extended the public comment period for plans to replace the deck of the Vincent Thomas Bridge. The possible detour alternatives that would be analyzed as part of this project listed in the Notice of Preparation (NOP) are located in the community of Wilmington. Those proposed detour routes are:

- West Harry Bridges Boulevard
- Alameda Street
- Anaheim Street
- Pacific Coast Highway (SR-1)
- Henry Ford Avenue (SR-47)
- Terminal Island Freeway (SR-103)

The effects of the Port on local circulation and traffic, the air quality, and overall quality of life have significantly marked the community. Today, Wilmington suffers an undue burden of truck traffic and other goods movement related issues. With the closure of the bridge, this reality will only get worse. Caltrans' proposed detour route options will not only affect the drivers who take these streets to work every day, but it will affect their health cumulatively, as well as the health of the entire community. The City must have a comprehensive evaluation of how public projects may be impacted by the Vincent Thomas Bridge Project and make every effort to mitigate these effects.

I THEREFORE MOVE that the City Council request the California Department of Transportation, in partnership with the Los Angeles Department of Transportation, Board of Public Works, Los Angeles County, and the Alameda Corridor Transportation Authority report back with a list of all of the proposed projects that are in design or in construction for the duration of the construction and completion of the Vincent Thomas Bridge Project. This should include target dates of completion for these projects as well as additional mitigation measures that could be implemented should the Vincent Thomas Bridge Project impact these projects.

MOTION

PUBLIC WORKS

Mulholland Highway is a scenic road in the Hollywood Hills that is the primary means of ingress and egress for many residents. In portions of this road, the Hollywood Sign is visible from the road itself. The segment of Mulholland Highway from Canyon Lake Drive to Durand Drive is a two-lane road with no stopping lanes, but tourists visiting this area frequently stop in the travel lanes along this road segment to photograph the Hollywood sign in locations where it is visible. This segment has no turnout and many curves, and drivers stopping or driving distracted to take photos create a hazard to their own safety and the safety of other drivers.

The Department of Recreation and Parks has installed temporary fencing along this segment of Mulholland Highway to deter visitors from stopping; however, this generates an ongoing cost for the Department and the temporary fencing is not weatherized for long-term deployment.

In order to ensure residents have safe access to their neighborhoods and for continued deterrence of drivers stopping along this segment, the City should install permanent fencing or panels that will discourage drivers from stopping along this stretch of road.

I THEREFORE MOVE that the City Council instruct the Bureau of Engineering, with the assistance of the City Administrative Officer, to report within 60 days with recommendations to replace the temporary fencing on Mulholland Highway, beginning at Canyon Lake Drive and running along a portion of the Lake Hollywood Park perimeter east to Durand Drive, with a permanent option to deter vehicles from stopping along this two-lane segment, to initiate a capital improvement project, and to identify funding for the fencing replacement.

JUN 23 2023

MOTION

The intersection of Canyon Lake Drive and Mulholland Highway in the Hollywood Hills is a popular tourist site for visitors, as it overlooks the Hollywood Reservoir to the south and sits under the Hollywood sign to the north. However, this intersection was not constructed to sustain the level of vehicular traffic it receives today and visitors often three-point-turn at this narrow intersection or continue traveling up the two-lane Mulholland Highway looking for another location to turn around.

The City should consider installing a traffic roundabout at this intersection to better facilitate safe vehicular travel in this area, improve pedestrian safety for visitors walking to the viewpoints, and enhance overall traffic flow and safety.

Additionally, the westerly portion of Canyon Lake Drive from Arrowhead Drive to Mulholland Highway and the easterly portion of Canyon Lake Drive from Mulholland Highway to about 150' to the west, feature dirt parkways between the curb and the sidewalk. Due to the steep incline, climate, and high number of visitors, this parkway is not an ideal site for vegetation, and the dirt in the parkway regularly results in mud runoff during weather events. To better weatherize this sidewalk segment, the City should concretize this dirt parkway, which will also expand the width of the sidewalk, improving pedestrian access.

Finally, the area is not currently able to have any curb designated as a loading zone due to a lack of accessible loading area.

Despite being a site of heavy tourism, the City has not invested in significant infrastructure improvements at this location. Doing so will improve visitors' experience in the City, enhance pedestrian and driver safety, mitigate disruptions to residents, and improve quality of life for residents.

I THEREFORE MOVE that the City Council instruct the Bureau of Engineering, in coordination with the Department of Transportation, to report within 90 days with a project development plan for the installation of a roundabout at the intersection of Lake Canyon Drive and Mulholland Highway with any attendant needed street improvement work.

I FURTHER MOVE that the City Council instruct the Bureau of Engineering, with the assistance of any other relevant agencies, to report within 90 days, with options to concretize the dirt parkway between the curb and sidewalk on all sections of Canyon Lake Drive from Arrowhead Drive to Mulholland Highway to reduce soil erosion and runoff, and to construct accessible loading areas to create loading zones on Canyon Lake Drive.

TRANSPORTATION

Lake Hollywood Park is a popular scenic area with unobstructed views of the Hollywood Sign and access to the Innsdale Trail and Mulholland Highway Trail. Social media and navigation apps have made the Hollywood Sign one of the most visited tourist sites in Los Angeles. There is no transit service to the location and public parking available is limited and uncontrolled. Traffic congestion, due to "cruising" and waiting for on-street parking spaces, creates public safety issues and neighborhood-wide parking problems.

Parking meters can better manage curb space, especially in a constrained area like this one. The Department of Transportation (LADOT) operates and maintains eighty-three Parking Meter Zones (PMZ) and manages 35,000+ metered parking spaces within the PMZs. Variable, demand-based pricing, can help manage available curb space and reduce cruising and waiting for parking spaces by people driving. In this particular area there are also residential areas within a two block radius of public recreational facilities, which, if a Preferential Parking District (PPD) were created, would necessitate a 4 Hour time limit, which, if not managed by price, could offset the positive impacts of using pricing to manage curb usage.

The Griffith Observatory paid parking program from the Department of Recreation and Parks (RAP) successfully uses price as a tool to better manage a popular tourist destination with similar public safety concerns as Lake Hollywood Park. That program has directed revenues to off-setting the negative impacts of tourism by providing programmatic and infrastructure funds for Griffith Park.

The City of Los Angeles has no dedicated funding source to help mitigate the negative impacts of Hollywood Sign tourism and efforts to mitigate negative impacts from tourism have been confined to line item or ad hoc overtime payments to LADOT Special Events or to the Los Angeles Police Department for holidays. Council District 4 is undertaking a multifaceted approach to tourism management for the Hollywood Sign, initiating motions for needed capital improvements, staffing, and operations and maintenance. Some portion of funds generated from a new PMZ at Lake Hollywood Park could help offset the negative impacts of massive tourism for the Hollywood Sign so that City General Funds can be spent elsewhere.

I THEREFORE MOVE that the City Council instruct the Department of Transportation, with the assistance of the City Administrative Officer (CAO) to report back, within 90 days, on:

- Steps necessary to establish a PMZ with meters, kiosks, or other payment method, for paid parking on Canyon Lake Drive between Arrowhead Drive and Mulholland Highway adjacent to Lake Hollywood Park. The report should include advice about utilizing Express Park or other demand-based pricing method;
- The ability to overlay a PMZ over a Preferential Parking District (PPD), to balance access and curb usage for Canyon Lake Drive from Arrowhead Drive to Innsdale Drive and other residential streets within two blocks of recreational facilities at Lake Hollywood Park and Innsdale Trail;
- Creation of a special fund where future PMZ Lake Hollywood Park parking revenue could be retained to pay for staffing, operations and maintenance, and capital improvements to mitigate tourism impacts associated with Lake Hollywood Park.

MOTION

TRANSPORTATION

Ordinance 187078, passed in 2021, gave the City Council authority to approve prohibitions of Tour Bus operations on streets that the Department of Transportation (LADOT) has determined to be unsafe. To make that determination, LADOT needs to undertake a study and issue a report to Council for any streets in question.

Tour Bus operations continue to pose a public safety concern for the Hollywood Knolls, Hollywood Dell, Lake Hollywood, Hollywoodland, Beachwood Canyon, and Oaks neighborhoods that sit adjacent to the Hollywood Sign. The narrow, winding streets of these neighborhoods are not suitable for large vehicles, and over the years residents have cited persistent moving violations and other infractions by Tour Bus operators. Existing streets in the area have weight restrictions Tour Buses violate which could be enforced more consistently.

I THEREFORE MOVE that the City Council instruct the Department of Transportation to report back, within 120 days, on streets where Tour Bus operations should potentially be prohibited in the area bounded by Barham Boulevard, the ridgeline of the Santa Monica Mountains, Western Canyon Road, Franklin Avenue, and the US-101 Freeway.

I FURTHER MOVE that the City Council instruct the Los Angeles Police Department, with the assistance of the Department of Transportation, to report back, within 30 days, on all streets in Council District 4 with existing 6,000 pounds restrictions per Los Angeles Municipal Code (LAMC) 80.36.1 as well as the resources needed to enforce in the Hollywood Hills on routes leading to the Hollywood Sign and Hollywood Sign views, and on routes leading to Mulholland Drive west of the US-101 Freeway and on Mulholland Drive itself on summer weekends and major holidays.
