BUDGET AND FINANCE COMMITTEE REPORT relative to a franchise agreement for the operation of a landfill in Sunshine Canyon by Browning-Ferris Industries of California (BFI).

Recommendations for Council action:

1. FIND that there is no substantial evidence in the record meeting the description in California Environmental Quality Act Guidelines Section 15162(a) which would trigger the requirement of a subsequent or supplemental Environmental Impact Report. Therefore, no additional environmental clearance is required as it relates to this franchise agreement.
2. AUTHORIZE the President of the Board of Public Works (BPW) to sign the franchise agreement on behalf of the City.
3. REQUEST the City Attorney to prepare an Ordinance, within 30 days, amending Chapter 52 of the Los Angeles Administrative Code Section 5.429, to:
 - a. eliminate the sunset clause provision in Section 5.429(l), thereby continuing to direct the BPW to request annual appropriations to the Integrated Solid Waste Management (ISWM) Trust Fund in the amount of the franchise fee derived from Sunshine Canyon that is attributed to trash hauled by the City for each fiscal year.
 - b. add language providing for review and approval by the Council of ISWM Fund expenditures authorized by the President of the BPW.
4. INSTRUCT the Chief Legislative Analyst (CLA) and the City Administrative Officer (CAO), in conjunction with the Bureau of Sanitation, to report back to the Budget and Finance Committee with an evaluation of how future franchise fee revenues should be administered in light of the anticipated decline in franchise fee revenue from City-hauled solid waste as a result of increased diversion of solid waste away from landfills to alternative uses.
