1. CONCUR in the Board of Water and Power Commissioners' action on January 26, 2006, Resolution No. 006-115, approved as to form and legality by the City Attorney, which authorizes execution of WECC Reliability Management System agreement, Department of Water and Power (DWP) No. BP 04-001, and WECC Reliability Criteria Agreement, DWP No. BP 04-002, with the WECC, to establish the terms and conditions upon which the DWP will comply with WECC's reliability standards and operating rules to maintain the reliability of the Western Interconnection.

2. PRESENT and ADOPT the accompanying ORDINANCE approving the WECC Reliability Management System agreement and the WECC Reliability Criteria agreement.

MOTION (ROSENDAHL - GREUEL) relative to the widening of the south side of 83rd Street between Lincoln Boulevard and Colegio Drive within the existing right-of-way to provide an additional eastbound to northbound left-turn lane.

(Transportation Committee report to be submitted in Council. If a public hearing is not held in Committee, an opportunity for public comment will be provided.)

(For copies of relative, staff-generated reports for this matter, please contact the Legislative Assistant for the Transportation Committee at 213-978-1076.)

ADOPTED

TRANSPORTATION COMMITTEE REPORT relative to the widening of the south side of 83rd Street between Lincoln Boulevard and Colegio Drive within the existing right-of-way to provide an additional eastbound to northbound left-turn lane.

Recommendations for Council action, as initiated by Motion (Rosendahl - Greuel),
SUBJECT TO THE APPROVAL OF THE MAYOR:

1. APPROVE the widening of the widening of the south side of 83rd Street between Lincoln Boulevard and Colegio Drive to provide for improved access and circulation in the Playa Del Rey/Westchester communities.
2. FIND that due to the intermittent and limited scope of this project, it is more feasible and economical for the work to be done by contract rather than City forces.
3. AUTHORIZE the Department of Transportation (LADOT) to negotiate and execute an agreement with the California Department of Transportation (CalTrans) in the amount of \$300,000 utilizing funds available in any appropriate account within the Coastal Transportation Corridor Trust Fund No. 447 (Department 94) for the project as described above in Recommendation No. 1, subject to the approval of the City Attorney as to form and legality.
4. AUTHORIZE the TRANSFER of \$100,000 from any appropriate account within the Coastal Transportation Corridor Trust Fund No. 447 (Department 94) to the Transportation Fund No. 100-94, Account No. 3040 (Contractual Services) for consultant services needed in the preparation of the civil engineering plans for the project as described above in Recommendation No. 1 and AUTHORIZE the LADOT to negotiate and execute the necessary agreement with a suitable consultant for this purpose subject to the approval of the City Attorney as to form and legality.
5. FIND that the services to be performed by the consultant, as described above in Recommendation No. 3, are for the performance of professional, scientific, expert, technical, or other special services of a temporary and occasional character for which competitive bidding is not practicable or advantageous and the work can be performed more economically or feasibly by independent contractors rather by City employees.
6. AUTHORIZE the LADOT to make any technical corrections or clarifications to the fund utilization/transfer instructions as detailed above in Recommendation Nos. 2 and 3 in order to effectuate the intent of the project as described in Motion and attached to the Council file.

Fiscal Impact Statement: The LADOT reports that the widening of the south side of 83rd Street between Lincoln Boulevard and Colegio Drive within the existing right-of-way to provide an additional eastbound to northbound left-turn lane would not have an impact on the General Fund.
