ADOPTED

PLANNING AND LAND USE MANAGEMENT COMMITTEE REPORT relative to an appeal on a haul route for the export of 5,500 cubic yards of soil for a project at 8538, 8540, and 8550 West Lookout Mountain Avenue.

Recommendations for Council action:

1. ADOPT the FINDINGS of the Planning and Land Use Management Committee as the Findings of the City Council that there are other projects in the area of the same type, using the same road for the hauling, at the same time, and that the categorical exemption completed for the haul route, is inapplicable and the project requires that the Department of City Planning conduct an Initial Study to assess, if any, the effects resulting from all the cumulative projects in the area.

2. RESOLVE TO GRANT APPEAL filed by Hillside Federation in conjunction with the Lookout Mountain Alliance, and Richard Sereeni, from the decision of the Board of Building and Safety Commissioners, THEREBY DISAPPROVE a haul route to export 5,500 cubic yards of soil for property at 8538, 8540, and 8550 West Lookout Mountain Avenue.

Applicant: Michael Bykov

3. REFER back to the Planning Department to conduct an the Initial Study for the purpose of assessing the effects resulting from all the cumulative projects in the area.

Fiscal Impact Statement: None submitted by the Board of Building and Safety Commissioners. Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: The Bel Air-Beverly Crest Neighborhood Council stands in unanimous support of the stateholders and residents of the Lookout Mountain Alliance and the Laurel Canyon Association in appealing the decision to approve the excavation of 5,500 cub yards from three neighboring properties on Lookout Mountain Drive. This decision, rendered by the Building and Safety Commission on Tuesday, June 6th, approves a haul route for excavation that we believe would create unsafe conditions on the public roads in the area, and further jeopardize the stability of the hillside. We strongly urge that this project be thoroughly reviewed by all appropriate City agencies.
