COMMUNICATION FROM THE CITY ADMINISTRATIVE OFFICER relative to a request to issue up to $180 million in General Obligation (G.O.) Bonds for Stormwater Projects, and $80 million in refunding bonds to refinance previously issued G.O. Bonds.

(Budget and Finance Committee report to be submitted in Council. If public hearing is not held in Committee, an opportunity for public comment will be provided.)

(For background reports and materials related to this matter, contact the Legislative Assistant for the Budget and Finance Committee at 213-978-1075.)
ADOPTED

BUDGET AND FINANCE COMMITTEE REPORT relative to authorization to issue up to $180 million in General Obligation (GO) Bonds for storm water projects, and $80 million in refunding bonds to refinance previously issued GO Bonds.

Recommendations for Council action:

1. APPROVE the necessary documents required to complete the financing for the GO Bonds, Series 2009-A and Series 2009-B, in an amount not-to-exceed $180 million for storm water projects and an amount not-to-exceed $80 million for refunding bonds, including an Authorizing Resolution providing for the issuance and sale of the bonds and a Preliminary Official Statement, including Appendix A, the City's offering and disclosure document.

2. INSTRUCT the City Clerk to place on the Council Agenda on AUGUST 4, 2009, or on an alternate date as specified by the City Administrative Officer (CAO), the adoption of a Resolution awarding to the successful bidder(s) the sale of the GO Bonds, Series 2009-A and Series 2009-B, in an amount not-to-exceed $80 million for refunding bonds.

3. AUTHORIZE the CAO to receive and open bids on the published sale date and to award the bonds to the bidder with the lowest True Interest Cost on behalf of the City, if there is no Council quorum or no meeting in City Hall on the advertised date of the sale, as described in the Notice inviting Bids for the bonds.

Fiscal Impact Statement: The CAO reports there is no fiscal impact on the General Fund as a result of the proposed GO Bonds Series 2009-A and Series 2009-B issuance because the proposed bonds and related costs of issuance will be paid from an increase in ad valorem taxes levied upon all of the taxable properties within the City. The refunding of $21.2 million in GO Bond maturities is expected to result in a net present value savings of approximately $1.12 million to property owners over the life of the bonds. This bond issuance meets the requirements of the City’s Financial Policies.

Debt Impact Statement: The CAO reports that the issuance of up to $180 million in bonds for storm water projects is anticipated to result in average debt service payments of approximately $12.6 million annually for 20 years. Issuance of the $21.2 million in refunding bonds is projected to result in net present value savings of approximately $1.12 million in GO bond debt Service over the life of the bonds. The issuances will not cause the City's debt service payments to exceed 15 percent of General Fund revenues for both voter-approved and non-voter approved debt, as established in the City's Financial Policies, Debt Management Section.

Community Impact Statement: None submitted.
