Recommendations for Council action:

1. FIND the transaction is necessary and appropriate to accomplish the City's community and economic development objectives.
2. ADOPT the accompanying RESOLUTION, [Attachment I of the Community Development Department (CDD) report dated May 18, 2011], all documents for the substitution of the existing Letter of Credit (LOC) and documents for addition of a confirming Letter of Credit, for the City of Los Angeles Adjustable Rate Certificates of Participation Series 2005A (COPs) for the benefit of Kadima Hebrew Academy, the borrower, a not for profit California corporation (Kadima).

The COPs do not have the pledge of public funds, security or repayment commitment of the City. The source of debt service and repayment of the COPs is solely the operating revenues of the borrower, and guaranteed by LOC for benefit of COP investors.

The financing structure of COPs provides for the City not to bear any financial responsibility for debt service and repayment of COPs under any circumstance. The CDD will receive a modification processing fee of \$5,000.

Recommendations for Council action, pursuant to Motion (Perry - Parks), SUBJECT TO THE APPROVAL OF THE MAYOR:

1. FIND that the private telecommunications franchise for the construction, placement and private use of conduits for voice, data and video transmission in 90 feet of the City's rights-of-way, between the new CRA's Hope Street Family Center and Catholic Health Care West Facilities, serves a public purpose as the site will be covenanted in perpetuity for public park purposes by the City and the CRA.
2. APPROVE the private telecommunications franchise fee waiver for the abovementioned project for approximately \$9,000 for the ten-year term of the franchise.
3. REQUEST that the City Attorney, with the assistance of the Information Technology Agency (ITA), prepare an ordinance waiving the franchise fee requirements contained in the Los Angeles Administrative Code with respect to a private line telecommunications facility to be installed by the CRA in the City's public right-of-way on Venice Boulevard in Downtown Los Angeles.

Fiscal Impact Statement: The ITA reports that the fiscal impact is negligible. Approval and implementation of this private line telecommunications franchise will generate slightly more than \$9,000 in franchise fees over the next 10 years during the term of the franchise.
