Fiscal Impact Statement: The CAO reports that there is no impact on the General Fund. Approval of the recommendations will result in implementation of a \$2.25 million Sustainable Communities Challenge Grant between the CDD and the U.S. Department of Housing and Urban Development (HUD) to fund the Northeast Los Angeles Collaborative Project. The TWA contract will total \$438,000 (\$175,000 for Project management and \$263,000 for the completion of the economic development study). The CDD and TWA executed a contract for an amount not-to-exceed \$326,988 which will pay for the Project management and a portion (up to \$151,988) for the economic development study. The balance of funding for the economic development study may be funded through resources allocated by the Los Angeles Department of Water and Power (LADWP) to the Department of Public Works, Bureau of Engineering (BOE) through a Cooperative Agreement. The CDD states that a portion of the TWA contract funded under LADWP/BOE Cooperative Agreement will not exceed \$200,000. As such, the recommendations are in compliance with the City's Financial Policies in that a one-time expenditure of a General Fund department is an adjunct to a one-time source of funds from HUD.
