GENERAL EXEMPTION, TRANSPORTATION COMMITTEE REPORT and RESOLUTION relative to the establishment of Temporary Preferential Parking District (PPD) No. 113 on Varna Avenue between Saticoy and Arminta Streets.

Recommendations for Council action:

1. FIND that the establishment of Temporary PPD No. 113, pursuant to Los Angeles Municipal Code (LAMC) Section 80.58.d, is exempt from the California Environmental Quality Act (CEQA) requirements under the General Exemption (Article II, Section 1 of the 2002 Los Angeles City CEQA Guidelines).
2. FIND that an adverse parking impact affecting fewer than six blocks exists, from which the residents deserve immediate relief, on Varna Avenue between Saticoy Street and Arminta Street.
3. ADOPT the accompanying RESOLUTION establishing Temporary PPD No. 113, to include the residential portions of Varna Avenue between Saticoy Street and Arminta Street, pursuant to Section 80.58.d of the LAMC.
4. AUTHORIZE the following parking restriction for use in all of Temporary PPD No. 113:

"2 HOUR PARKING, 8 AM TO 6 PM, MONDAY TO FRIDAY; NO PARKING, 6 PM TO 8 AM NIGHTLY; VEHICLES WITH DISTRICT NO. 113 PERMITS EXEMPTED."
5. INSTRUCT the Department of Transportation (LADOT) to initiate the necessary procedures for the preparation and sale of parking permits to residents within Temporary PPD No. 113, as specified by LAMC Section 80.58.
6. DIRECT the LADOT to post authorized parking restriction signs on the residential portions of Varna Avenue between Saticoy Street and Arminta Street, except for areas where parking is currently prohibited at all times in the interest of traffic flow or safety, upon receipt and verification of petitions requesting the installation of the approved parking restriction signs by residents representing at least 67 percent of the dwelling units on the street segment.

7. DIRECT the LADOT to prepare a Notice of Exemption reflecting Council's actions under Recommendation No. 1 above and file such notice with the City and County Clerks within five working days of the City Council's action.

Fiscal Impact Statement: The LADOT reports that there are over 100 preferential parking districts Citywide that require a staff of approximately 15 LADOT employees to: (1) Process requests for new districts and modifications to existing districts; (2) install and maintain signs; and, (3) enforce the preferential parking restrictions. The total cost of the Preferential Parking Program during FY 2005-06 is estimated at \$1.85 million but the LADOT estimates that only \$1.2 million in General Fund revenue will be received from the annual sale of over 195,000 Preferential Parking Permits. On August 1, 2006, Council adopted an Ordinance increasing all preferential parking fees by 50 percent to raise them to a level sufficient to fully recover the costs of operating the Preferential Parking Program. When the new permit fee Ordinance becomes effective on September 30, 2006, the revenue from the sale of permits will cover the additional cost of implementing, administering and enforcing Temporary PPD No. 113. Furthermore, the City may gain additional General Fund revenue from the issuance of parking citations to violators of the District's parking restrictions.
