**SUBJECT: RECOMMENDATIONS FOR MODIFICATION TO THE CITY RECORDS
DESTRUCTION PROCESS, OPPORTUNITIES FOR BRINGING OFFSITE
COMMERCIAL RECORDS ONSITE, AND DRAFT ORDINANCE
(Council File: 15-0616)**

Honorable Members:

SUMMARY

The City Council (Blumenfield-Koretz), (Council File: 15-0616) instructed the City Clerk with the assistance of the City Attorney to report back on the following:

- A proposal for a more efficient records management policy and destruction process, with steps required to implement proposed changes
- Opportunities for bringing offsite commercial records onsite and any potential for cost savings.

The motion further requested the City Attorney to draft any required revisions to ordinances to amend the administrative code to effectuate a revised records disposition schedule process.

In order to ensure appropriate retention of City Records, promote greater efficiencies in the City's records management program, reduce expenses associated with the storage of hard copy records, and facilitate the implementation of electronic records, the following changes to the City records policy and disposition schedule process are proposed:

1. Obtain City Council and City Attorney approval for departmental records disposition schedules. The current process for approving the records disposition schedule requires the City Clerk and City Attorney approval.
2. Allow department heads to authorize the destruction of their department's records per their records disposition schedule. The current process for approving the destruction of department records requires final approval of the City Clerk, City Attorney, and City Council.
