Dear Friends:

My son P.J. and my daughter-in-law Jessica recently blessed my wife Fabian and me with our first grandchild. Allow me to introduce young Patrick Jeremiah Wesson; one month old. He’s the extremely good looking one.

I had no idea what a thrilling new experience it could be. In our role as grandparents, we get to spend a lot of quality time doting over Patrick while he teaches us new baby-talk. Best of all, we haven’t had to change one single diaper—yet!

I’ll try not to spoil him, but what else are grandparents for? Actually, I’ve been giving that question some serious thought.

Young Patrick has been born into a world that is much different than the world in which most of us grew up. It’s a dangerous world with many threats and hazards. It’s also a world with more opportunities than ever before.

In a world of limitless possibilities, he will be able to rise as far as his abilities take him. He could even become President of the United States (I admit I get carried away—sometimes).

I want Patrick to understand that he stands on the shoulders of others who made important sacrifices to open those doors of opportunity. I want him to be proud of his family and to honor his history. I want him to care for the environment, and recognize the rewards of helping others. I want him to live a good life.

The recent tragic death of seventeen-year old Jamiel Shaw, Jr. reminds us that nothing in life is assured, and that in an instant it can all be taken away. I suppose that my role as a grandparent is to continue working to create a community, a nation, a world where a Jamiel Shaw and a Patrick Wesson and all of our youth can safely grow and thrive.

I hope you will join me in working to create that world.

Warm regards,

Herb

Councilmember Wesson, along with the CD10 community, was saddened by the tragic death of 17 year-old Jamiel Shaw, Jr., who was shot and killed near his Arlington Heights home on Sunday, March 1, 2008.

According to the Los Angeles Police Department, Jamiel was walking home Sunday evening in the 2100 block of 5th Avenue. At approximately 8:30 p.m., a few doors north of his home, two males got out of their car and asked him where he was from. When he did not respond, they shot him several times. Jamiel’s father, Jamiel Shaw, Sr., heard the gunfire and went outside only to find his son on the ground. Jamiel was taken to a hospital where he later died.

Jamiel Shaw, Jr. was a promising Los Angeles High School running back and last year’s Southern League Most Valuable Player. His mother, Army Sergeant Anita Shaw, was serving her second tour of duty in Iraq at the time of the tragedy.

$50,000 Reward

In response to the killing, the City Council adjourned in Jamiel’s memory on Tuesday, March 4, 2008, and adopted a motion by Councilmember Wesson offering a $50,000 reward for information leading to the apprehension and conviction of the individuals responsible for his death.

“This was a senseless act of violence that has deeply saddened our entire community,” said Councilmember Wesson. “I urge anyone who has information related to this shooting to come forward to help us bring these criminals to justice.”

A member of the 18th Street Gang has since been arrested and charged with the murder.

“Tree of Life” Dedication

Los Angeles officials then came together to dedicate a “Tree of Life” plaque in memory of Jamiel Shaw, Jr. The ceremony was attended by Mayor Antonio Villaraigosa, City Councilmembers Herb Wesson and Bernard Parks, and area residents. At the ceremony, Councilmember Wesson called on the United States Army to reassign Jamiel’s mother, Sergeant Anita Shaw, to duty closer to Los Angeles where she can provide needed support to young Thomas Shaw, her only remaining son. The “Tree of Life” dedication took place where Jamiel’s father found his son dying, the tree which had been planted by Mayor Villaraigosa almost three years ago as part of the city’s Million Tree Initiative.

“We want to remember Jamiel for the special person he was. We want this Tree of Life to be a memorial to his memory and a symbol of our commitment to end the cycle of violence that created this tragedy,” said Councilmember Wesson.

Mother’s Reassignment

Sergeant Shaw, Jamiel’s mother, was serving her second tour of duty in Iraq when she returned home to bury her son Jamiel. She was slated to return to Iraq to complete her tour of duty. In response to Councilmember Wesson’s appeal to the community to write letters to the Army supporting Sergeant Shaw’s request for a reassignment, her reassignment was approved. She is being reassigned to an Army base close to Los Angeles.
Councilmember Wesson participated in the National Education Association’s “Read Across America”, an annual reading motivation awareness program that calls for every child in every community to celebrate reading on or around Dr. Seuss’ birthday, March 3 to March 7, 2008. The Councilmember read Dr. Seuss’ “Cat in the Hat” to 1st graders at Pio Pico Elementary School.

Before the reading, Councilmember Wesson handed out “Honesty Awards” to those students who had found money and instead of keeping it, turned it over to school officials. In return for their honesty, the students are compensated with a cash award equal to the amount they found along with a certificate acknowledging their honesty.

Councilmember Wesson was on hand for the groundbreaking ceremony which kicked off the new expansion and enhancements at Fire Station 94 which is located on the corner of Coliseum Street and Martin Luther King Boulevard, and serves the Baldwin Hills and Crenshaw districts.

Originally built in 1960, Fire Station 94 will be expanded to cover 18,250 square feet with the addition of a 2-acre site to the rear of the existing facility. The expansion will also include a 6,000 square feet apparatus storage building and a new 2,500 square feet community multi-purpose room.

“This is an important project,” stated Councilmember Wesson. “Renovating and improving our fire stations is essential to the safety of our community. Our brave firefighters are protecting residents and they deserve an improved, modern facility.”

The estimated cost of the project is $14 million, to be funded by proceeds form Proposition F, which was approved by Los Angeles voters in 2000 to finance and rehabilitate fire stations throughout the City.
Councilmember Wesson was joined by the Department of Public Works-Bureau of Street Services, MTA, Department of Transportation and community members to celebrate the completion of phase one of Pico Boulevard's beautification project: 4 landscaped median islands were installed between Crenshaw and West Blvds.; 40 decorative trash receptacles were placed on Pico between Crenshaw Blvd. and La Brea Ave.; 15,000 sq. ft. of sidewalks and curb were repaired; 15 handicapped access ramps were installed; light poles were painted; and decorative crosswalks are now at Pico and West Blvds. intersection. The $875,000 project was funded by an MTA grant.

PICO BLVD. CORRIDOR ENHANCEMENT-PHASE 1
QUICK FACTS
Pico from Crenshaw to La Brea (one mile)
Project Scope: 4 landscaped median islands
15,000 square feet of sidewalk reconstruction
(including curbs/gutters)
15 new access ramps/40 metal trash receptacles
Over 100 pole painting
Decorative crosswalk between Pico and West Blvds.
Project Funding: $875,000 - 2001 MTA grant

MEETING OUR NEIGHBORS: WELLINGTON SQUARE
Councilmember Wesson met with the residents of Wellington Square on April 10, 2008. It was a packed house with more than 75 residents in attendance who shared their concerns and issues with the Councilmember. Councilmember Wesson listened to the residents and shared his vision for CD10 and urged the neighbors to continue to work with him to improve our community.

Wellington Square is located between Washington Blvd. on the north, the I-10 on the south, Victoria Ave. on the east and Buckingham Rd. on the west. Wellington Square Association is one of the oldest in CD10, starting in 1923.
Taking Care of the Tenth (continued)

**BETTER LIVING FOR OUR SENIORS: ROSA PARK VILLAS**

The Councilmember was joined by community leaders, senior citizens and representatives of Ward EDC Development for the ceremonial ground-breaking of the Rosa Park Villas located at Crenshaw and the I-10. The 60-unit complex will be available to low income seniors, age 62 and over, who can live independently. The complex includes 51 one bedroom apartments and 9 two bedroom/2 bath apartments each with a fully equipped kitchen and easy access to all the amenities within the complex. The amenities include a Grand Activity Room, a lounge and laundry room on each floor, a game room, exercise room, garden courts and exercise trail.

There will be an on-site resident manager who will be responsible for the smooth and efficient operation of the building as well as insuring life enhancing activities for the residents.

**IMPROVING OUR RECREATIONAL FACILITIES: CD10 PARKS**

Councilmember Wesson recognizes that the availability of recreational facilities is an important element in the development of secure, positive and enriched neighborhoods. As such, the Councilmember is committed to improving our existing parks and acquiring additional park space to further provide CD10 residents with recreational alternatives. With your support, Councilmember Wesson aims to improve the quantity and quality of parks in CD10!

**A New Park in the Country Club Neighborhood**

The Community Redevelopment Agency (CRA), at the request of Councilmember Wesson, recently acquired the property at the corner of Arlington and Olympic Boulevards, in the Country Club Neighborhood. The intent is to turn this piece of property into a pocket park. The CRA is in the process of obtaining approval for funding for the improvements necessary to transform this property into an intimate place for recreation and relaxation.

**Rancho Cienega Complex to Get a Major Facelift**

At Councilman Wesson’s direction, the Rancho Cienega Recreation Complex and the Jackie Robinson Stadium are slated to receive major improvements to its existing structures which include the stadium/track, tennis courts and pool!

The project includes a new synthetic field, pool locker room and restroom renovations, tennis court renovations, and a refurbished sport track to meet the demands of daily use. Specifically, the existing grass turf in the football/soccer field will be replaced with synthetic turf; the track will be upgraded; the tennis courts will be resurfaced and new lights and

windscreens installed; and the pool will have upgraded locker rooms and restrooms. The Councilman has designated the funding necessary and the improvements are currently in the design stage.

**La Fayette Park Breaks Ground on a New Center**

Councilmember Wesson, the Department of Recreation and Parks and the Heart of Los Angeles Youth, Inc. (HOLA) recently broke ground on improvements to La Fayette Park. The project includes improvements to the existing recreation center, new building additions and outdoor park development. The 12,200 square-foot recreation center will include a gymnasium with a full-sized basketball court, multi-purpose room, restrooms, staff offices and storage space. The multi-story facility will also feature Everychild Learning Center spaces. Outdoor improvement plans include new fencing, landscape, irrigation system and a staff parking lot.

**Two Park Improvements in the Kinney Heights Area**

The City of Los Angeles Department of Recreation and Parks, under the direction of Councilmember Wesson, recently acquired the property at 2309 West 24th Street, recognizable to those familiar with the area as the house next door to the South Seas House. Over the next months the house will be rehabilitated, along with the landscaping of the front and rear yards to conform to the existing standards of the neighborhood. It is the Councilman’s intention to use the house for additional programming and services for the residents of West Adams, Kinney Heights and surrounding communities.

Right around the corner from the South Seas House, additional improvements to the Benny H. Potter West Adams Avenues Memorial Park are currently underway. With a scheduled completion date in November of this year, the construction project includes a new universal access playground, restrooms, landscape irrigation, benches, picnic areas, and drinking fountains.

**Planning Begins for Westside Park Improvements**

Last year, the Councilman hosted a “Hotcakes with Herb” gathering at Westside Park as a way to improve dialogue between the Council Office and the community. One of the concerns raised at the event is the lack of improvements at Westside Park. In response, Councilmember Wesson brought together the relevant City departments to discuss preliminary work for its rehabilitation. The Councilmember has also held one public meeting to get the Westside Park community’s input on the improvements. Another meeting was held on April 23 and more may be scheduled, if necessary. Under the guidance of the Councilmember, Westside Park will surely see major improvements in the near future!
The residents of San Marino Street (left) experienced a bit of an inconvenience during the resurfacing of their street, but the results are worth it, as the residents of Wilton Place (right) will attest to.

**TREE TRIMMING**

Street Tree Services Crew 84 prune the trees on the 3800 block of La Brea Avenue

The trees on 30th and Edgehill and Fairfax and 18th get a spring cleaning
The CD10 Graffiti Removal Team was out on Sawyer Street painting over vandalized gates and structures.

To report graffiti within the City of Los Angeles, please follow these steps:

- Note the details of the graffiti, including the street, the cross street, the surface, and the color.
- Report the graffiti by calling 3-1-1.
- Write down the date and time you reported this incident. The graffiti should be removed within four business days.

Councilmember Wesson joined the Kaiser Permanente staff, community members and state and local officials to celebrate the opening of the new five-story hospital tower at Kaiser Permanente West Los Angeles Hospital.

“The new tower demonstrates Kaiser’s continued commitment to the residents of CD10 and their patients and will provide advanced technology within an ultimate healing environment,” said the Councilmember.

The new tower offers a healing garden, a fountain courtyard and adds 106 inpatients beds.

---

**OUT & ABOUT**

“CRAZY ON THE OUTSIDE” FILM SET

The Councilmember visited the set of Tim Allen’s new comedy film “Crazy on the Outside” to thank them for selecting CD10 locations for principal photography and shooting 40% of the movie in the district.

The producers have also provided a work opportunity for one youth from Project Save, CD10’s gang intervention program. Negotiated by the CD10 office, Chris Cullins from Project Save served as a production assistant while filming in West Adams. Chris “shadowed” the location assistant as the location team carried on its duties during principal photography. The production company was so impressed with Chris’ work that he was offered an internship for the remainder of principal photography.

Chris Cullins (l.) receives words of encouragement from Councilmember Wesson and director/actor, Tim Allen

---

“CAMPING & FISHING” SCREENING

“Camping and Fishing with Herb Wesson” was exhibited at the 16th Annual Pan African Film and Arts Festival this past February. The 45 minute documentary highlighted a camping and fishing trip organized by Councilmember Wesson and Project SAVE for 65 kids from Baldwin Village. Many of the campers attended the Sunday afternoon screening accompanied by staff from Project Save.

This production by CD10 and Channel 35 is only the second production to be accepted to screen at the PAFF. The first was another CD10 production, “Legacy of Service.” Both can be seen on our website: [www.lacity.org/council/cd10/videos](http://www.lacity.org/council/cd10/videos).

---

KAISER’S NEW HOSPITAL TOWER

Councilmember Wesson joined the Kaiser Permanente staff, community members and state and local officials to celebrate the opening of the new five-story hospital tower at Kaiser Permanente West Los Angeles Hospital.

“The new tower demonstrates Kaiser’s continued commitment to the residents of CD10 and their patients and will provide advanced technology within an ultimate healing environment,” said the Councilmember.

The new tower offers a healing garden, a fountain courtyard and adds 106 inpatients beds.
The 3rd Annual Sweethearts Luncheon was held on Saturday, March 15th, at Labodeguita De Pico Cuban Restaurant in the heart of CD10. Long time residents and friends of Councilmember Wesson were treated to a feast of Cuban cuisine and thank you treats for their continued work in the community. Herb and CD10 staff served as waiters to the delight of the guests.

Neither rain nor wind kept the Annual MLK Day Parade from taking place on January 21st. The floats rolled off on schedule, the dignitaries waved and the bands and drill teams marched proudly down the boulevard. The black and gold float carrying Councilmember Wesson and his family was warmly greeted and the crowds danced along to the beat of oldies but goodies played by D.J. Tee.

Councilmember Wesson was joined by Mayor Antonio Villaraigosa and City Attorney Rocky Delgadillo to thank James A. Smith, the 39th United States Postal Service Postmaster of Los Angeles, for his 44 years of exceptional postal service.

Mr. Smith began his postal career as a temporary letter carrier at the Oakwood (now Nat King Cole) Post Office in 1965. He became the 39th Postmaster on August 11, 2001.

The Councilmember commended Mr. Smith’s leadership, excellent service, genuine concern and commitment and invaluable contributions to the City. The City of Los Angeles wish him continued happiness and good health in his retirement and success in all his future endeavors.
In conjunction with the City of Los Angeles’ celebration of African-American Heritage Month, Councilmember Wesson along with Councilmembers Perry and Parks, paid tribute to one of Los Angeles’ most respected and dedicated public servants, Yvonne B. Burke, Los Angeles County Supervisor, 2nd District.

Supervisor Burke was honored with a DVD and gallery photo presentation entitled “Yvonne B. Burke: A Lady of Firsts” which highlighted her illustrious career. Councilmember Wesson also compiled brief testimonials to Supervisor Burke from his colleagues of the City Council, Mayor Antonio Villaraigosa, City Attorney Rocky Delgadillo and City Controller Laura Chick.

Here are a few of the major highlights of Supervisor Burke’s career:

1953 First African American woman admitted to USC School of Law since 1927, when the very first African American woman admitted, Helen Wheeler Riddle, graduated from the school.

1967 First African American woman elected to the California State Legislature

1972 First African American woman elected to the United States Congress from California

1972 First African American woman to serve as Vice-Chair of the 1972 Democratic National Convention

1973 First member of Congress to give birth while in office

1979 First African American and first woman to serve on the Los Angeles County Board of Supervisors-appointed to the Fourth District seat

1980 First woman to serve on the Board of the Los Angeles Federal Reserve Bank

1984 First African American and first woman Vice-Chair of the 1984 Los Angeles US Olympics Organizing Committee

1992 First African American woman elected to the Board of Supervisors, Second District

Supervisor Burke plans to retire at the end of her term in November, 2008.

“Supervisor Burke has been an important trail blazer who has opened many doors of opportunity for others. In the course of her career she has touched many lives, including mine. A lot of people have helped me along the way. But no one invested the amount of personal time in being a mentor. I would not have succeeded without her guidance and support. We are saddened to see her retire from the public sector. However, she leaves us an extraordinary legacy of service and commitment to our community, our state and our nation. She is indeed A Lady of Firsts.”

Councilmember Wesson
THETA MU OMEGA AKA

Councilmember Wesson joined Supervisor Burke to welcome and thank the Theta Mu Omega Chapter of Alpha Kappa Alpha Sorority for showcasing its Centennial Traveling Exhibit at the William Grant Still Art’s Center.

The exhibit celebrates AKA’s 100 years of history, community service and dedication to fostering a strong, viable sisterhood committed to serving mankind.

DR. CORNEL WEST

On Wednesday, February 27, 2008 at 7:30 p.m., Dr. Cornel West, inaugurated the Ebony Repertory Theater (ERT) Speaker Series. Founded by Wren T. Brown, ERT is now the resident theater company and operator of the Nate Holden Performing Arts Center. Dr. Cornel West is a Princeton University Professor and acclaimed NY Times best selling author of Race Matters.

Councilmember Herb Wesson provided the introduction of Dr. Cornel West. To finish the evening, Councilmember Bernard Parks made an on-stage presentation of Certificates of Congratulations to Wren Brown and Dr. West.

MISS LOS ANGELES: CHRISTINA SILVA

Councilmember Wesson honored Christina Silva, Miss Los Angeles 2008, a resident of CD10, for her dedication to helping the underserved of our community. Unfortunately, the Councilmember was unable to welcome Miss Los Angeles to the City Council and he asked Councilmember Huizar to pinch hit for him.

The Councilmember extolled Ms. Silva as a great role model for young people; her community work; and her mastery of several languages, including Mandarin.

Thank you Councilmember Huizar!
2008 PIONEER WOMAN CD10: DONNA JONES

Donna Jones is the 10th District 2008 Pioneer Woman of the Year! Donna is the mother of two and a LAUSD Special Education teacher for 20+ years and has always been active in her neighborhood. Under her leadership the West Adams Avenues Association was formed to further foster the neighborliness of the Avenues. The West Adams Avenues Association took the lead in establishing the West Adams Terrace Historical Preservation Overlay Zone (HPOZ). Donna’s tireless efforts for the neighborhood and the larger community made her CD10’s Pioneer Woman.

Councilmember Parks and Councilmember Wesson’s staff member Trudie Abraham congratulate Donna Jones

**O’Malley’s Lentil Sausage Soup**
submitted by Jen O’Malley

Ingredients:
- 2 tbsp. Olive oil
- 1.5 lbs. sausage
- 3 cloves garlic
- 1 onion
- 1 pkg. mushrooms
- 1 cup lentil
- 1 bay leaf
- 2 tbsp. cumin
- 3 sprigs rosemary
- 1 can chopped tomato
- 6 cups chicken stock
- 4 cups greens

Brown the Sausage, add garlic, onion mushroom mushroom.
Add lentils, bay leaf, cumin, rosemary, tomato, chicken broth, boil.
Cook for 15 minutes. Remove bay leaf. Serve.

**LAFD: OPERATION RIGHT MOVE**

8 Simple Rules to Yield To An Emergency Vehicle:

**DOs:**
Stay calm.
Move as far to the right side of the road as possible and stop (CA Vehicle Code 21806).
If you cannot move to the right because of another vehicle or obstacle, just stop.
Drivers should stay at least 300 feet behind emergency vehicles using their lights and sirens (CA Vehicle Code 21706).

**DON'Ts:**
Don’t pull to the left in the center lane or left turn lane.
Don’t try to beat the green light or turn before the emergency vehicle gets there.
Don’t drive through a red light or stop sign when an emergency vehicle approaches from behind.
Don’t disregard the presence of the emergency vehicle by continuing to drive.
