Dear Friends,

The LAPD has issued a community alert for a string of home invasion robberies targeting senior citizens in West Los Angeles area. It is important that we take precautions, lock doors and windows, use alarm systems, keep on outdoor lighting at night, and report any suspicious activity in your neighborhood. There is no need to create alarm or panic, but we as good neighbors should look out for each other and the safety of our community.

Please visit my website, www.councilmanrosendahl.com , and look under "Hot Topics" for more information.

Sincerely,

BILL ROSENDAHL

Councilmember, 11th District
