City Hall (213) 473-7011 West LA (310) 575-8461 Westchester (310) 568-8772

Dear Friends,

I want to invite you to take part in a determining the future of the community of West LA.

Every ten years or so, the City's Department of Planning asks residents to help write a "Community Plan," a document that is effectively the blueprint for growth and development in each planning area. The City has recently updated the community plans for Venice and Westchester-Playa del Rey, and is now working on the West LA Community Plan Update.

I encourage you to participate in the Planning Department's final public workshop. It is a great chance for you to give input on issues such as how to improve West Los Angeles' public transportation, traffic, parking, pedestrian access, and safety.

Attendees will be asked what they think the biggest problems and greatest strengths are in their neighborhoods. They will also be asked how they think the City can improve the quality of life in their community.

Details for the workshop follow. Please contact Whitney Blumenfeld, my associate planning deputy, at (213) 473-6910, if you have any further questions.

Sincerely,

BILL ROSENDAHL
Councilmember, 11th District
