

New Pay Stations at DOT Parking Lots

As you may know, the Department Of Transportation has started the initial deployment of new Park & Pay Stations at DOT's public parking lots. These new Pay Stations will improve customer convenience and reliability. As part of this deployment, the parking lots will also be refurbished and improved in general. However, as a result of implementing these improvements, there will be minor inconveniences for the communities due to lot closures, which DOT tries to minimize by keeping open parts of the lots where and when possible.

The following lot is scheduled for improvement in Council District 3 during next week. **The lot will be closed for public parking beginning Thursday May 1, 2008 from 1:00 AM through Friday, May 2nd at 8:00 AM.** The new pay station will be in service beginning Tuesday, May 6.

Don Pio & Costanso Parking **Lot No. 705** located at 21901 W Costanso St, Woodland Hills

Additional information about the Park & Pay Station deployment program is available on DOT's website at www.lacity.org/ladot.
