Walk on the Horizon June 6 to Benefit Disabled

Take a little walk and make a big difference at the third annual **Walk on the Horizon** walkathon event on Sunday, June 6th at CSUN, to benefit New Horizons' programs for adults with developmental disabilities. The non-competitive event will feature two courses (1/2 mile and 2.5 miles) adjacent to the Sierra Quad area of the campus. Registration will begin at 8, with the walk starting at 9.

"Participants are invited to create a team of family members, business associates or friends now, and be part of the fundraising and fun event," says Jacques Soriano, Chairperson for Walk on the Horizon. Teams are able to use an on-line fundraising tool to invite others to sponsor them in the walk. The event will feature varied entertainment along the courses, music, clowns, face-painters and more. Beau Boeckmann of Galpin Motors will emcee the event, and L.A. City Controller Wendy Gruell is the starter to get the walkers on their way.

For more information on Walk on the Horizon, or to register, contact Tolly Fallon at New Horizons, 818-221-0629 or tfallon@newhorizons-sfv.org or visit the website at www.newhorizons-sfv.org.

For 56 years, New Horizons' has empowered individuals with developmental disabilities such as mental retardation and autism to fulfill their dreams. Through partnerships with individuals and the business community, education, and advocacy, New Horizons creates a brighter future for its clients and the community. New Horizons is located at 15725 Parthenia Street, North Hills, CA 91343 and serves the greater San Fernando and Santa Clarita Valleys.
