

Free Layoff Aversion Services to Help Sustain Your Business

The LAEDC's team of professionals offers confidential, **free-of-charge** information and assistance to decision makers and consultants representing large and small, domestic and international businesses in the manufacturing, distribution and service industries. We are your connection to city and county officials, chambers of commerce, business leaders and economic development allies.

We are partnering with The City of Los Angeles and The City of Los Angeles Workforce Investment Board to conduct Needs Assessments with businesses in the City to identify specific needs/challenges and possible solutions or referrals to aid in business retention or lay off aversion. Please read our full list of services below.

Service Highlights Include (not all listed here):

- Private and confidential in-person Needs Assessment evaluation
- Coordinated business retention and sustainability efforts
- Job placement/ training assistance through City Of Los Angeles Workforce Investment Board
- Rapid response services for recently terminated employees
- Working with educational and job training institutions to satisfy labor needs
- Lean manufacturing programs – California Manufacturing Technology Consulting (CMTC)
- Assistance with securing tax credits, incentives and cost containment programs
- Coordination of utility and technology services
- Assistance in accessing public financing programs (local, state and federal) and Industrial Development Bonds
- Identification of traditional financing opportunities
- Coordinating with the port, Foreign Trade Zone and World Trade Center Association

The LAEDC also works in conjunction with the World Trade Center Association: Los Angeles-Long Beach location so we have access to resources well beyond the scope of Los Angeles County itself. And by working with us you will also get access to the nationally-acclaimed economic research conducted by the Kyser Center for Economist Research – led by Founding Economist, Jack Kyser and Chief Economist, Nancy Sidhu. To read more about their work please visit: www.laedc.org/reports
