Statement Councilman Dennis P. Zine Los Angeles City Councilman, Third District

"I am greatly disturbed that the Drug Enforcement Administration would initiate an enforcement action against medical marijuana facilities in the City of Los Angeles during a news conference regarding City Council support of an Interim Control Ordinance to regulate all facilities within the City. This action by the DEA is contrary to the vote of Californians who overwhelmingly voted to support medicinal marijuana use by those facing serious and life-threatening illnesses. The DEA needs to focus their attention and enforcement action on the illegal drug dealers who are terrorizing communities in Los Angeles."
