### **COUNCILMEMBER ALEX PADILLA LAUNCHES REDESIGNED, BILINGUAL WEB SITE**

**LOS ANGELES** B Councilmember Alex Padilla today announced the launch of his redesigned web site, <http://www.lacity.org/council/cd7>. Padilla is the first City Councilmember to have a completely bilingual web page. The site's special features include a calendar of events, news, photographs, staff contact information, and an online assistance request form.

"In English – *y en Español* – my web site contains important information on activities in my district and events Citywide," said Councilmember Padilla. "The Internet represents a new form of communication between government and the communities we serve. Constituents have a direct, electronic link to my office to ask for assistance, make suggestions, and give feedback on City government. I look forward to providing the most current information available on a continuing basis."

Councilman Padilla serves as the Chair of the City Council's Information Technology and General Services Committee, where he oversees policy related to the development and implementation of the City's online computer resources.
