Telecommunication Relay Services

Telecommunications Relay Service is a telephone service that allows persons with hearing or speech disabilities to place and receive telephone calls. If you have limitations hearing or speaking a specially-trained Communications Assistant (CA) can relay telephone conversations for all of your calls. In California, dial **711** to reach the California Relay Service (CRS). If you prefer having your calls immediately answered in your mode of communication, dial one of the toll-free modality- and language-specific numbers below. The call will be routed to the CRS provider.
