

## **Empowerment Congress Central Area Neighborhood Development Council Call for Candidates**

We are looking for community members to help make this community a better place.

### **What is a neighborhood Council?**

The Los Angeles city Council approved an ordinance that allows for a citywide system of neighborhood councils that act as a conduit between the city of Los Angeles and the community. It is intended to give the community a voice in dealing with issues that affect the community.

### **Who can be involved?**

Any stakeholder can participate and run for elected office. A stakeholder is defined as anyone who lives, works, owns property, a representative of a community or religious organization located in the ECCANDC boundaries that serve the community.
