Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 1 minute per speaker, unless adjusted by the presiding officer of the Board.

SB 411 Updates:

If a Neighborhood Council has a quorum of board members in a physical location, board members who wish to join the meeting via teleconferencing must adhere to AB 2449 rules and regulations. If a Neighborhood Council does not have a quorum of board members in a physical location, they must adhere to SB 411 rules and regulations.

In the event of a disruption that prevents the eligible legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the eligible legislative body's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the eligible legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the eligible legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1.

The eligible legislative body shall not require public comments to be submitted in advance of the meeting and shall provide an opportunity for the public to address the legislative body and offer comments in real time.

Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the eligible legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate.

- (i) An eligible legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to subparagraph (D), to provide public comment until that timed public comment period has elapsed.
- (ii) An eligible legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to subparagraph (D), or otherwise be recognized for the purpose of providing public comment.
- (iii) An eligible legislative body that provides a timed general public comment period that does not correspond to a specific agenda item shall not close the public comment period or the opportunity to register, pursuant to subparagraph (D), until the timed general public comment period has elapsed.

1. Call to order and Introductions

2. Public Comment (the public will have 1 minute each to speak on any subject not on the agenda)

3. New Business

- a. **Discussion: Sonali Joshi** will discuss her plans for increasing tree cover on her street in Del Rey. Members from the **Verdant Venice Group** may also aid the discussion.
- b. **Discussion and Motion possible: Discuss a potential motion to support CF 25-1046. The text of the motion is as follows:**

The Del Rey Neighborhood Council supports [CF 25-1046](#) in which the Los Angeles City Council expresses its opposition to the EPA's proposal to rescind the 2009 Endangerment Finding, and its proposal to remove Green House Gas regulations for light-, medium-, and heavy-duty on-highway vehicles. The resolution also asks the LA City Administrative Officer to express the city's position to the EPA.

Rescinding the EPA's 2009 Endangerment Finding would have wide-ranging impacts both locally in Del Rey and widely throughout the country. Without the endangerment finding, the U.S. would have fewer tools to curb GHG emissions especially from vehicles, leaving Americans more exposed to climate damages and also poor local air quality, which could mean more cases of asthma, heart disease, higher food prices from climate-stressed crops, and economic losses as U.S. companies fall behind in global clean-tech markets.

- c. **Discussion and Motion possible:** Discuss increased coyote (*Canus latrans*) sightings in Del Rey and safety concerns.

4. Topical Updates:

- a. Update on Culver Median Storm Water Capture
- b. Green Committee events, activities, and partnerships

5. Next meeting – Tuesday, November 4, 2025, 7pm
