    - c. **Motion (LUPC/Ravi Sankaran):** The DRNC supports the requested vested zone change at 12910 Culver Blvd from PF-1XL to M2-1 on condition that the applicant consider the addition of trees around the perimeter of the lot.
    - d. **Motion (Devora Rogers):** The DRNC supports [CF 25-1484](#) which seeks to regulate sober living density in Del Rey and beyond. Currently homeowners and residents have experienced the effects of a documented pattern of over-developing properties intended as “senior living” and then filing a change of use and converting them to un-regulated sober living homes with between 22 and 48 residents. Repeated requests by the community to abide by “good neighbor norms” have gone unaddressed.  
  
Research and findings from prior communities who have experienced this demonstrate that the best way to resolve many of the problems now stemming from these largely unregulated sober living facilities is by establishing minimum spacing requirements between facilities and to create thresholds based on facility size, modeled on the Costa Mesa ordinance upheld by the courts. This motion seeks to allow the City to preserve the benefits of recovery housing while avoiding the drawbacks of excessive clustering
