visiting: <http://NeighborhoodCongress.LA> The Congress is a day of education and networking that gathers more than 500 Neighborhood Council leaders each year together with local elected officials and staff from City departments and other LA-area agencies as well as members of the public who are interested in community service and local issues. NC members get the opportunity to learn from each other; meet their City Councilmembers and others who represent them; and connect with service providers.

VII. Discussion and Possible Action on the following Motions & Resolutions.

(0 Min.)

Old Business

- A. Discussion of roles and responsibilities of Neighborhood Council Sustainability Alliance representative and selection of representative.
- B. Discussion of roles and responsibilities of liaisons.
- C. Discussion of roles and responsibilities of Alliance of River Communities representative and selection of representative.
- D. Discussion and possible board action to recommend one board member to serve as a panelist to sit on a Regional Grievance Panel. The following link connects to the Neighborhood Council grievance policy in Section 22.818, Article 3 of Chapter 28 of the Los Angeles Administrative Code: <https://empowerla.org/wp-content/uploads/2016/03/Grievance-Policy.pdf>
- E. Discussion and possible action on nomination and selection of two board members as Cool Block Leaders. Please see the following link for details: https://www.ncsa.la/cool_blocks_la Whoever we select is asked to provide a report on what they are planning to do (the strategy for achieving the objectives) as the Cool Block Leaders and what they see as opportunities and challenges for achieving those objectives. Also, what support do they need from the board.
- F. Discussion and possible action to have the assigned member(s) present the updated Rampart Village Neighborhood Council Inventory Reports to the General Board for final Board review and approval.
- G. Discussion and possible action as follow-up to the Central LA virtual community workshop to develop a community-driven action plan to improve walking and biking safety focusing on neighborhood schools of Commonwealth Avenue ES, Frank Del Olmo, and Lafayette Park PC.
- H. Discussion and possible action on developing and implementing the 2023-2024 Outreach Plan for the RVNC and planning for and scheduling of a Board Retreat to set priorities for the RVNC and develop an action plan to accomplish those priorities.
- I. As recommended by the Public Safety, Housing & Transportation Committee, agendaize for the July 25, 2023 General Board meeting discussion and possible action and a presentation on a map of existing (<https://www.google.com/maps/search/electric+vehicle+charging+stations/@34.0671969,-118.2877427,15z/data=!3m1!4b1>) and proposed electric vehicle charging stations within the Rampart Village boundaries, including potentially St. Anne's parking lot, Mijoo Peace Church parking lot, the LAUSD parking lot on First Street, First and Virgil Streets, and between Bimini and Westmoreland on the north or south side of First Street. In addition to increasing the number of stations, the Committee noted that a stakeholder requested that the charging stations include theft deterrence to prevent theft of charging cables. At the October 25 Public Safety, Housing & Transportation Committee meeting, LADWP told us: Most of the opportunities that we are anticipating involve private infrastructure and that's the vast majority of the infrastructure that LADWP tries to build in the City. LADWP's Electric Transportation Programs Team runs a rebate program and they've been authorized by their Board to offer up to \$40 million per year. That's probably the best place where we want to start and the role that the RVNC could have is in connecting to LADWP the owners of those properties that we've identified or whoever is paying the electrical bill there. They would be the ones who would apply for LADWP's rebate. The way the program works is there is a space for the owners to say they will assign the rebate over to a third-party. There are multiple companies in Los Angeles that will prepare a design and they'll say if you assign the rebate over to them then they'll install the charging stations free of charge to you.
- J. Agendaize for discussion and possible action a status report on the Budget Advocates and consideration of proposing to the Budget Advocates including development of a capital infrastructure plan. Please see Council File 23-0919, 5-Year Capital Infrastructure Plan / Public Right-of-Way Projects / Mobility Equity Goals.
- K. Discussion and possible action on the HCID rollout of a database of all low-income housing created in projects using Density Bonus or Transit Oriented Communities (TOC) incentives. In

response to our analysis showing some building permits being issued to projects that ostensibly did not appear on LAHD's list of covenanted projects, LAHD completed a review of those projects with final permits issued and asked LADBS to provide information regarding LADBS' receipt of LAHD clearance for low income units. This data visualization reflects collaboration between the RVNC PSHT Committee and the Los Angeles Housing Department (LAHD) to fill the data gaps for covenants for those projects with final permits issued: [extract of join of covenants-permits and discretionary approvals 4.20.23 5.23.23 APN | Tableau Public](#)

On June 21 Building and Safety Commissioner (and former RVNC Board Member) Joselyn Geaga-Rosenthal forwarded to the General Manager of LADBS an email message from Philip. In the most recent response, Frank Lara told us on September 9 that Celeste Nguyen will update us when she returns on September 19 on where their Systems Group is in expanding the existing report based on Philip's email request. We anticipate using the expected information to reconcile the 328 remaining permit applications with covenants received by LAHD. For the slides from LAHD's April 19, 2022, presentation to the committee, please see the following link: https://drive.google.com/file/d/1hpb4YXRvA0nfw_55Lxg6srQJgNnSDoGq/view?usp=sharing

- L. Discussion and possible action to approve a letter of support for a proposed development located at 520 S Lafayette Park Place. Hector has told the developer that the Planning, Parks, Public Works and Land Use Committee will take this up.
- M. Discussion and possible action regarding concerns raised by Carolyn Burleson about the existing conditions of the 100 block of S. Occidental Boulevard. What was once a beautiful block with flowers planted on the rounders by RVNC, now looks like a slum. Weeds have grown as tall as a person in the island, and homeless encampments have taken over. There is trash everywhere. She has reported through My311, but nothing has been done. In addition, the alley between Beverly Boulevard and 3rd Street has deep potholes that have gotten worse since the rains. She has requested repairs since November, but nothing has been done. This was discussed as a non-agenda item at the May 16 General Board meeting. At the May 23 PSHT Committee meeting, we discussed that we will wait for the Council Offices for CD 1 and CD 13 to respond before we take any action. In the meantime, Carmen Medina and Hector Quezada will discuss a proposal for a plan that our stakeholders would like to pursue. Ronee has said that he will contact Carmen to update the status of this response.
- N. As recommended by the Public Safety, Housing & Transportation (PSHT) Committee, discussion and possible action regarding any follow-up that we may want to provide to our Letter of Support to ask the Councilmember for CD 13 to petition the City Council to designate and enforce under LAMC 41.18 a specific area or areas around the Central City Value High School, Everest Value School, Dr. Sammy Lee Medical and Health Science Magnet Elementary School, and New Village Girls Academy by resolution based on specific documentation. We plan to raise this issue again when the Councilmember visits us at our General Board meeting.

New Business

- O. Accept applications for the vacant board seats and make selections:
 - a. At-Large Rep: 1
 - b. Business Rep: 1
- P. APPROVE the August 2023 MER.
- Q. Discussion and possible action to address resumption of PATH Neighborhood Watch Committee meetings. At our June 20 General Board meeting, CD 13 Homeless Director Patrick Mooney said he'd reach out to PATH about this. We plan to raise this issue again when the Councilmember visits us at tonight's General Board meeting.
- R. Discussion of roles and responsibilities of RVNC budget representatives and selection of representatives.
- S. Discussion and possible action to approve a community impact statement for Council File 23-0002-S48, SB 376 (Rubio) / Human Trafficking / Victims Rights / Advocate and Support Person / Notifications / Confidentiality (Park - Rodriguez): Introduced April 12, 2023 and referred to Rules, Elections, and Intergovernmental Relations Committee. Resolution is requesting the City of Los Angeles to include in its 2023-24 State Legislative Program SUPPORT for Senate Bill 376 to provide human trafficking victims the right to have a human trafficking advocate and support person present during law enforcement and legal interviews, and notifications of their rights and confidentiality limitations. Ronee Reece will provide a proposed community impact statement.
- T. Discussion and possible action to approve a community impact statement for Council File 23-0002-S55, AB 645 (Friedman - Santiago - Ting) / Speed Safety System Pilot Program / Automated Speed Enforcement / Vision Zero Policy.

- U. Discussion and possible action to approve a community impact statement for Council File 23-0731, Rental Unit / Tenancy Termination Notices / Rent Stabilization Ordinance (RSO) / Just Cause Ordinance (JCO) / City Filing Requirement (Hernandez – Hutt – Soto-Martinez): Introduced June 28, 2023 and referred to Homelessness Committee. Motion is requesting that the City Attorney’s office, with the assistance of LAHD, to prepare and present a draft ordinance that would require all notices to terminate a tenancy for any rental unit subject to the RSO, JCO, or other applicable laws in the City of Los Angeles be filed with the LAHD, Mayor’s Office, and Council District three business days prior to the service on the tenant.
- V. Discussion and possible action to approve a community impact statement for Council File 23-0919, 5-Year Capital Infrastructure Plan / Public Right-of-Way Projects / Mobility Equity Goals.
- W. Discussion and possible action to approve a plan for board meeting set up and take down, including inviting guests, interpretation (include in outreach whether Spanish interpretation will be provided for the General Board meeting), printing the agenda and other documents, sound system, video system, Zoom and recording, and ordering and picking up food and beverages and eating utensils.
- X. As a standing agenda item, collect feedback at the end of each meeting as to what worked well and what needed improvement.
- Y. Consider whether any of the items on the Board meeting agenda (such as the minutes and MER) could be added to the consent calendar.

VIII. Adjournment

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and upon request will provide reasonable accommodation to ensure equal access to its programs, services, and activities.
