6. Discussion: SCNC Homeless Committee: Mission & Strategy Session

With no new pending legislation to discuss, this meeting will be a discussion and strategy session to set goals for the committee's role in helping solve issues related to homelessness in Studio City. We will be joined by government officials from Assemblyman Nazarian's office, Councilmember Raman's office and Councilmember Krekorian's office (CDs 4 and 2).

Please bring your questions for these representatives which can help further our understanding of how we can work together to make progress. Some of the topics may include:

Reporting - Formalize procedures for reporting those in need, encampment areas and crime, to include written information with district boundaries and contacts for each area (State/Caltrans, County, City, Law Enforcement, 311 and other relevant agencies.)

Outreach - How we can promote outreach and implementation of programs for housing, job training, mental health and drug abuse assistance and clean up.

Enforcement - How we can support enforcement of existing laws to protect our stakeholders who rent or own properties, attend school, work and/or own businesses in Studio City. In addition to enforcing Ordinance 41.18 which bars encampments within 500 feet of schools or daycares, what can be done for our stakeholders who are experiencing trespassing, theft, threats and violence on or near their properties or place of work?

Legislation - Current or proposed legislation that will assist with housing, job training, encampment clean up, mental health and drug abuse assistance and enforcement of existing laws.

Committee Structure - How we can formalize our procedures and better serve the community with relevant information via our website.

Here is a selection of links that may be helpful as background research and food for thought. These reports are not offered as a comprehensive assessment or endorsement of any point of view, but as background source material. Our committee is open to additional points of view.
