2. Government Affairs Motions

- a) Motion A: The Board of the Studio City Neighborhood Council (SCNC) *supports* Council File 24-0294 for the Bureau of Engineering, with the assistance of the Bureau of Street Services, Department of Recreation and Parks, Department of Transportation, and the Bureau of Street Lighting, to report with recommendations to determine which agencies will be responsible for maintenance of current and future pedestrian bridge and tunnel projects, as well as, the current maintenance responsibilities for existing pedestrian bridges and tunnels, including ongoing funding needs for maintenance, and to report with recommendations to ensure consistent maintenance policies across all existing pedestrian bridges and tunnels.

This motion is also to be submitted as a Community Impact Statement (CIS) to [Council File 24-0294](#)

- b) Motion B: The Board of the Studio City Neighborhood Council (SCNC) *supports* Council File 23-0700 the General Services Department and Security Services to report back in 30 days from August 31, 2023 on the infrastructure and safety upgrades necessary to resume its pre-pandemic regular schedule by January 1, 2024 for regularly scheduled monthly or bi-monthly City Council Meetings in Van Nuys to serve as a catalyst for Valley issues where more than 40% of the citizens of the City of Los Angeles reside. This report back is now 8 months overdue.

This motion is also to be submitted as a Community Impact Statement (CIS) to [Council File 23-0700](#).

3. Sustainability Committee Motions

- a) Motion A: The Studio City Neighborhood Council supports [Council File 24-0602](#) on the condition it urges the Council to amend the motion using the recommendations by the [Climate Reality Project](#). Not only does artificial turf have PFAS and pollute ground water, it also: emits methane, cannot be recycled, creates heat islands, destroys the soil beneath the turf, and suffocates surrounding trees just to name a few of the impacts artificial turf has on the community.

This motion is to be submitted as a CIS to Council File 24-0602

- b) Motion B: The Studio City Neighborhood Council recognizes the oak/walnut woodland on the Sunswept hillside, abutting Ventura Boulevard on the south side, between Sunswept and Fairway, is an important, rare, and endangered habitat. We ask CD4 to help us protect the area from development and preserve it for long term conservation. This is a request for action to CD4.

Motion brought by Chip Meehan

- c) Motion C: The Studio City Neighborhood Council believes the mature Oaks and Conifer trees that occur in the southern median between Van Noord and Fulton Avenue are amongst the largest and oldest trees in Studio City. The grove has significant community and environmental value. We request CD 4 to help us certify this planting as a community asset and help ensure its preservation and maintenance in a manner that enhances its community utility. This is a request for action to CD4.

Motion brought by Chip Meehan

4. Transportation Motions

- a) Motion A: The Board of the Studio City Neighborhood Council (SCNC) supports [Council File 21-0956-S2](#) to clarify enforcement of vehicles used as dwellings which are parked or stopped in a peak hour travel lane or at locations that do not allow stopping at any time and subject to immediate towing. These vehicles are deemed a traffic safety/hazard and have been inconsistently enforced.
- b) Motion B: The Board of the Studio City Neighborhood Council (SCNC) requests Councilmember Nithya Raman and the Los Angeles Department of Transportation (LADOT) to install Speed Humps on Woodbridge Street at appropriate intervals between Whitsett Avenue and Coldwater Canyon Avenue.

5. PUBLIC SAFETY COMMITTEE PASSED MOTIONS – April and May

- a) Motion A: The Board of the Studio City Neighborhood Council (SCNC) supports Council File 23-0002-S123: SB 1509 (Stern) / Negligent Operator Treatment (NOT) in California Act / 26 mph or higher / Two-Point Violation / Drivers License Suspension / Revocation. California ranked second in the country for the most speed-related traffic fatalities in both 2020 and 2021, and in 2023 it marked the first time there were more traffic fatalities in the state than homicides. In 2021, there were 4,285 traffic fatalities. Speed-related traffic collisions are a growing safety danger to all Californians. All of us have seen reckless drivers speed through our neighborhoods with abandon. A bill in the State Senate, SB 1509, would help combat speeding vehicles by increasing points from one to two for a conviction of driving 26 mph or higher over the posted speed limit; thereby placing the driver's license at risk of suspension or revocation. The SCNC urges the City Council to support this bill to help mitigate reckless driving and speed-related collisions. This would make our community safer.

This motion is also to be submitted as a Community Impact Statement (CIS) to [Council File 23-0002-S123](#).

[BILL: SB 1509](#)

- b) Motion B: The Board of the Studio City Neighborhood Council (SCNC) supports Council File 24-0562: Bus Driver / Transit Rider / Safety / Protection / Assessment / Los Angeles Department of Transportation / Los Angeles Police Department / MV Transportation / Teamsters Local 572. Bus drivers of the Los Angeles County Metropolitan Transportation Authority (Metro) staged a “sick out” in April 2024 to protest assaults and other safety concerns against bus drivers. Unfortunately, such assaults are all too common on the Metro. In April, a DASH driver was assaulted by a homeless woman. A rider of the Red Line was fatally stabbed recently. This is unacceptable. While city officials want the public to use public transportation like buses and the subway more, the public will not use the city’s transit system as long as safety concerns remain. Our public servants and residents should not be subjected to violence when using Metro transportation. More needs to be done, such as hiring more peace officers to patrol the Metro system. This motion instructs the Los Angeles Department of Transportation (LADOT) to report on an assessment of bus drivers’ and transit riders’ safety concerns and to provide recommendations to protect both workers and the public from violence.

This motion is also to be submitted as a Community Impact Statement (CIS) to [Council File 24-0562](#).
