In Person and on Zoom

10). Motion for Reconsideration of April 3, 2025 Agenda Item 6.B. Pursuant to the Bylaws, the Board will consider a motion to reconsider the action taken on 4-3-2025, Agenda Item 6.B., regarding approval of a Neighborhood Purpose Grant (NPG) for \$500 to Beautify L.A. for supplies for hygiene kits for the homeless.

- B. Proposed Action** – If the motion for reconsideration is approved, the Board will discuss and take action on whether or not to proceed with the NPG, with a proposed action to not move forward with funding in the amount of \$500. – **DISCUSSION AND ACTION**

11). Proposed Community Impact Statements (CIS):

A. Support for Council File 25-0441, which instructs the City Attorney, with assistance from the Bureau of Street Services and the Los Angeles Police Department, to report on enforcement of LAMC Sec. 62.17 4, Injury to Trees, including the current penalty for violations as well as recommendations to update or strengthen the code. This motion is in response to the destruction of trees that took place Easter weekend in Downtown and nearby neighborhoods. – **DISCUSSION AND ACTION**

B. Community Impact Statement (CIS) re Council File 25-0002-S13: This motion requests that the City include support for Assembly Bill 467 (Fong) in its 2025-2026 State Legislative Program. AB 467 seeks to extend the authorization for Neighborhood Councils to use alternate teleconferencing provisions, allowing them to continue conducting remote meetings through January 1, 2031. Proposed CIS: *“Among the City's neighborhood councils, UNNC is a pioneer in its use of Zoom and hybrid technology. In a regularly scheduled meeting on June 5, 2025, the Board voted to support Council File 25-0002-S13, requesting that the City Council support AB 467 (Fong), to help ensure NCs including UNNC's continued flexibility and accessibility for public participation in local governance.”* – **DISCUSSION AND ACTION**

C. Community Impact Statement and Letter RE Council File: 25-0002-S19, SB 79 (Wiener) State Zoning Standards / Train Stations / Major Bus Stops / 7-Story Multifamily Housing: SB 79 would establish new state zoning standards around train stations and major bus stops to allow 7-story multi-family buildings, and some lower height standards up to half a mile away from such stops. The City Council motion notes, “while the intent of SB79 may be to address issues around the supply of housing, the bill's provisions further undermines local governance, circumvents local decision-making processes, and imposes unintended burdens on communities; ...Los Angeles has a strong interest in maintaining what little remains of local control over land use and zoning laws to best serve the needs of its residents, ensure community input, and protect the unique character of neighborhoods while still complying with state housing needs.” The Council motion opposes SB79. UNNC's proposed Community Impact Statement (CIS) and letter SUPPORTS the Council Motion. (see *Draft CIS in agenda packet*). -- **DISCUSSION AND ACTION**

Telecommunication Relay Services: Telephone communication is one of the most important forms of communication in society today. Due to advancements in technology, telephone devices have evolved with new services and capabilities. Individuals who are deaf and hard of hearing, and individuals with a speech disability are following these trends and are rapidly migrating to more advanced telecommunications methods, both for peer-to-peer and third-party telecommunications relay service (TRS) communications.

Telecommunications Relay Service is a telephone service that allows persons with hearing or speech disabilities to place and receive telephone calls. TRS is available in all 50 states, the District of Columbia, Puerto Rico and the U.S. territories for local and/or long distance calls. TRS providers – generally telephone companies - are compensated for the costs of providing TRS from either a state or a federal fund. There is no cost to the TRS user. What forms of TRS are available?

There are several forms of TRS, depending on the particular needs of the user and the equipment available: TRS includes: Text to Voice TIY-Based TRS; Speech-to-Speech Relay Service; Shared Non-English Language Relay Service; Captioned Telephone Relay Service; Internet Protocol Relay Service; and Video Relay Service.
