Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting.

The Van Nuys Neighborhood Council does not condone disrespectful and/or harmful speech. We apologize in advance to those attending this meeting who may hear such language during any public comment. We are obligated to uphold an individual's right to free speech. However, we want to be clear that all comments made at this meeting must be in the jurisdiction of this body, directed to this body as a whole, and, if made during any time other than General Public Comments, must be specific to an agenda item.

Public comment is limited to a maximum of 2 minutes per speaker per item with a maximum of 10 minutes total per meeting, unless adjusted by the presiding officer of the Board. **Actual time for each comment will be recorded in 30 second increments (i.e., 30 sec., 1 min., 90 sec., 2 min.).**

Stakeholders are asked to respect the timekeeper when you are alerted that your time has expired.

Van Nuys Neighborhood Council Board Members are reminded not to cut off, interrupt, or otherwise engage with Stakeholders during their allotted time for public comment.

Speakers shall limit their comments to matters relevant to the item on the agenda. The Chair may rule that the speaker is out of order if the comments are not germane to the item under consideration.

Speakers shall direct their comments to the Board (not to an individual).

Stakeholders are welcome to offer comments -- both during General Public Comment and Public Comments on specific agenda items -- but the Van Nuys Neighborhood Council requests that Stakeholders do not disrupt the meeting for other Stakeholders in attendance. We ask that Stakeholders refrain from calling out or participating in behavior that would disrupt the Board Meeting of the Van Nuys Neighborhood Council. Stakeholders will be given an initial warning. There may be two additional warnings before the stakeholder is asked to leave the meeting due to disruptions of the meeting.

All public comments must be made into the microphone at the lectern to facilitate the capture of a clear recording of the meeting.

Key requests from this Council Motion are shown in the box below:

I THEREFORE MOVE that the Board of Neighborhood Commissioners, with assistance of the Department of Neighborhood Empowerment, the Youth Development Department and the City Clerk, be requested to provide recommendations on potential methods and options to amend the Neighborhood Council Bylaws (Bylaws) to ensure youth participation in Neighborhood Councils including the designation of a youth seat on each Neighborhood Council board to increase diversity and allow for leadership growth;

I FURTHER MOVE the Board of Neighborhood Commissioners, with assistance of the Department of Neighborhood Empowerment and the City Attorney, be requested to report to the Council on potential options to amend the Bylaws to include term limits for Neighborhood Council board members in order to facilitate greater member participation and leadership development.

- 12.** Discussion and possible action to recommend that the Board approve a Resolution and CIS to encourage continued funding and staffing of the CERT program in the LA Fire Department Budget. (See possible language and background on pages 12-13.)
- 13.** Discussion and possible action to appoint Quirino de la Cuesta as a CIS filer.
- 14.** East Valley Animal Shelter Pets of the Month. Because Animal Services staff paused the virtual adoption program to focus on pets impacted by the wildfires, they offered VNNC the option to feature two Pets of the Month in our agenda, on our website, and in social media. See current pets on page 14.
- 15.** Discussion and possible action on tabled item from 2/26 Special Board Meeting regarding review/approve letter of support to Councilmember Imelda Padilla, Council District 6 advocating for the utilization of art fees paid by developers to acquire and install an original art work on the Van Nuys Civic Plaza. Neighborhood Council Board Member Oath

I pledge to represent my neighborhood with dignity, integrity, and pride.
I will encourage other points of view, even when they differ from my own.
I will respect, value, and consider everyone's opinion.
I will find the good in my neighborhood and praise it and promote it.
To my neighbors, and to neighborhoods throughout the City of Los Angeles, I pledge to do this to the best of my ability.

Proposed Letter Advocating for the Planting of Native Trees on Van Nuys Blvd.

To: Mayor Karen Bass

Cc: Mayor Bass's East Valley Area Representative Betsaira Aguilera
betsaira.aguilera@lacity.org,

At the meeting of the Community Leadership Council for Metro's ESFV Light Rail Project on October 24th, Lisa Karwoski, Deputy Project Manager, Design, made a presentation on the plan for replacing all of the street trees along Van Nuys Blvd. from the G Line north to San Fernando Road when the Light Rail Line is constructed (due for completion in 2031). It was explained that Metro has determined that all of the sidewalks along the 7 miles of Phase I of the ESFV Light Rail Line will be replaced and that over 500 street trees that currently line Van Nuys Blvd. will need to be removed. Unless Metro can be persuaded to try to preserve some of the current mature shade trees, there will be over 1000 replacement trees planted – including some to be placed on cross streets and other streets close to Van Nuys Blvd.

The Van Nuys Neighborhood Council (VNNC) is in favor of having the new trees selected from diverse varieties of California native trees. There are many advantages to planting native trees that are adapted to the climate of the SFV, including the fact that such trees need minimal watering (once the new trees have been established) and minimal fertilizer because they evolved to be a good match with the local climate. In addition, native trees support local biodiversity and provide a home for native birds and insects (such as butterflies).

The VNNC understands that there is a need to advocate with City officials to expand the list of California native trees that are approved to be planted as street trees. We support the efforts of VNNC President Kathy Schreiner (who is also a member of the ESFV Light Rail Community Leadership Council) to coordinate with Council District 6, the Neighborhood Council Sustainability Alliance, and the Community Forest Advisory Commission to advocate with the Mayor's Office and appropriate City staff (including the Urban Forestry Division and the Bureau of Street Services) to approve more species of native trees to be planted as street trees.

Sincerely,
Kathy Schreiner, President
Van Nuys Neighborhood Council

COMMUNITY IMPACT STATEMENT ON COUNCIL FILE 24-0867

On February 12, 2025, the Van Nuys Neighborhood Council voted ___ yes, ___ no, ___ abstain to oppose the motion in Council File 24-0867 that proposes that the Council require each Neighborhood Council to have at least one youth member and to have term limits.

We believe that each Neighborhood Council should be able to determine the composition of Board seats to best represent the community. While the Van Nuys Neighborhood Council does include a Youth Representative in its bylaws, we acknowledge the difficulty of filling this seat because of the time commitment involved in serving on the Board and the many demands on the time of the high school age students who would qualify to fill the seat.

The City Charter gives Neighborhood Councils the responsibility for establishing through bylaws whether to have 2 or 4 year terms per seat and whether to establish term limits for Board positions. We do not believe that the City Council should be involved in mandates regarding the composition of individual Neighborhood Councils.

There is no evidence that long-term Board members are causing a problem for Neighborhood Councils. Most Neighborhood Councils, Van Nuys included, experience quite a bit of turnover of Board members – including members who do not even serve their initial 4-year term due to various life circumstances, such as change of job, health challenges, family obligations, etc. Having some stable and experienced Board members is useful for a Board and can help with meeting quorum.

Thank you,

Van Nuys Neighborhood Council

PETITION

Subject: Save the Old Bargain Bookstore (14426 Friar Street) in Van Nuys, CA 90401

To: Mayor Karen Bass, Councilwoman Imelda Padilla, government and planning officials,

WHEREAS, the community of Van Nuys is beginning to experience significant growth and development while updating our community plans to ensure sustainable development that aligns with the needs of residents and businesses while also preserving the area's rich history;

WHEREAS, the Old Bargain Bookstore is more than just a building—it is a piece of Van Nuys' history and cultural heritage, representing decades of cherished memories and a commitment to community values.

WHEREAS, the bookstore has long been a landmark in our neighborhood, fostering a love of reading and learning while serving as the only bookstore in the area, making it an integral part of Van Nuys' identity;

THEREFORE, we urge the City of Los Angeles to take action to designate the Old Bargain Bookstore at 14426 Friar Street in Van Nuys as a protected historic building to prevent any major alterations, construction, or demolition.

Protecting the Old Bargain Bookstore is not just about saving a building; it is about honoring the stories, connections, and history that have defined our community for decades.

Sincerely,

(Signatures)

COMMUNITY IMPACT STATEMENT ON COUNCIL FILE 24-1453

On February 12, 2025, the Van Nuys Neighborhood Council voted __ yes, __ no, __ abstain to support the motion in Council File 24-1453 that proposes that the City set up a dedicated website for the Sepulveda Basin to overcome persistent communication challenges between the public, City departments, federal agencies, and community stakeholders regarding what is happening in this space.

The VNNC enthusiastically supports Councilmember Imelda Padilla’s vision for this website to include the following types of information:

- Current information on existing recreational facilities, events, and programming within the park, including community activities, festivals, sports leagues, and Olympic-related events.
- Updates on construction and infrastructure projects.
- Transportation and navigation within the park.
- Emergency alerts related to safety concerns, natural disasters, or traffic impacts.
- Volunteer and community opportunities to engage in basin cleanups, tree planting, and efforts related to Olympic preparations.
- Ongoing sustainability initiatives, including environmental restoration projects and flood control improvements, in coordination with the USACE and other relevant agencies.
- Links to active community groups such as the Lake Balboa, Van Nuys, and Encino Neighborhood Councils, the Audubon Society, and the Sepulveda Basin Wildlife Refuge Steering Committee, to ensure local stakeholders are integrated into communication efforts and the public can engage with these groups.
- Environmental and sustainability efforts, highlighting improvements tied to the Vision Plan and the USACE's Master Plan, ensuring that the basin remains a key flood control and environmental asset.
- Multilingual features on the website to make information accessible to diverse communities in Los Angeles – as well as international visitors expected during the 2028 Olympics.
- Opportunity for community input to ensure the website meets the needs of local park users and international visitors, with a special focus on accessibility during Olympic preparations, public safety, and implementation of the Vision Plan and the USACE's Master Plan.

Resolution

Community Emergency Response Team (CERT) Program Support

February 12, 2025

To: Mayor Bass, LA Fire Chief Crowley, LA Board of Fire Commissioners, Councilmember Imelda Padilla, Councilmember Adrin Nazarian, Councilmember Nithya Raman, and City Council members on the Budget Committee

The Van Nuys Neighborhood Council strongly supports the successful LAFD Community Emergency Response Team (CERT) program. The CERT program trains community volunteers in best practices and how to respond in the event of earthquakes and other disasters. CERT trained volunteers are prepared to help themselves, their neighbors and their communities when an emergency happens, thus allowing the LAFD to concentrate their efforts in highest-need areas. CERT volunteers also consistently support the LAFD's responses to their routine activities. This is especially critical during emergencies. Some CERT trained volunteers can and do continue their training in hopes of joining the ranks of the Call Out teams that are especially important during emergencies. In 2024, the CERT unit conducted the following trainings: 2,357 CERT students; 2,700 Hands-Only CPR students and 961 Fire Extinguisher students. A total of 940 hours of service has been performed by the CERT Call Out volunteers. Considering that we never know when a city-wide emergency might occur and considering that when it does the investment in the CERT program will contribute immeasurably to the resilience and recovery of the city, the Van Nuys Neighborhood Council urges the city leaders to continue funding and staffing the LAFD CERT program.

Thank you,

Background (reflects info learned prior to January's horrific fires):

At the VANC (Valley Alliance of Neighborhood Councils) December meeting, we learned from Cindy Adair, CERT instructor and member of the Sherman Oaks Neighborhood Council, that the Community Emergency Response Team (CERT) program is in danger of being ended (or at least paused). We learned that due to budget constraints, the LA Fire Chief is proposing that some or all of the current CERT instructors be transferred to other LAFD units and that others who have a work-related disability may be asked to retire. If that happens, there certainly will be an effect on CERT training classes after March or April of 2025. Additionally, it is not known what might happen to the Call Out teams if the CERT unit loses staff or is disbanded.

The proposed resolution is copied from a draft resolution prepared by Leonard Schaeffer, Board of Neighborhood Council Commissioner, President of the Tarzana Neighborhood Council, and chair of the Neighborhood Council Emergency Preparedness Alliance (NCEPA). Vice President Jennifer Clark of the North Hollywood Northeast Neighborhood Council identified a Council File related to the Fire Department's Budget that provides context regarding budget constraints.

Proposed Letter advocating for Use of Art Fees for a Public Art Project

Councilmember Imelda Padilla

Council District 6

14410 Sylvan Street, Ste. 215

Van Nuys, CA 91401

RE: Public Art Proposal for the Van Nuys Civic Center – “Wind Sculptural Installation”

Dear Councilmember Padilla,

The Van Nuys Neighborhood Council is excited to share our enthusiastic support for bringing public art to our community. Through our Planning and Land Use Committee (PLUM) meetings, we have engaged in meaningful discussions with Ms. Ayndrea Wilson of the California Artist Coalition of Los Angeles (CACLA) regarding a proposed public art project for the Van Nuys Civic Center.

On November 13, 2024, during our general board meeting, Ms. Wilson presented an inspiring proposal featuring the work of renowned visual artist Mr. Paul Chilkov. His envisioned “Wind Sculptural Installation” would be a transformative addition to the grounds of the Van Nuys Civic Center. The board and community members expressed strong enthusiasm and support for this project, recognizing its potential to celebrate creativity and foster pride in Van Nuys.

The Van Nuys Neighborhood Council firmly believes in the power of the creative arts as a catalyst for economic revitalization, community engagement, and cultural enrichment. Public art can reimagine and redefine our neighborhood, serving as a beacon of inspiration and drawing businesses and visitors to the area.

We also have full confidence in the expertise of CACLA, under the leadership of Ms. Wilson, to bring this vision to life. Ms. Wilson has demonstrated a deep understanding of managing public art initiatives and highlighted how the 1% Art Development Fee could be utilized effectively for this project. Her guidance ensures that Van Nuys will benefit from thoughtful and impactful public art installations.

We respectfully urge you and your office to support this initiative and work with CACLA to bring Mr. Chilkov’s “Wind Sculptural Installation” to the Van Nuys Civic Center. This project represents a unique opportunity to enhance our community’s vibrancy and cultural identity. Thank you for your leadership and for considering this vital proposal for the future of Van Nuys.

Sincerely,

Kathy Schreiner

President

Van Nuys Neighborhood Council
