

LADOT Commercial Rideshare & Mobility Presents:

Upfront Pricing for Taxis

For Taxi Commission Meeting

Thursday, April 17, 2025

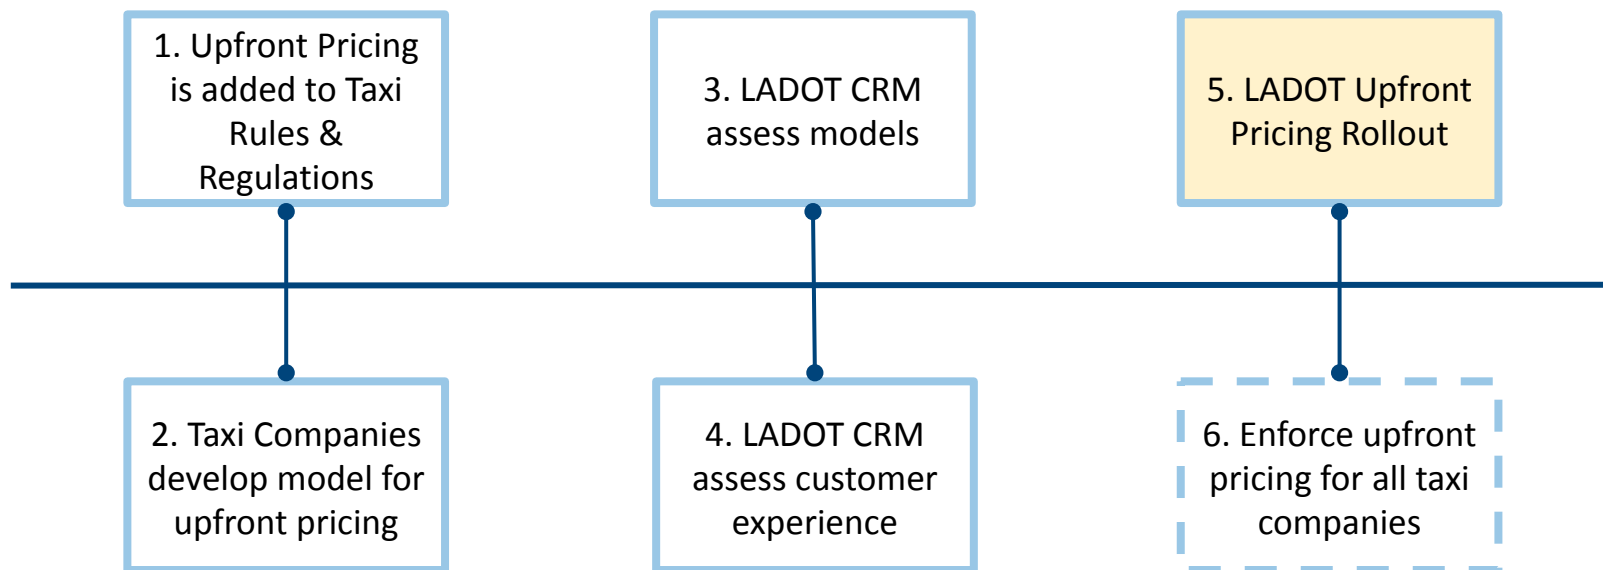

What is Upfront Pricing for Taxis?

Upfront pricing, or fixed/flat fare, means a customer is provided with an estimated total fare before starting or booking their ride.

Mandated in Taxicab Rules and Regulations (2023) Section 400 - Taxi E-Hail Application (“Taxi Apps”) Provider Requirements:

404.b Passenger-Facing Functionality: *“Any Taxi App with Passenger-Facing Functionality operating in the City of Los Angeles must provide up-front pricing for passengers prior to the start of each trip.”*

Upfront Pricing Milestones

LADOT Commercial Rideshare & Mobility Upfront Pricing Analysis

Each taxi company was asked to provide the **approximate cost** for 20 trip scenarios and was given the following parameters.

Scenario	Origin	Destination	Distance (miles)	Time (mins)	Number of Riders	Special Conditions	Cost
1	Dodger Stadium	Union Station	2.5	25	2	Event-driven pricing due to post-game traffic	
2	Griffith Observatory	Los Angeles County Museum of Modern Art	8.4	20	1	Light traffic due to off-peak hours	
17	Occidental College	Aquarium of the Pacific (Long Beach)	31	60	2	Long trip (more than 15 miles)

Customer Experience: Potential Challenges

How will drivers interact with customers who:

- Change their destination mid-trip
- Have multiple destinations for multiple passengers
 - e.g. two passengers, each with a different destination

Upfront Pricing Rollout & Next Steps

1. LADOT CRM will finalize FAQ on Upfront Pricing for Customers
2. LADOT will collaborate with other departments as necessary
 - a. e.g. LAWA will create new signage for the airport
3. **Upfront Pricing to be “tentatively” implemented by May 15, 2025**
