DEPARTMENT OF TRANSPORTATION

Subject: ESTABLISHMENT OF PREFERENTIAL PARKING DISTRICT NO. 277 IN THE LAUREL GROVE AREA OF NORTH HOLLYWOOD IN COUNCIL DISTRICT 2

SUMMARY

The Los Angeles Department of Transportation (LADOT) recommends the establishment of Preferential Parking District (PPD) No. 277 in the Laurel Grove area of North Hollywood in Council District (CD) 2.

RECOMMENDATIONS

1. FIND that the construction of NoHo West, a large commercial development consisting of apartment units, retail, and office space, is causing adverse parking impacts on the surrounding residential blocks from which the residents deserve immediate relief.

2. FIND that the establishment of PPD No. 277, pursuant to Los Angeles Municipal Code (LAMC) Section 80.58.d, is exempt from the California Environmental Quality Act (CEQA) as a Class 1 Categorical Exemption, under Article III.1.a.3 of the 2002 Los Angeles City CEQA Guidelines.

3. ADOPT the accompanying Resolution establishing the boundaries of PPD No. 277, pursuant to the City Council’s March 16, 2016, “Rules and Procedures for Preferential Parking Districts,” to include the streets within the residential area generally bounded by the centerline of the following blocks:
   - South side of Victory Boulevard between Laurel Canyon Boulevard and Colfax Avenue
   - West side of Colfax Avenue between Victory Boulevard and Burbank Boulevard
   - North side of Burbank Boulevard between Colfax Avenue and SR-101 Hollywood Freeway
   - SR-101 Hollywood Freeway between Burbank Boulevard and Laurel Canyon Boulevard
   - East side of Laurel Canyon Boulevard between SR-101 Hollywood Freeway and Victory Boulevard

4. AUTHORIZE the following parking restrictions for use on the residential portions of all streets in PPD No. 277:
   - 2 HOUR PARKING 8 AM TO 6 PM; VEHICLES WITH DISTRICT NO. 277 PERMITS EXEMPT
   - NO PARKING 6 PM TO 8 AM, 2 HOUR PARKING 8 AM TO 6 PM; VEHICLES WITH DISTRICT
NO. 277 PERMITS EXEMPT
- NO PARKING 8 AM TO 6 PM; VEHICLES WITH DISTRICT NO. 277 PERMITS EXEMPT
- NO PARKING 6 PM TO 8 AM; VEHICLES WITH DISTRICT NO. 277 PERMITS EXEMPT

5. INSTRUCT LADOT to initiate the necessary procedures for the preparation and sale of parking permits to residents within PPD No. 277, as specified in Section 80.58 of the LAMC.

6. DIRECT LADOT to post or remove the authorized parking restrictions on the residential portions of the street segment enumerated in Recommendation No. 3, except for areas where parking is currently prohibited in the interest of traffic flow or public safety.

7. DIRECT LADOT to post or remove the authorized parking restrictions upon receipt and validation of petitions containing signatures from at least 75 percent of the dwelling units, covering more than 50 percent of the developed frontage on blocks requesting installation or removal of the parking restriction set forth in Recommendation No. 4, after establishment of this PPD by the City Council, without further action of the City Council.

BACKGROUND

The Preferential Parking Program is set forth in Section 80.58 of the LAMC. It provides for the establishment of a PPD by Resolution of the City Council, upon recommendation by LADOT, and authorizes the Department to promulgate rules and procedures to implement the City’s Preferential Parking Program, which must be approved by the City Council. Establishment of a PPD is initiated by a request from a representative of the affected neighborhood group or by the area’s Councilmember. However, the area must meet the criteria set forth in the “Rules and Procedures for Preferential Parking Districts” adopted by the City Council before establishment or expansion may be allowed.

The “Rules and Procedures for Preferential Parking Districts” approved by the City Council on March 16, 2016, allows LADOT to recommend a PPD provided all the following conditions are met:

1. Submittal and verification of petitions requesting such action signed by the residents living in at least 75 percent of the dwelling units comprising of more than 50 percent of the developed frontage on a minimum of six blocks.

2. Determination by LADOT that at least 85 percent of the legal on-street parking spaces are occupied on a minimum of four blocks.

3. A public hearing has been conducted through the Transportation Commission for the purpose of receiving comments on the preliminary findings and recommendation of LADOT.

Residents of the area designated as a PPD may purchase special parking permits. Vehicles bearing such permits are exempt from the preferential parking restrictions posted within the district for which the permit was issued. The exemption only applies to the preferential parking regulations on those signs, not to regulations of a general nature that may have been installed for traffic movement or street cleaning purposes.
Because parking is currently allowed in the area and the fact that this establishment “involves negligible or no expansion to existing use,” the establishment of the district falls within the Class 1 Categorical exemption of section 15301(c) of the State CEQA Guidelines and the 2002 City CEQA Guidelines, Article III.1.a.3.

DISCUSSION

LADOT received a letter dated May 9, 2017, from Councilmember Paul Krekorian’s office requesting that a permanent PPD be established. On November 20, 2017, LADOT staff met with CD 2 staff and residents to discuss the Preferential Parking Program as it relates to the NoHo West project and their neighborhood. Several follow-up meetings were held as further questions arose due to the large scale of the project. Residents are seeking relief and a solution from the spillover and intrusive parking from the development’s non-resident construction crews and guests. These vehicles, coupled with minimal off-street parking space, resulted in the residents being impacted within their own community. Although alternatives were discussed, no permanent or temporary solutions were found, which left no options but to establish a PPD.

The residents provided signed petitions from blocks within the neighborhood. A block is defined as a street segment between two intersecting streets. The following 25 blocks submitted petitions representing more than 75 percent of the dwelling units on both sides of the street and covering more than 50 percent of the developed frontage on each block, thus satisfying the criteria set forth in the “Rules and Procedures for Preferential Parking Districts.”

- Agnes Avenue between Erwin Street and Sylvan Street
- Agnes Avenue between Sylvan Street and Victory Boulevard
- Ben Avenue between Erwin Street and Sylvan Street

• Tiara Street between Radford Street and Bucknell Avenue

Parking Analysis

LADOT staff conducted the parking study on Thursday, September 17, 2019, between 9:00 AM and 12:00 PM, which indicated that five blocks in the proposed established area have a parking occupancy of at least 85 percent of the available legal parking spaces, thus satisfying the parking impact study requirements set forth in the “Rules and Procedures for Preferential Parking Districts.”

• Simpson Avenue between Victory Boulevard and Sylvan Street
• Sylvan Street between Laurel Canyon Boulevard and Agnes Avenue
• Sylvan Street between Morella Avenue and Simpson Avenue

Dear Ms. Reynolds:

I hereby request that the LADOT authorize a Preferential Parking District near the upcoming development of NOHO West in North Hollywood.

My staff is working with residents to address concerns that have been brought to my attention about the lack of available parking in the surrounding community as a result of the commercial project currently being built.
