Successes based on OSB's commitment to the Department's SAFER

CITY 2.0 Strategic Plan 2018 - 2020

- Goal 1: Provide Exceptional Public Safety and Emergency Service
- Goal 2: Embrace a Healthy, Safe and Productive Work Environment
- Goal 3: Implement and Capitalize on Advanced Technology
- Goal 4: Enhance LAFD Sustainability and Community Resiliency
- Goal 5: Increase Opportunities for Personal Growth and Professional Development
1. Improved the delivery of Emergency Medical Services
   - Added Fast Response Vehicle (FRV) 64 and Alternate Destination (AD) 15, serving Battalion 13

2. Improved fire suppression services
   - Restoration of Light Force (LF) 38

3. Ensure an effective deployment of resources
   - With the addition of LF 38, relocated RA 838 to FS 85

Goal 1: Provide Exceptional Public Safety and Emergency Service
Average EMS Turnout Time
2018: 00:52 seconds
2019: 00:52 seconds

Average EMS Operational Response Time
2018: 06:39 seconds
2019: 06:41 seconds

OSB EMS Response Times
Average Fire / Other Turnout Time
2018: 00:53 seconds
2019: 00:51 seconds

Average Fire / Other Operational Response Time
2018: 06:21 seconds
2019: 06:22 seconds

OSB Fire / Other Response Times
2018

Accidents

- Batt. 18
- Batt. 13
- Batt. 6

2019

Accidents

- Batt. 18
- Batt. 13
- Batt. 6

OSB Accident Summary
1. Implemented an organizational structure to address human resources, personnel management and workplace environments
   - Conducted regular Battalion Chiefs and Captains meetings to convey the importance of a safe and professional work environment

2. Ensured the safety and accountability of members on emergency incidents
   - Restoration of Emergency Incident Technicians (EITs) in Battalion 6

3. Developed an internal injury tracking system to reduce workplace injuries and minimize worker’s compensation costs
   - Collection of injury data

Goal 2: Embrace a Healthy, Safe and Productive Work Environment
Tracking of Reported Injuries

- FIRE = 24
- EMS = 44 (incl. Cliff Rescue) NON-INCIDENT RELATED = 103
OSB established Fire Boat districts and made the necessary CAD enhancements to improve situational awareness and real-time decision-making

**Goal 3: Implement and Capitalize on Advanced Technology**
OSB obtained grant funding for the purchase of new marine dive equipment:

- Urban Area Security Initiative (UASI):
  - SCUBA dive masks
  - Radar equipment
  - Fire boat equipment

- Port Security Grant Program (PSGP):
  - Marine training courses

Working with Port Partners
**Marine Fire Facilities**
Repairing and replacing docks and gangways

**Fire Boat Maintenance**
Established a 2-year haul-out schedule for all fire boats

*Photo depicts rotted wood on the dock of FS 49*

**Improving the Safety & Productivity of our Work Environment**
1. Continued targeted outreach to high-risk populations through community risk reduction (CRR) based on data analyses

2. Enhanced efforts in the recruitment of diverse candidates reflective of the communities we serve

3. Supported CERT operations in OSB and implemented modalities to increase membership in the community

Goal 4: Enhance LAFD Sustainability and Community Resiliency
S.A.F.E. Canvassing Events: 2
Smoke Alarms Installed or Provided: 541
CPR Operations in High Schools: 964
Rec & Parks Presentations: 642

Sustainability and Community Resiliency
Developed specialty and skill-specific training opportunities for personal and professional growth

Goal 5: Increase Opportunities for Personal Growth and Professional Development
Developed strong relationships with our Area "A" partners and other agencies who neighbor OSB

Partnering with other Agencies
• Improved the delivery of Emergency Medical Services
• Improved fire suppression services
• Optimized deployment of resources for better service
• Enforced a healthy, safe and productive work environment
• Developed an internal injury tracking system
• Identified Battalion Driver Training Instructors for each platoon in all battalions
• Partnered in facilitating the LAFD Girls Camp at Drill Tower 40
• Reduced CTS complaints
• Supported the EMS Bureau in the establishment of FRV 64 and AD 15
• Restoration of Light Force 38 with funding from the SAFER grant
• Established the Marine Operations Section with the support of EOPS and the Fire Chief
• Restoration of EIT’s in Battalion 6
• Collaborated with the Port of Los Angeles for the use of two additional fire boats at Fire Station 112 in order to improve service delivery to the Port
• Worked with UFLAC and the Employee Relations Officer to create a new Back-Up Diver Letter of Agreement
• Continued to provide excellent public safety for events in Exposition Park, the Los Angeles Memorial Coliseum, and the Banc of California Stadium

Successes for 2019
