SUMMARY

The Los Angeles Fire Department Foundation (LAFDF) has graciously donated fire rescue harnesses and a canopy to the Swiftwater Rescue Team. This equipment provides the Los Angeles Fire Department (LAFD) numerous benefits during water rescue operations. The harnesses are designed to keep rescuers secure while navigating fast-moving waters. They reduce the risk of drowning or being swept away by strong currents and enable quicker and more effective rescues.

RECOMMENDATIONS

That the Board:

1. Receive this report for the In-Kind Donation by the Los Angeles Fire Department Foundation for the items listed above, valued at approximately \$27,110.40 to the Los Angeles City Fire Department.
2. Request the Commission Executive Assistant to transmit this report to the Mayor's Office in accordance with Executive Directive No. 3 and to City Council in accordance with the Los Angeles Administrative Code, Ordinance 15514, Article 12, Section 5.111.4, for consideration and approval.

FISCAL IMPACT

There is no fiscal impact on the Department's budget from the acceptance of this donation. Donations provide the necessary items to meet the needs of the respective fire stations or administration sections. Replacement or repair of items meeting City specifications and Fire Department business needs may be bore by General Fund, subject to budgetary constraints.

CONCLUSION

The Swift Water Rescue program relies heavily on donations and grant funding for equipment and training. This donation will fill a large gap in funding and provide critical PPE and equipment for the members. The Los Angeles Fire Department benefits tremendously from gracious donations and support provided by the LAFD Foundation. The LAFD acknowledges the LAFDF for its generosity.

Board report prepared by Betty Cornejo, Senior Management Analyst I, Administration Bureau.
