SUMMARY

The Los Angeles Fire Department Foundation (LAFDF) is a registered 501(c)(3) nonprofit organization that provides vital equipment and funds critical programs to help the Department save lives and protect communities.

RECOMMENDATIONS

That the Board:

1. Receive this report for the in-kind donations by the Los Angeles Fire Department Foundation for various purchases and items received from donors through the Foundation valued at approximately \$7,434,886.94 (see attachment) to the Los Angeles City Fire Department.
2. Request the Commission Executive Assistant to transmit this report to the Mayor's Office in accordance with Executive Directive No. 3 and to City Council in accordance with the Los Angeles Administrative Code, Ordinance 15514, Article 12, Section 5.111.4, for consideration and approval.

FISCAL IMPACT

There is no fiscal impact on the Department's budget from the acceptance of this donation. Donations provide the necessary items to meet the needs of the respective fire stations or administration sections. Replacement or repair of items meeting City specifications and Fire Department business needs may be bore by General Fund, subject to budgetary constraints.

CONCLUSION

These donations directly contribute to the safety, efficiency, and effectiveness of department members, enabling them to perform their duties more effectively and protect the community better. New training equipment and tools not only ensure the members

stay skilled and ready for various emergency situations, they also increase morale by providing them access to high-quality resources. The LAFD acknowledges the LAFDF for its generosity.

Board report prepared by Betty Cornejo, Senior Management Analyst I, Administration Bureau.
