SUMMARY

Invoices setting forth the cost of abatement, administrative fee and/or a noncompliance fee were mailed to property owners. A letter was included with the invoice informing the property owner if they wished to present evidence that shows cause why the property should not be assessed for the cost of abatement or not be assessed in the amount specified in the notice, the Fire Department would schedule them for a hearing.

The Brush Clearance Unit held the 2018 Brush Clearance Assessment Appeals at the Marvin Braude Center located in Van Nuys from June 24 through September 19, 2019.

This year the Fire Department received 77 requests from property owners who chose to appeal the imposed assessment. The cases were randomly distributed to the hearing officers in keeping with the recent California Supreme Court's decision regarding administrative hearings and the City Attorney's recommendation in the matter.

RECOMMENDATIONS

That the Board:

1. Approve the Hearing Officer's "Proposed Decision and Recommendations."
(Attachment 1)
2. Direct the Fire Department to mail the notification letter (Attachment 2), to the property owner regarding the Board of Fire Commissioners findings, conclusion and proposed assessment.
3. Transmit the Board of Fire Commissioners approved report and proposed decision of the hearing officers to the City Attorney.

4. Transmit the Board of Fire Commissioners approved report to the Mayor for placement on the City Council calendar.
5. Upon City Council adoption of the report, direct the Fire Department to forward the report to the Los Angeles County Tax Collector for placement on the Los Angeles County 2020 Property Tax rolls.

FISCAL IMPACT

Property owners are assessed an administrative fee of \$1,304.00 and the cost of clearance to abate the hazard for failure to comply with brush clearance requirements. The average cost of clearance is \$4,090.80

For the 2018 brush season, 77 appeal requests were received from property owners electing to appeal their assessments. Of the 77 appeals received, 24 were granted or reduced.

The Brush Clearance Assessment Hearings estimated total revenue is \$314,992.00.

DISCUSSION

The Hearing Officers have considered the evidence and have received testimony from departmental personnel with respect to the existence of a nuisance and cost of abatement.

The report identifies and includes the name and mailing address of the owner of each parcel from which a fire nuisance was abated. In addition, the reports include the substance of protest, departmental information and proposed decision and recommendation as to whether or not the proposed assessment should be: (1) confirmed in the amount set forth in the invoice, (2) waived, or (3) confirmed in an amount less than set forth in the invoice.

CONCLUSION

Upon approval, a transmittal to the attached "Report, Proposed Decision and Recommendations" by the Board of Fire Commissioners will be sent to the City Council for adoption and placement on the Los Angeles County 2020 Tax rolls. This will conclude the 2018 Brush Clearance Assessment Appeals.

Board report was prepared by Sydney T. Chambers, Captain I, Brush Clearance Unit.

SUBSTANCE OF PROTEST

Appellant asserts that his lot has no right of way so the "Mulholland Rule" which would make him responsible for clearing the county land surrounding his parcel, does not apply.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 29, 2018.

There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on June 25, 2018.

A work order was prepared and the property was posted on October 11, 2018.

The property was subsequently contracted to a City Contractor and work was completed on November 1, 2018. Photographs are on file showing the condition of the property before, during and after clearance.

PROPOSED DECISION AND RECOMMENDATION

The proposed assessment has been waived in its entirety.

The Inspector stated that the Mulholland Rule, which generally stipulates that landowners have a property interest in any public right of way, applies to the facts at hand. The Zimas overview of Appellant's property reveals that Appellant's parcel is indented from the road and that there is no right of way. As such, the cited hazard/s, exist in an area beyond Appellant's property line.

The cited parcel has no right of way eliminating Appellant's responsibility to clear any portion of the county land.

Appellant asserts his crews cleared the brush to 200 feet from any structures but did not see the additional posting by LAFD in the weeds between the cut areas. Appellant also asserts that the dead trees to be removed needed city approval which has yet to be received.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 10, 2018.
There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on September 4, 2018.

In this case, the Appellant admitted he received the first two mailed notices as to what work needed to be done to be in brush clearance compliance. The additional onsite posting done by the LAFD included a notice on a structure on the property in addition to posting on a stake in the area that required additional clearance per LAFD policy. Appellant had adequate notice and access to further information via the websites posted on the notices. LAFD maintains the site was not cleared to regulation distances and no evidence was produced by Appellant to show otherwise.

Appellant asserts that he was unaware that the portion of land cited as noncompliant, belonged to him. Additionally, the Appellant asserts that the cost is a financial hardship.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 17, 2018. There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on June 18, 2018. A work order was prepared and the property was posted on September 27, 2018. The proposed assessment against property 2582023002 has been confirmed in the amount previously set forth in the notice. The Fire Department has shown that due process was afforded the Appellant with all notices being sent and posted to the property as legally required. No mail was returned.

The boundaries of parcel 2582023002 were identified using the records held by the County Assessor and can be reviewed at www.zimas.lacity.org. Upon review of these records, it is clear that the portion of parcel cited as hazardous is the Appellant's property and the Appellant is legally responsible for its clearance. The Appellant claims that the expense associated with the Contracted Clearance would exacerbate an already existing financial hardship. A request was made for documents that evidenced such hardship and the Appellant failed to provide them.

SUBSTANCE OF PROTEST

The Appellants assert that LA Flood Control used to reimburse them for clearance until the 1990s when LAFD took over brush clearance for the area. The Appellants assert that neither they nor their neighbors were notified that LAFD would stop assisting them with the clearance of their property and understand that it will be their responsibility to clear the brush going forward.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 21, 2018.

PROPOSED DECISION AND RECOMMENDATION

The Appellants provided credible information supporting their argument that in previous years, LAFD assumed the responsibility of clearing the hillside and that LAFD provided no notice to the Appellants or their neighbors that such assistance would no longer be provided. The Appellants have already acted to clear the brush for the current year. The Appeal is granted for waiver of all costs.

\$950.00	\$1,304.00	\$2,254.00

SUBSTANCE OF PROTEST

Appellant asserts that LA Flood Control used to reimburse them for clearance until the 1990's, when LAFD then took over brush clearance for the area. Appellant asserts that he wasn't made aware that LAFD would stop assisting them in clearing the property and have cleared the brush themselves going forward.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 21, 2018.

There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on July 10, 2018.

A work order was prepared and the property was posted on September 27, 2018.

The property was subsequently contracted to a City Contractor and work was completed on September 28, 2018. Photographs are on file showing the condition of the property before, during and after clearance.

PROPOSED DECISION AND RECOMMENDATION

The Hearing Officer found the testimony of Appellant to be credible that LAFD assumed responsibility to clear the hillside for several years but provided no notice to Appellant that such assistance would no longer be provided. Appellant has already acted to clear the brush for the current year. Appeal is granted for waiver of all costs.

Appellant asserts she is a recent widower who never dealt with these issues before and paid to have the brush cleared several times and didn't understand why she wasn't in compliance.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 29, 2018.

There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on July 18, 2018.

A work order was prepared and the property was posted on November 1, 2018.

The property was subsequently contracted to a City Contractor and work was completed on November 14, 2018. Photographs are on file showing the condition of the property before, during and after clearance.

PROPOSED DECISION AND RECOMMENDATION

The proposed assessment against your property has been confirmed in part and reduced in part. The record shows that the Fire Inspector made all appearances, mailed and posted notices as legally required, affording Appellant due process. No return mail was received.

The property was shown to be noncompliant at the time of re-inspection for brush clearance requirements for the year 2018. The property failed the initial inspection and re-inspections, requiring the City to contract with a vendor for brush clearance. The Fire Inspector and contractor provided photographs showing the conditions before, during and after the clearance. The assessment is for the cost of the brush clearance as bid by the City's vendor and the administration fees for processing and inspections.

In this case, Appellant showed a good faith effort to clear the property several times. While Appellant's lack of understanding of the rules and process do not fully excuse the costs borne by the city, it is recommended that the full clearance costs be charged but the Administrative Fee is to be waived.

SUBSTANCE OF PROTEST

The Appellant did not believe he should have been cited. During the hearing, the Appellant voiced many concerns. Chief among them was his view that the presence of the Fire Department and their Contractors on his property constituted trespass. Additionally, the Appellant asserts hardship as a result of his ill health and limited financial means.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 21, 2018.
There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on July 10, 2018.
A work order was prepared and the property was posted on November 29, 2018.
The property was subsequently contracted to a City Contractor and work was completed on December 13, 2018. Photographs are on file showing the condition of the property before, during and after clearance.

PROPOSED DECISION AND RECOMMENDATION

The proposed assessment against property 2871002027 has been confirmed in the amount previously set forth in the notice. The Fire Department has shown that due process was afforded the Appellant and made all notices as legally required. An Initial Notice of Noncompliance was mailed on May 21, 2018, and from that date, The Appellant received three additional notices and had more than six months to cure his parcel of all cited hazards. The Appellant did not dispute receipt of any notice and no mail was returned.

The Appellant took issue with the Fire Department's ability to access his parcel without his prior knowledge and approval. Municipal Code 104.3 states that where a Fire Code Official has reasonable cause to believe that there exists in a building or premises, unsafe, dangerous or hazardous conditions, the Fire Code Official shall have the authority to enter the building or premises at all reasonable times to inspect. For this reason, it is clear that the Fire Department was within their rights to enter and assess whether hazards existed on the Appellant's parcel. Accordingly, the Appellants issue is not grounds to waive the fees associated with clearance and abatement.

The Appellant stated that his ill health and financial status presented as hardships that would make payment unduly burdensome. With this in mind, a request was made for documents that would support the Appellant's claim. None were provided though he did take the time to send additional pictures of his parcel. Accordingly, the fees as assessed should still stand.

SUBSTANCE OF PROTEST

Appellant protest of Brush Clearance Fee for 2018.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 8, 2018.

There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on June 4, 2018.

A work order was prepared and the property was posted on November 29, 2018.

The property was subsequently contracted to a City Contractor and work was completed on December 20, 2018. Photographs are on file showing the condition of the property before, during and after clearance.

PROPOSED DECISION AND RECOMMENDATION

The proposed assessment against property 5208028004 has been confirmed in the amount previously set forth in the notice. The Fire Department has shown that due process was afforded the Appellant with all notices being sent and posted to the property as legally required. No mail was returned.

The Appellant has multiple contiguous parcels and does not dispute that Contracted Clearance took place as a result of his failed attempt at compliance.

Despite the Appellant's assertion that he had cleared his parcel, the Fire Inspector and contractor provided photographs depicting the hazardous conditions that existed at the time of clearance. The Appellant provided no evidence sufficient enough to waive or reduce the assessment for all of the parcels. Accordingly, the fee as originally assessed stands for parcel 5208028004.

Total assessment due is **\$3,704.00**

SUBSTANCE OF PROTEST

Appellant asserts that initial notice was sent to the incorrect address despite their attempt to provide the correct address prior to initial inspection.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 10, 2018.
There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. Therefore, a Second Notice of Noncompliance was issued on September 10, 2018.
A work order was prepared and the property was posted on October 4, 2018.

PROPOSED DECISION AND RECOMMENDATION

The proposed assessment against property 5209004028 has been confirmed for the amount set forth in the initial notice.

At issue is whether notice was sufficiently provided to the Appellant. The Fire Department records reflect initial notice was sent to an address where Appellant no longer dwelled, however the second notice was sent to the correct location and the Notice to Abate was properly posted on parcel 5209004028, affording Appellant sufficient due process. Appellant provided no evidence of any attempts to notify the Fire Department of a change of address.

The Fire Inspector and the Contractor provided photographs that depict the hazardous conditions that existed at the time of the clearance. Appellant did not provide evidence sufficient to waive the fee as originally assessed.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 7, 2018.

DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 21, 2018. There was no record of an F-1307 Cleared-By-Owner Inspection Report on file. PROPOSED DECISION AND RECOMMENDATION

The proposed assessment against your property has been confirmed in part and waived in part. The record shows that the Fire Inspector made all appearances, mailed and posted notices as legally required, affording Appellant due process. No return mail was received.

The property was shown to be in noncompliant at the time of re-inspection for brush clearance requirements for the year 2018. The property failed the initial inspection and re-inspections, requiring the City to contract with a vendor for brush clearance. The Fire Inspector and contractor provided photographs showing the conditions before, during and after the clearance. The assessment is for the cost of the brush clearance as bid by the City's vendor and the administration fees for processing and inspections. DEPARTMENT INFORMATION

The Department issued an F-1308 Notice of Noncompliance on May 21, 2018.

PROPOSED DECISION AND RECOMMENDATION

The proposed assessment against property 5443034033 has been confirmed for the amount set forth in the initial notice.

At issue is whether notice was sufficiently provided to the Appellant. The Fire Department mailed and posted notice as legally required however due to a complicated issue of co-ownership, the representative Appellant did not receive the notice until his co-owner sent it to him, well after the date of compliance had passed. Because notice was mailed to an owner of record, and because the Notice to Abate was properly posted on parcel 5443034033 it can not be said that the Appellant and all interested parties were not afforded sufficient due process.

The Fire Inspector and the Contractor provided photographs that depict the hazardous conditions that existed at the time of the clearance. The Appellant did not provide evidence sufficient to waive the fee as originally assessed.

PROPOSED DECISION AND RECOMMENDATION

The proposed assessment against your property has been confirmed in part and reduced in part. The record shows that the Fire Inspector made all appearances, mailed and posted notices as legally required, affording Appellant due process. No return mail was received.

The property was shown to be noncompliant at the time of re-inspection for brush clearance requirements for the year 2018. The property failed the initial inspection and re-inspections, requiring the City to contract with a vendor for brush clearance. The Fire Inspector and contractor provided photographs showing the conditions before, during and after the clearance. The assessment is for the cost of the brush clearance as bid by the City's vendor and the administration fees for processing and inspections.

In this case, the Appellant could not show that her hired landscaper achieved compliance prior to the City's contractor completing the work. However, Appellant did show financial hardship and will be selling the property, thus, in the interests of justice, the Administrative Fees are recommended to be waived.

Total assessment due is **\$1,724.00**
