RECOMMENDATIONS

That the Board approve:

1. The Resolution (Attachment 2) adjusting the Board controlled fees.
2. Transmitting this report to the Mayor and City Council for consideration and approval.
3. Publishing the Resolution based on the Mayor and City Council action (L.A.M.C., Section 57.115.1.1). The fees approved by the Mayor and Council shall become

effective, except for the fee items that are recommended by the Mayor and Council to be amended.

FISCAL IMPACT

Assuming the recommended fees become effective July 1, 2020, it is projected that the associated fee modifications will generate \$50.6 million in revenues in Fiscal Year 2020-21. This is an increase of \$1.7 million over the actual Fiscal Year 2019-20 revenue receipts.

DISCUSSION

The cost of special services fees are based on the total costs to perform the special services and includes direct labor, indirect labor, expenses, and all applicable City overhead costs.

Inspector Hourly Rate

The Inspector Hourly Rate is the average hourly cost of an Inspector in FPB. The Inspector Hourly Rate is calculated by dividing the total cost of the FPB by the total number of direct Inspectors in FPB to determine the average cost of a direct Inspector, and then dividing the average cost of a direct Inspector by the total number of available on-duty hours per year.

The Inspector Hourly Rate is utilized to charge for services that are based on the time required to perform the service. The fees for these services are computed by multiplying the average time required to perform the inspection or service by the Inspector Hourly Rate. The average time required to perform an inspection activity is based on historical data of staff hours spent on specific related activities. These hours are reviewed and adjusted annually.

Using the proposed Fiscal Year 2020-21 salaries which include step increases, longevity pay and COLA, and the federally audited and approved Cost Allocation Plan (CAP) 40 Rate, the Inspector Hourly Rate was determined to be \$334, a 29% increase from the current Inspector Hourly Rate of \$258 due mainly to salary increases for fire personnel and the CAP 40 Rate.

In order to be consistent with the City's financial policy of full cost recovery, it is proposed that the Inspector Hourly Rate be increased from \$258 per hour to \$334 per hour.

The following Sections of the L.A.M.C. pertain to the recommended fee revisions:

A. Non-Compliance Fee - L.A.M.C., Section 57.104.12.1.1

The Non-Compliance Fee is the Inspector Hourly Rate multiplied by the number of hours expended in re-inspections, after the issuance of a Fire/Life Safety order. The Non-Compliance Fee is, at a minimum, two (2) Inspector Hours (\$668).

The Non-Compliance Fee is issued if, after the first re-inspection, the owner has failed to comply with the Fire/Life Safety order to correct.

The recommended fee for Non-Compliance is detailed in Attachment 1: Proposed Schedule of Fees (Section H).

B. Specific Action or Project Permit Fees - L.A.M.C., Section 57.105.7.8

L.A.M.C. Section 57.105.7.8 identifies installations or operations on a one-time or non-continuing nature which require plan checks and/or inspections. These permits are issued for a wide variety of activities, including but not limited to, firework displays, live theater productions, transfer of flammable liquids, plant extraction systems, and emergency responder radio coverage systems.

Effective April 11, 2019, Ordinance No. 186026 established new fees for the installation of or modification of emergency responder radio coverage systems and gates and barricades across fire apparatus access roads. In Fiscal Year 2020-21, it is determined that a Communications Electrician is involved in the plan check, site visits, installations, and testing, and merits the additional time and cost required to do the work along with the Fire Inspector. As a result, the hourly rate of the Communications Electrician was determined to be \$59 and is recommended to be added to the Inspector Hourly Rate of \$334. The fee for the installation of or modification to emergency responder radio coverage systems and related equipment is based on a minimum of four hours, or \$1,572, to recover the cost of the service. Additional work required that exceeds four hours will be charged at \$393 per hour.

The recommended fees for Specific Action or Project Permit Fees are detailed in Attachment 1: Proposed Schedule of Fees (Section B).

C. Operational Permit Fees - L.A.M.C., Section 57.113.6

L.A.M.C., Section 57.113.6 identifies occupancies and operations which require an annual permit to operate in the City. These occupancies are inspected by the Fire Department for fire life and operational safety.

The recommended fees for Operational Permits are detailed in Attachment 1: Proposed Schedule of Fees (Section A).

D. Hydrants and Access Review and Inspection Fees - L.A.M.C., Section 57.116.1

L.A.M.C., Section 57.116.1 provides pre-development plan review, plan and code review, and inspection services for development projects within the City to ensure adequate access, fire protection, and water availability to the project.

The recommended fees for Hydrants and Access Review and Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section E).

E. Construction Plan Review and Inspection Fees - L.A.M.C., Section 57.118.2

The Construction Plan Review and Inspection Fees provide for the cost of Fire/Life Safety plan review and inspection services of new construction, additions, tenant improvements, and/or change of use construction projects within the City.

The recommended fees for Construction Plan Review and Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section F).

F. Miscellaneous Fees and Certificates of Fitness Fees - L.A.M.C., Sections 57.104.9.2.1, 57.104.17.2, 57.117.10, 57.119.7.1, 57.119.8, and 57.119.8.3

A number of miscellaneous activities in the Fire Code are under the Board's fee-setting authority. These include general approvals sought by manufacturers of specified items, fees for conducting tests to certify non-specified items, variance and waivers from provisions of the Fire Code, and Certificates of Fitness issued to individuals engaged in the recharging of fire extinguishers, in conducting blasting operations, or certifying the installation of fire protection equipment.

The recommended Miscellaneous Fees and Certificates of Fitness Fees are detailed in Attachment 1: Proposed Schedule of Fees (Section D).

G. Fire Safety Clearance Pre-Inspection Fee - L.A.M.C., Sections 57.4702.5 and 57.4703.7.1

The Fire Safety Clearance Pre-Inspection Fee provides for the cost of pre-inspection of adult and child daycare facilities and institutional facilities. The fee for the Fire Safety Clearance Pre-Inspection of a facility up to 25 occupants was determined to be one and a half (1.5) hours at the Inspector Hourly Rate, or \$501. The fee for a facility of more than 25 occupants was determined to be three (3) hours minimum, or \$1,002 minimum, and hourly thereafter at the Inspector Hourly Rate of \$334 per hour.

The recommended fees for Fire Safety Clearance Pre-Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section L).

H. Final Clearance Inspection Fee - L.A.M.C., Section 57.4703.7.2

The Final Clearance Inspection Fee provides for the cost of inspection of residential care facilities for the elderly. A fee of two (2) hours of the Inspector Hourly Rate, or \$668, was determined for the Final Clearance Inspection service to recover the cost of the service.

The recommended fee for Final Clearance Inspection is detailed in Attachment 1: Proposed Schedule of Fees (Section K).

I. Brush Clearance Program Fees - L.A.M.C., Section 57.322

Brush Initial Inspection Fee

The Brush Initial Inspection Fee provides for the cost of annual inspections of 137,000 parcels in the Very High Fire Hazard Severity Zone. The inspection cost is divided among the number of parcels.

Those parcels found not in compliance with the hazardous vegetation ordinance are issued an order to correct and subsequently re-inspected. If the property is still in violation after the third inspection, the property is bid out for clearance by a brush clearance contractor.

Based on the proposed Fiscal Year 2020-21 salaries and the approved CAP 40 Rate, the Brush Initial Inspection Fee is recommended to increase from \$29 to \$33.

Brush Administrative Cost Fee

The Brush Administrative Cost Fee covers the cost of staff to perform the brush re-inspections and processing of the bid packages/contracts for award to a contractor. The Brush Administrative Cost Fee is determined by calculating the time required by sworn and civilian staff to perform inspections and contract processing, divided by the average number of pre-package inspections. Direct and overhead costs are included in the cost calculation for full cost recovery.

Analysis of the Brush Administrative Cost Fee indicates a fee increase from \$1,303 to \$1,498.

The recommended Brush Clearance Program fees are detailed in Attachment 1: Proposed Schedule of Fees (Section G).

J. High-Rise Building Annual Inspection and Permit Fees - L.A.M.C., Section 57.105.9.4

The High-Rise Building Annual Inspection Fees provide for the cost of the staff to perform inspections of all commercial and residential high-rise buildings. The High-Rise Annual Inspection Fees consist of a base building fee, a building inspection fee, and a garage inspection fee.

The base building fee covers the administrative oversight of tracking, investigating, and research necessary to safeguard high-rise buildings for fire life and property safety. All high-rise buildings, including vacant and/or partially vacant buildings, are subject to the base building fee. The building inspection fee is calculated based on

the total floor area of the building. The garage inspection fee is calculated based on the total floor area of the garage.

The total floor area of high-rise hotels, dormitories, apartments, and condominiums is assessed only on the common areas in the building. The total number of buildings and the total square footage areas are updated annually.

Federal and State buildings are inspected yearly but are exempt from the fee.

Based on the proposed Fiscal Year 2020-21 salaries and the approved CAP 40 Rate, the High-Rise Annual Inspection Fees are recommended as follows:

- The building inspection fee be increased from \$0.0146 per square foot to \$0.0157 per square foot.
- The garage inspection fee be increased from \$0.0073 to \$0.0079 per square foot.
- The base building fee be increased from \$1,548 to \$2,004. The base building fee is aligned at six (6) hours of the Inspector Hourly Rate.

The recommended fees for High-Rise Annual Inspection are detailed in Attachment 1: Proposed Schedule of Fees (Section I).

K. High-Rise Building Evacuation Fees - L.A.M.C., Section 57.408.10.1.1

The High-Rise Evacuation Fees provide for the administrative tracking of Fire Safety Directors and Floor Wardens, and for the coordination and oversight provided during a total building evacuation of high-rise buildings. The High-Rise Evacuation Fees consist of a Fire Safety Director Fee, a Floor Warden Fee, and the Total Building Evacuation Oversight Fee. The High-Rise Building Evacuation Program is administered by one Fire Inspector I.

Each high-rise building is charged with a Fire Safety Director Fee, a Floor Warden Fee per floor of a high-rise building, and a Total Building Evacuation Oversight Fee for buildings that are 35 stories or higher. The Total Building Evacuation Oversight Fee is charged as one fee (prorated over three years). High-rise buildings 35 stories or higher are required to conduct a total building evacuation once every three (3) years, with the coordination and oversight of the Fire Department. All high-rise buildings self-conduct a mandatory fire drill a minimum of once annually administered by the Fire Safety Director of each high-rise building. It is proposed that the High-Rise Evacuation Fees be modified as follows:

- The Fire Safety Director fee be increased from \$253 to \$290 per building.
- The Floor Warden fee be increased from \$23 to \$26 per floor.
- The Total Building Evacuation fee be decreased from \$413 to \$472 per building.

The recommended fees for the High-Rise Evacuation Program are detailed in Attachment 1: Proposed Schedule of Fees (J).

L. Certified Unified Program Agency (CUPA) Fees - L.A.M.C., Section 57.120.6

As a Certified Unified Program Agency (CUPA) designated by the State of California, the Fire Department is authorized to apply statewide standards to each facility within its jurisdiction that treats on site or generates hazardous waste, operates underground storage tanks and aboveground storage tanks, or stores hazardous materials. HMMP & HMRRP Plan & Inventory Fee

The CUPA consolidates under one agency the following six hazardous materials and waste programs:

- 1) Aboveground Petroleum Storage Tank Spill Prevention Control and Countermeasure Plan (SPCC)
- 2) Hazardous Waste Generator and Onsite Hazardous Waste Treatment Programs
- 3) Hazardous Materials Release Response Plans and Inventory Program
- 4) California Accidental Release Prevention Program
- 5) Underground Storage Tank Program
- 6) Uniform Fire Code Plans and Inventory Requirements

The Underground Storage Tank Program (#5) fees provide for plan review and inspection services of underground storage tank systems.

It is proposed that the CUPA Fees be modified as follows:

- The Aboveground Storage Tanks fee be increased from \$1,080 to \$1,188 per tank.
- The Underground Storage Tanks fee be increased from \$820 to \$943 per tank.
- The California Fire Code (CFC) Hazardous Materials Management Plans (HMMP) and Hazardous Materials Inventory Statements (HMIS) Inventory Count Fees:
 - Inventory Count: 1 to 3 be increased from \$398 to \$442
 - Inventory Count: 4 to 7 be increased from \$796 to \$884
 - Inventory Count: 8 to 15 be increased from \$1,202 to \$1,334
 - Inventory Count: 16 to 25 be increased from \$1,416 to \$1,572
 - Inventory Count: More than 25 be increased from \$1,701 to \$1,888
- The California Accidental Release Prevention Program (CalARP) Administrative fee be increased from \$1,247 to \$1,359.
- The CalARP Risk Factor fee be increased from \$11.91 per unit to \$12.98 per unit.

The recommended Underground Storage Tank Program (L.A.M.C., Section 57.105.7.8.4) fees are detailed in Attachment 1: Proposed Schedule of Fees (Section B, pages 5 to 7).

M. California Environmental Reporting System (CERS) Late Submittal Fee - L.A.M.C., Section 57.121.3.5

The State of California requires certain regulated businesses to complete and submit a Hazardous Materials Business Plan (HMBP) annually in accordance with Chapter 6.95, Article 1, of the California Health and Safety Code (HSC). The purpose of the CERS Late Submittal Fee is to increase compliance with the HMBP filing requirement.

Effective May 27, 2019, Ordinance No. 186067 established a late submittal fee for non-compliance. The proposed late submittal fee is set at a flat rate of \$500 for a business that fails to submit a HMBP in accordance with this section.

The recommended CERS Late Submittal Fee is detailed in Attachment 1: Proposed Schedule of Fees (Section N).

The recommended Certified Unified Program Agency fees are detailed in Attachment 1: Proposed Schedule of Fees (Section M).

N. Uniformed Fire Safety Officer Fee - L.A.M.C., Section 57.104.18.1

The Uniformed Fire Safety Officer (UFSO) fee provides for the cost of a UFSO. A UFSO may be required for the safeguarding of life and property from fire, explosion, panic, or other hazardous conditions that may arise in the temporary use of occupancy and/or premise during an activity. When required, a UFSO provides fire code enforcement during temporary activities such as special events or filming activities involving pyrotechnic effects, fires, or other hazardous situations.

The UFSO fee is determined based on the average overtime cost of an Inspector. The average overtime cost of an Inspector in Fiscal Year 2020-21 is \$118 per hour.

In Fiscal Year 2016-17, the Fire Department met with representatives of the Mayor's Office, Economic Workforce Development Department, Film LA, and the Motion Picture Association of America (MPAA) regarding adjustment of the UFSO fee. It was recommended that a phased rate increase would be implemented at \$75 per hour in Fiscal Year 2016-17, \$85 per hour in Fiscal Year 2017-18, and the UFSO rate would be brought to full cost recovery in Fiscal Year 2018-19.

In Fiscal Year 2020-21, the UFSO fee will increase from \$109 to \$118 per hour, and will be charged at a minimum of 4 hours, or \$472, as mandated by the sworn Memorandum of Understanding.

A new UFSO Cancellation Fee is introduced to account for last minute cancellations within four hours (4) of the start of filming. The recommendation to add the new fee is based on the sworn Memorandum of Understanding that states that an employee who is scheduled for an off-duty safety watch prior to reporting for duty but less than four (4) hours prior to the commencement of the safety watch shall receive a minimum of two hours (2) of pay. The UFSO Cancellation Fee is charged at two hours of the UFSO rate, or \$236.

The recommended fee is detailed in Attachment 1: Proposed Schedule of Fees (Section N).

O. Fees and Fines - L.A.M.C., Section 104.19

The Cannabis LAFD Inspection Fee provides for the cost of the inspection of cannabis facilities for Fire, Life Safety and Hazardous Materials Disclosure and Business Emergency Plan. This fee is based on a minimum of a 4-hour inspection at \$1,336. Inspections that exceed four hours will be charged at \$334 per hour.

The recommended fee is detailed in Attachment 1: Proposed Schedule of Fees (Section O).

P. Requested Inspection Fee - L.A.M.C., Section 57.202

The State agencies responsible for the administration of insurance payments from Medicare, Medi-Cal, and other public assistance programs to doctors' offices and clinics often require these establishments to obtain a fire clearance letter from the local Authority Having Jurisdiction (AHJ). The Fire Department, as the AHJ, must conduct an inspection of the facility, and then generate a fire clearance letter in order for them to continue to participate in the programs.

The Requested Inspection Fee provides for the cost of a requested inspection with the intent to receive a fire clearance letter stating that the facility has been inspected and is compliant with the Fire Code. This fee is based on a minimum of one hour inspection at the Inspector Hourly Rate of \$334 per hour. Any additional hours of service or fraction of hours thereof is charged at a rate of \$334 per hour.

The recommended fee is detailed in Attachment 1: Proposed Schedule of Fees (Section P).

FPB Overtime Rate

The FPB Overtime Rate is determined based on weighted average staff overtime salaries. The Overtime Rate was determined to be \$118 per hour.

The FPB Overtime Rate is applicable to the Expedite Fee, the Off-Hour Fee, or the Emergency Inspection Fee. These fees are charged in addition to regular fees when a

customer requests Fire Department staff to perform expedited or off-hour plan review, or inspection services outside of normal working hours.

The Expedite Fee, the Off-Hour Fee, or the Emergency Inspection Fee is charged at a minimum of four (4) hours, or \$472, as mandated by the sworn Memorandum of Understanding. Any additional hours of service or fraction of hours thereof is charged at a rate of \$118 per hour.

The Expedite, the Off-Hour, and the Emergency Inspection Fees are supplementary and in addition to any regular fees charged.

CONCLUSION

Increasing the Inspector Hourly Rate, the FPB Overtime Rate, and modifying existing fees to be in alignment with rising costs is consistent with the City's financial policy of full cost recovery for special services.
