SUMMARY

The Los Angeles Fire Department Foundation (LAFDF), through its Adopt-A-Fire-Station program, has graciously donated a Portable Evaporative Cooling device to Fire Station 73 in Reseda. The purpose of the equipment is to provide cooling on the station's large apparatus floor during high heat days in the San Fernando Valley. The apparatus floor is used by station members to maintain tools and vehicles and also serves as a workout area for firefighters to maintain their health and wellness. On hot days they are unable to safely exercise in that space without the aid of a cooling fan. The value of this donation is estimated at \$1,979.01

Submitted in accordance with the Los Angeles Administrative Code, Article 12, Sections 5.111.3 and 5.111.4, which provides for the receipt of gifts and bequests of personal property to be utilized by the Fire Department, not exceeding \$5000.00 in market value shall be submitted to the Board of Fire Commissioners for acceptance or rejection.

RECOMMENDATION

That the Board:

Approve this report and accept the In-Kind Donation from the above organization's Adopt-A-Fire-Station program valued at \$1,979.01 to the Los Angeles Fire Department.

FISCAL IMPACT

There is no fiscal impact to the Department's budget from the acceptance of this donation.

CONCLUSION

The Los Angeles Fire Department benefits tremendously from gracious donations and support provided directly to its fire stations by the Los Angeles Fire Department Foundation. The Los Angeles Fire Department acknowledges and thanks the LAFDF for this donation.

Board report prepared by Peter Sanders, Public Information Director, Community Liaison Office.
