Recommendations: That the Board:

1. Accept this donation on behalf of the Los Angeles Fire Department.

Summary.

Periodically a member of the public, or an organization, will make a donation to the Los Angeles Fire Department in support of the programs and activities it performs. Many of these donations are "in-kind", meaning something is physically donated, i.e. exercise bike, tv chair, television, etc.

We are asking the Board to accept the following "in-kind" donation on behalf of the Fire Department:

1. Mr. Jerry Arnold, owner of Jojo's Fitness Studio, is a local businessman who has changed out all of the fitness equipment in his studio and has generously offered to donate the old equipment to the LAFD for placement in fire stations that are not so equipped. All of the equipment is in good working order and includes recumbent bicycles, treadmills, weight machines and other equipment totaling 22 pieces (please see attached list). Although we do not have an actual value for this donation, it is estimated to be under the \$5,000 threshold so it does not require City Council approval.

The Department will carefully evaluate the Department's needs prior to placing this equipment.

Conclusion:

We are very appreciative of Mr. Arnold's generous donation. With the current economic climate, budget cuts usually impact heavily on this type of equipment. Mr. Arnold's donation allows us to continue to improve the wellness rooms in stations throughout the City.
