Recommendations: That the Board:

1. Accept an in-kind donation consisting of a battery operated Holmatro Tool, donated by several anonymous community organizations for use by Fire Station 77, valued at approximately \$9,900.
2. Instruct the Commission Executive Assistant II to forward this report for necessary action to the Mayor's Office in accordance with Executive Directive No. 3 and the City Council in accordance with the Los Angeles Administrative Code Article 12.

Summary.

Fire Station 77 has wanted a battery operated Holmatro tool for some time. When community organizations in our district became aware of this, they pooled together their funds and bought the Holmatro tool, which they would now like to donate to Fire Station 77. These organizations wish to remain anonymous at this time.

Fiscal Impact:

This tool is a standard Department-issued item carried on the Engine and will not create additional costs to the Department in maintaining this equipment.

Conclusion:

The members of Fire Station 77 are very grateful to all of the community organizations who supported this effort and would like to express their appreciation to them for their very generous donation and continued support.
