Type of funding request (name of program or equipment):

Search and Rescue dog equipment (FEMA Team CA-TF1)

Provide a brief description and the need for the program/equipment/service (use attachment if needed):

- (1) Large indoor kennel – Request a larger kennel while she is indoors at the fire station
- (1) Out door run – Request an outdoor run so she can be outdoors during the daytime
- (1) Leather leash – Request a lightweight leather leash for use at the fire station

Is there a fiscal impact to approving this request? (Maintenance costs, monthly service cost, extra equipment or services etc.). Please describe:

- One time financial impact only at the time of payment of items. Any and all service costs will be handled by myself if the need arises

Has this program/equipment/service previously been requested through the city budget?

- No services or equipment has been set aside for this program

If yes, list the most recent date of submission and the result: N/A

If no, explain the reason why it was not submitted: N/A

What objectives will be accomplished if the funding is granted?

- My dog will be much more easily handled and comfortable while at the fire station. She is still a relatively new dog, only having spent one segment in the fire station. At home, she is outdoors, walked and trained on a daily basis. With an outdoor run and a larger indoor kennel, she will have an easier time acclimating to her new and constantly changing environments
