

# LOS ANGELES FIRE DEPARTMENT

JAMES G. FEATHERSTONE  
INTERIM FIRE CHIEF

March 4, 2014

BOARD OF FIRE COMMISSIONERS  
FILE NO. 14-025

TO: Board of Fire Commissioners

FROM: James G. Featherstone, Interim Fire Chief

SUBJECT: AUTOMATIC VEHICLE LOCATION – PROJECT UPDATE

FINAL ACTION:	<input type="checkbox"/> Approved	<input type="checkbox"/> Approved w/Corrections	<input type="checkbox"/> Withdrawn
	<input type="checkbox"/> Denied	<input type="checkbox"/> Received & Filed	<input type="checkbox"/> Other

## SUMMARY

As directed by the Board of Fire Commissioners, the Department is providing an update for the Automated Vehicle Location (AVL) project that is currently under way at Metro Fire Communications (MFC). Provided for the Fire Commission is a project map that outlines and the status of all six phases of the project. As an adjunct, a brief summary is also provided that explains what each level of completion indicates relative to the overall project.

## RECOMMENDATION

That the Board:  
Receive and file.

## FISCAL IMPACT

The total budget for the AVL project is \$2,348,283. The budget covers computer hardware and software, training, installations and integration services. Expenditures to date total \$919,088 leaving a balance of \$1,429,195.

## CONCLUSION

As previously stated, the Department is working closely with the AVL vendor to meet all required deadlines. It is anticipated that the project will be completed by the March 2015 deadline.

Board Report prepared by Assistant Chief Trevor Richmond and Captain Xenophon A. Gikas Jr., Metro Fire Communications.

## **AUTOMATIC VEHICLE LOCATION (AVL) PROJECT MAP**

### **PROJECT I – EMERGENCY VEHICLE GPS LOCATION REPORTING - INSTALLATION**

499 GPS units installed. 94 units remain to be installed. GPS control software complete. Control group installed in Battalion 1. Vehicles are presently reporting their locations automatically to the dispatch center over the LAFD data radio network.

### **PROJECT II – DISPATCH FLOOR MAP REPLACEMENT**

The workflow assessment is complete. The application design is complete. The fail over design is complete. Network architecture is complete. 75% of software development is complete. The servers have been delivered and installed. Operating system is being loaded on to the servers and awaiting software download from Adashi.

### **PROJECT III – MOBILE FIELD MAPPING**

90% of the design is complete. 75% of the development is complete. We have a working prototype in the test environment. Successfully send dispatches to the mobile map.

### **PROJECT IV – INCIDENT LOCATION QUICK FIND**

Project to begin March 2014. However, combined some work effort under Project II including workflow assessment and design.

### **PROJECT V– GIS BASED ADDRESS VALIDATION**

Project to begin July 2014

### **PROJECT VI – AVL BASED EMERGENCY VEHICLE DISPATCHING**

Project to begin July 2014

## AUTOMATIC VEHICLE LOCATION (AVL) PROJECT MAP

PROJECT I – EMERGENCY VEHICLE GPS LOCATION REPORTING - INSTALLATION

Goal - February 28, 2014

100 %

84 % COMPLETE

A horizontal progress bar for Project I. The bar is dark gray and is filled with a lighter gray to represent 84% completion. The text "84 % COMPLETE" is centered within the filled portion.

PROJECT II – DISPATCH FLOOR MAP REPLACEMENT

Goal - March 31, 2014

100 %

60 % COMPLETE

A horizontal progress bar for Project II. The bar is dark gray and is filled with a lighter gray to represent 60% completion. The text "60 % COMPLETE" is centered within the filled portion.

PROJECT III – MOBILE FIELD MAPPING

Goal - June 27, 2014

100 %

10 % COMPLETE

A horizontal progress bar for Project III. The bar is dark gray and is filled with a lighter gray to represent 10% completion. The text "10 % COMPLETE" is centered within the filled portion.

PROJECT IV – INCIDENT LOCATION QUICK FIND

Goal - July 31, 2014

100 %

10 % COMPLETE

A horizontal progress bar for Project IV. The bar is dark gray and is filled with a lighter gray to represent 10% completion. The text "10 % COMPLETE" is centered within the filled portion.

PROJECT V – GIS BASED ADDRESS VALIDATION

Goal - July 1, 2014 to March 31, 2015

100 %

PROJECT VI – AVL BASED EMERGENCY VEHICLE DISPATCHING

Goal - July 1, 2014 to March 31, 2015
